# Parent Survey

# Dover City Schools

*This is NOT a scientific survey. It was collected via a local Google Forms document and this is a summary of each family's response for their first child submitted.*

May 2020

---

---

*Governor DeWine and state education officials have mentioned several possibilities for schools in Ohio next year, including continued remote learning (what we are currently doing) or a mix of remote and in-person learning. As we will return to school in compliance with state and local regulations, these are all simply POSSIBLE scenarios to prepare for.*

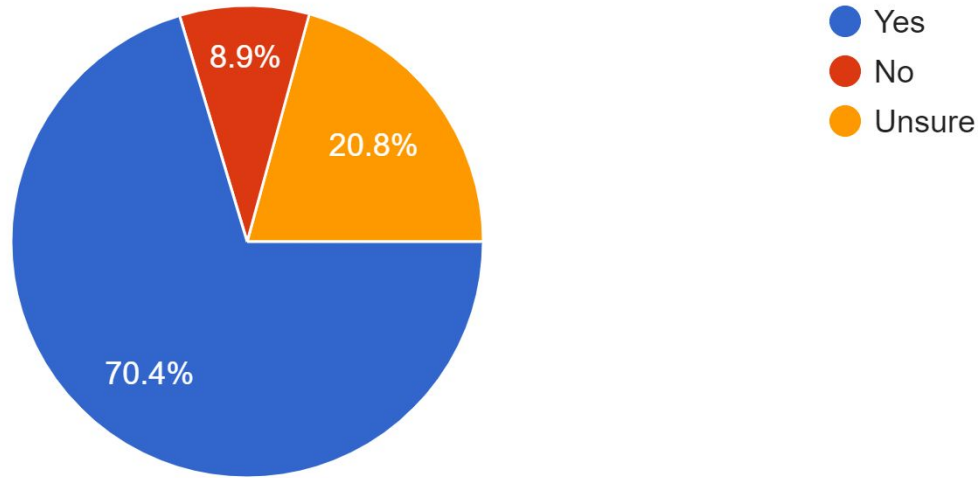

*Please know that we, at Dover Schools, look forward to the day we return to a traditional format like we were before the pandemic. We are planning for that, too, and will be ready when we are given the go-ahead for "business as usual." We want nothing more! However, we need to plan for all options, so we are ready to best serve your children in August and into next school year. Your feedback will help us greatly as we plan ahead.*

*We know that new information is being introduced daily, so please answer the following questions to the best of your ability with the information you have today, based on your current family situation. You are certainly not committing to anything at this time -- we will just use this information to help guide our planning for the future.*

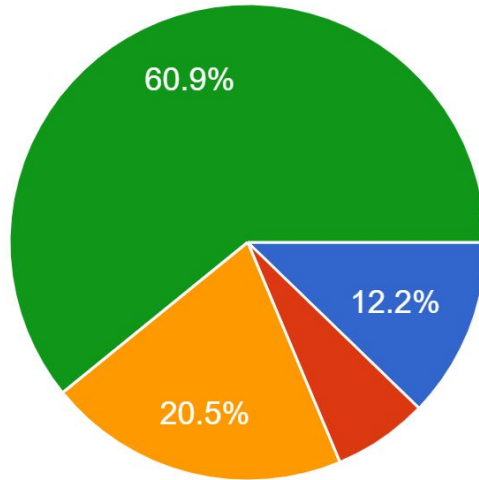

**INTRODUCTION to Survey Sent to All DCS Parents -- May 2020**

---

Assuming there are not changes in the current health situation and Dover Schools' buildings re-open following state safety protocols that could include partial or alternating days to ensure social distancing or heightened safety requirements and restrictions, will your child attend school in the building? (1,320 responses)

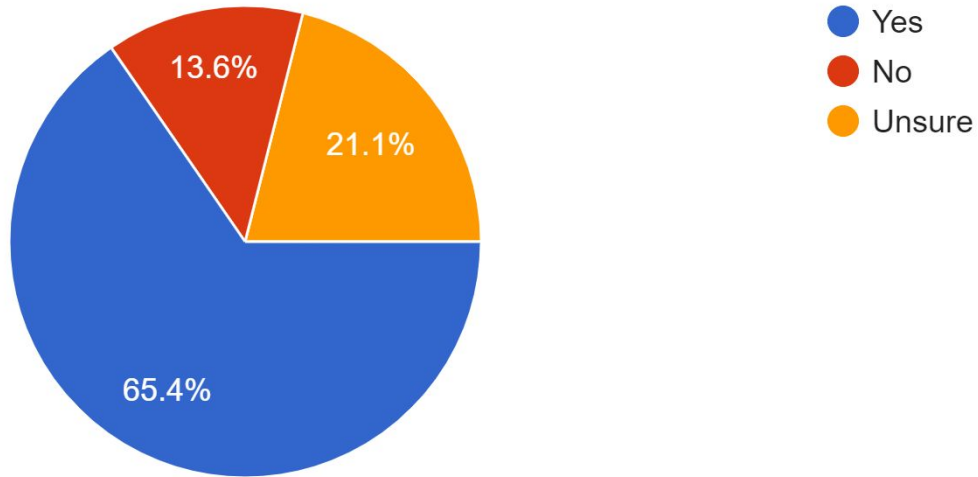

If you answered no to the above question, are you interested in a 100% online option sponsored by Dover City Schools for the 2020-2021 school year? (1,119 responses)

