Interested in Joining the AOT Steering Committee?

If you are interested in becoming a member of the AOT Steering Committee, please reach out to the ADAMHS Board ph: (419) 627-1908 for more information.

The Steering Committee is responsible for:

- **Strategic Guidance:** Providing overall direction and strategic guidance to ensure the program aligns with its goals and objectives.
- **Oversight and Accountability:** Monitoring the program's progress, ensuring accountability, and addressing any issues or challenges that arise.
- **Stakeholder Engagement:** Facilitating communication and collaboration among various stakeholders, including mental health service providers, community organizations, and government agencies.
- **Resource Allocation:** Making decisions about the allocation of resources, including funding and personnel, to support the program's activities.
- **Policy Development:** Assisting in the development and review of policies and procedures to ensure they are effective and compliant with relevant regulations.
- **Evaluation and Reporting:** Overseeing the evaluation of the program's outcomes and ensuring that regular reports are prepared and submitted to relevant authorities.
