

SOAR TOGETHER

March 31-April 11

From the PrincipALS

A friendly reminder that this communication is now twice a month. Here's the schedule for second semester: **April 14, 28** **May 5, 12**

Academics

- This week and next, we will conduct the MAP test (Measures of Academic Progress) on the Chromebook for each child so we can review their growth in Reading & Math.
- Your child's teacher will give the test so he/she is more comfortable.
- We will share the printed results with you once we are done. It typically takes 2-3 weeks to complete the whole student population.
- Your child will review his/her [MAP Goal setting](#) before taking this Spring benchmark test.