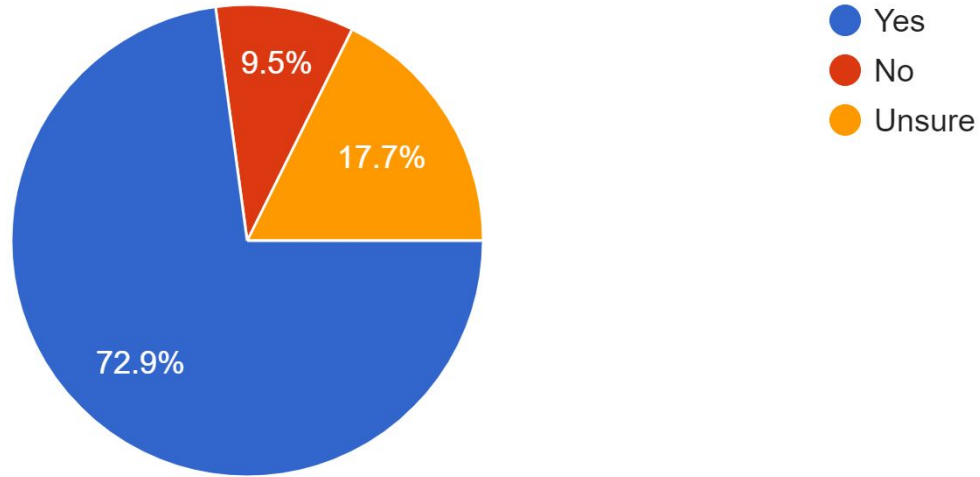

- Yes
- No
- Maybe; depending on what the school's daily schedule looks like
- N/A: I answered YES: My child will be attending school in any format provided by Dover Schools next school year

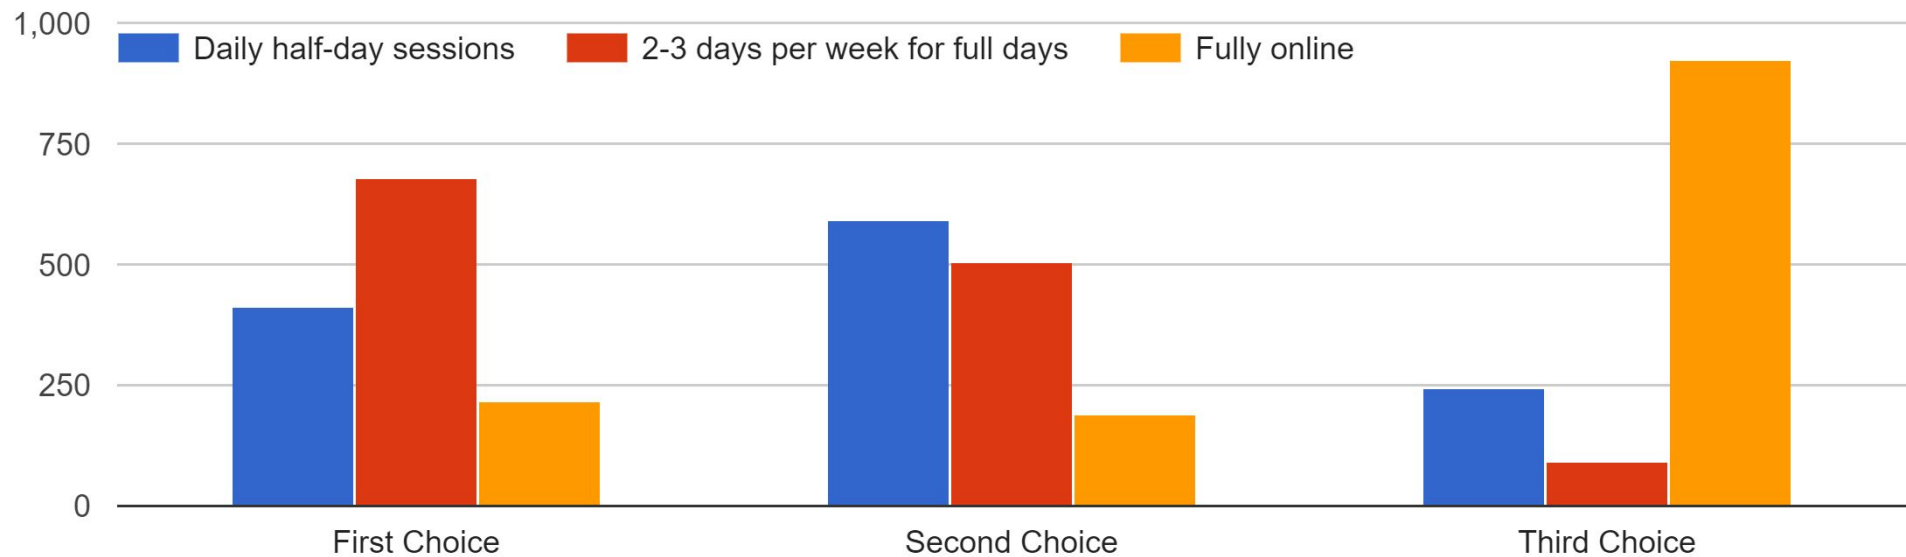

If necessary to offer school on a half-day basis (either morning or afternoon) in order to maintain required social distancing, would you send your child to school half-day? (1,320 responses)

