ODVS VETERAN PEER RECOVERY SUPPORTER

Peer support is the act of people who have similar experiences with mental illnesses and/or substance abuse diagnosis giving each other encouragement, hope, assistance, guidance and understanding that aids in recovery. The OhioMHAS Peer Recovery Supporter (PRS) training is a 40-hour online training that takes place for 10 days, for 4 hours each day.

S.A.V.E TRAINING

The VA S.A.V.E. training is a one-hour gatekeeper training program. VA S.A.V.E. training highlights facts about suicide within the Veteran population, dispels suicide myths, and outlines the four step model for identifying veterans who may be at risk for suicide and assisting them in getting to the care they need.
