**Notice of Confirmed Case of COVID-19 at Little Wound School
and Testing Requirements for Girl's Basketball Team**

Dear Little Wound School Community,

Little Wound School considers the health and well-being of our students and staff a priority. With that in mind, we are publishing this letter for your awareness. We have been alerted that an individual at Little Wound School has tested positive for COVID-19. We are following tribal and federal recommendations to ensure that this individual follows instructions for isolation and remains away from others until they can safely return to the school setting.

Any person who has been identified as a close contact of the individual who tested positive for COVID-19 has or will be notified of their close contact status. If you do not receive a specific notification, you are not a close contact of this individual.

The individual who tested positive is associated with the girl's basketball team. Vaccinated members of this team will be required to provide proof of a negative COVID-19 test before resuming in-person practice on Monday, January 24, 2022. (The test to return to practice cannot have been conducted earlier than Monday, January 24, 2022.) To support this requirement for participation, Little Wound School will offer on-campus COVID-19 testing to girl's basketball team members on Monday January 24, 2022, from 7:30am–9:00am. The scheduled January 22, 2022 Girls Varsity Basketball game scheduled vs. Cheyenne Eagle Butte will be rescheduled.

We will continue to provide regular updates as needed and will provide prompt notification of any COVID-19 or other health-related concerns that require your attention. We encourage you to contact us with questions and concerns. For information related to COVID-19, please contact Lindsee Harris at 605-455-6213, by email at lindseeharris@littlewound.us, or visit our website and Facebook page.

Sincerely,

DocuSigned by:
