

Mount Olive Middle School Parent and Family Engagement Policy

2019-2020

Mount Olive Middle School adheres to the philosophy that parental engagement is essential in the total teaching and learning process of children. An Annual Title I public meeting was held August 21, 2019 to discuss our school wide project, federal regulations, and requirements as it relates to our Title I program and parents' rights to be involved. School-Parent Compact Agreements will be sent home in October that outlines how parents, school staff, and students will share the responsibility for improved students' achievement
