

PUMPKIN AUCTION UPDATE

On Wednesday, October 16, BCI hosted the 7th Annual Great Pumpkin Auction for charity, and it was a fantastic evening for both our school and the community. The event showcased the incredible support we receive from our community for important causes, helping us raise an impressive \$11,710 this year. The funds will go toward granting wishes for children in the Dayton area through A Special Wish ~ Dayton. We at BCI are truly grateful to our parents and community for their continued support of this wonderful cause!

SPECIAL THANKS

FUN RUN

On October 11th, Bell Creek Intermediate hosted a highly successful Fun Run, raising funds for student activities and PBIS initiatives. The event was filled with energy and excitement, as students, staff, and the community came together to support the school. Through sponsorships and donations, the Fun Run exceeded its goals, ensuring enhanced student engagement activities and support for the Positive Behavioral Interventions and Supports (PBIS) program. The funds raised will directly benefit students, fostering a positive school climate and reinforcing Bell Creek's commitment to both academic and behavioral excellence.

FOCUS 3: 20 SQUARE FEET

At Bell Creek Intermediate, we are committed to creating a positive, growth-focused learning environment. This month, we are introducing a concept from the Focus 3 framework called "Controlling Your 20 Square Feet," and it will be a key focus for our students.

This approach teaches students to take ownership of their actions, decisions, and attitudes in the space directly around them—their "20 square feet." By learning to control their own thoughts and behaviors within this personal space, students can better navigate challenges, show respect and empathy toward others, and contribute positively to our school culture.

Throughout the month, we will reinforce this idea with activities and discussions to help students understand the power of personal responsibility and self-regulation. We encourage you to talk with your child about how they can take charge of their "20 square feet" at school, at home, and in their community.

UPCOMING EVENTS