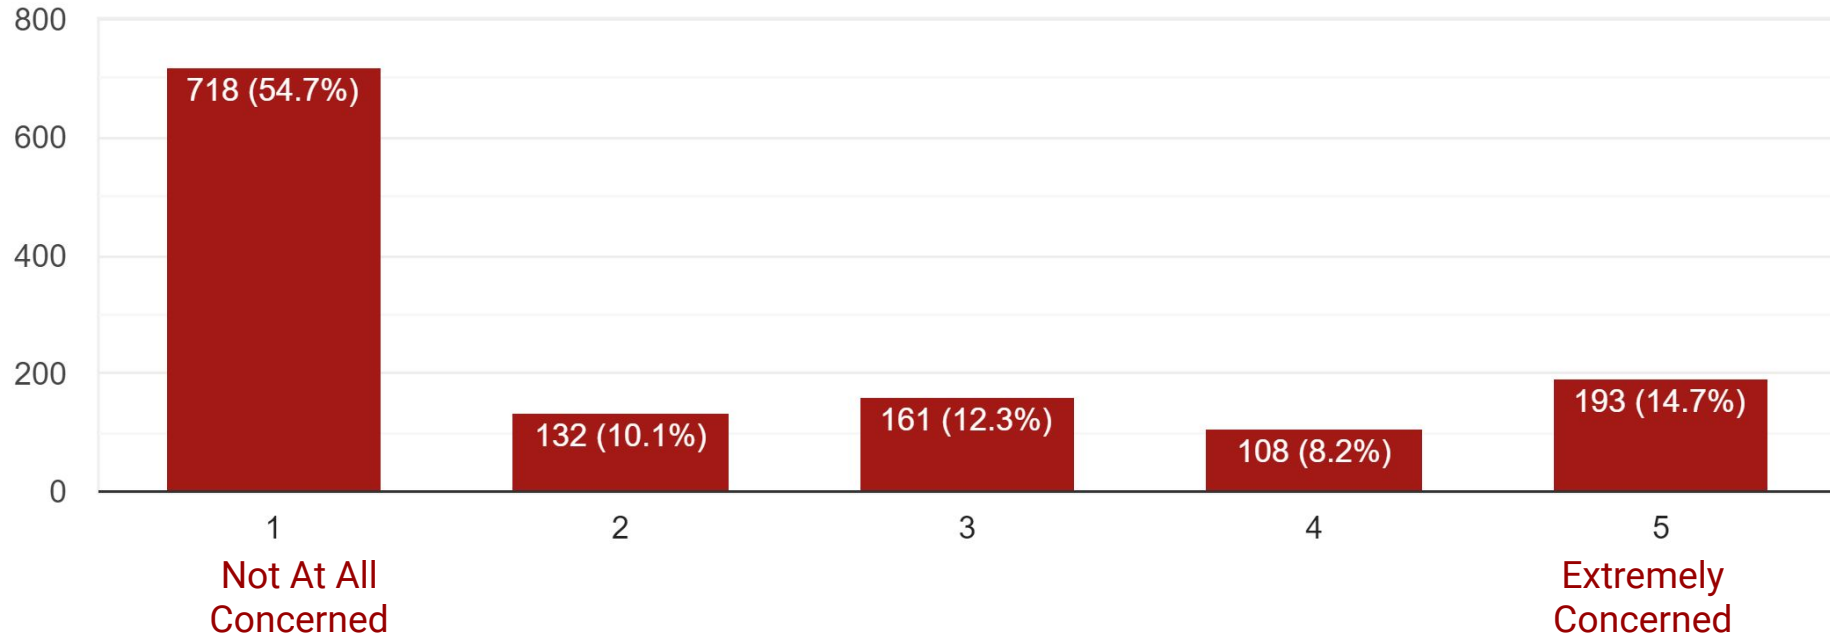

If necessary to offer school only certain days of the week (for example: Mon/Tues or Weds/Thurs) in order to maintain required social distancing, would you send your child to school on these days?  
(1,319 responses)

Our hope is that we are able to open under the normal operating conditions, being in session all day, five days a week. If that is not possible for Fall 2020, please rank order your preference of the following potential scenarios for your child.

As you consider next school year, how concerned are you about securing child care for this child if school is not in face-to-face session full-time? (1,312 responses)

For current bus riders only: If school transportation routes are modified or reduced due to social distancing requirements, will you be able to transport this child to and from school? (938 responses)
