

Dear Community,

On behalf of the Oregon City Schools' Board of Education and administration, we want to thank everyone who participated in this survey. We had a total of 969 individuals take the survey which is a very good sampling of our community. The results have provided OCS leaders with information to assist in the long range-strategic planning process and communication efforts moving forward. This survey was the first of its kind in OCS and we intend to continue reaching out annually. If you have any questions regarding this survey or the results feel free to reach out to Superintendent Hal Gregory at hgregory@oregoncs.org or 419-698-6026. Thank you.
