History of Franklin B. Walter Scholarship

The Franklin B. Walter All-Scholastic Award Program was established by the Ohio Educational Service Center Association (OESCA) to promote and recognize outstanding academic achievement. One senior from each county in Ohio receives this honor. The award is named in honor of Franklin B. Walter, who served as State Superintendent of Education for Ohio from March 1977 until August 1991. Throughout his career, Dr. Walter exemplified concern for young people and dedicated his life to the improvement of education in Ohio.

The Northwest Ohio ESC, serving Defiance, Fulton, Henry and Williams Counties, supports the Franklin B. Walter All-Scholastic Award Program. However, we have expanded the recognition to include locally awarded scholarships. One outstanding senior from each district receives a scholarship award of \$200; while overall county winners receive a scholarship award of \$500, in addition to an exclusive invitation to the statewide awards luncheon held in Columbus, OH.

Along with student achievement, our local recognition also promotes teacher excellence, including the honoring of special education providers across NW Ohio for the work done on behalf of students with disabilities. Each student scholarship winner is asked to submit a tribute to the teacher who has positively influenced their success in school.
