

# SYLVANIA STEM CENTER AND THE NEXT SWEET THING

## SUGAR COOKIES & STEM

WHAT HAPPENS WHEN YOU COMBINE STEM TEACHERS, A GROUP OF GIRLS & A BAKER? WE FIRE UP THE 3D PRINTERS! HAVE YOU EVER THOUGHT OF DESIGNING YOUR OWN COOKIE CUTTER? WE ARE EXCITED TO HELP!

This workshop will allow you to design, draw, and print your cookie cutter on our 3D printers on day one. The next day, we'll head to a local bakery to use your designs to make the cookies. Then, you'll take home your freshly made cookies along with your 3D-printed cookie cutter. All in the name of STEM. How sweet is that?

For girls grades 6-12

Class Limit: 20

Design Day: Saturday, December 15th, 9-12 @ SSC

Cookie Day: Sunday, December 16th 2-3 @ Next Sweet Thing

Cost: Free . Must RSVP to Tom Burnworth, [tom@sylvaniastem.org](mailto:tom@sylvaniastem.org)

SYLVANIA STEM CENTER
