As inclement weather approaches, please make plans to prepare for weather emergencies and school closings. It is always good to have multiple backup plans for your children on these days. When school is closed, you will receive notice through the One Call Now system. Notices will also be posted on the following television channels and websites: WFMJ (21), WYTV (33), and WYFX (62).

October was Fire Safety Awareness Month. The Mespo Volunteer Fire

Department visited the school to present fire safety strategies to our students and to show them all the fire equipment and vehicles used to keep our community safe. They focused on telling our students: Look, Listen, Learn- to be aware that a fire can happen anywhere. They focused on having a fire escape plan at your home and to have smoke detectors in your home and to test them monthly.
