

February 5, 2021

Dear Parents:

On Friday, February 5, 2021, Ottoville Local Schools used the 5<sup>th</sup> cancellation day due to inclement weather. In the event we need to cancel more school days due to weather, we will utilize remote learning. In past years, we would start making school days up around Spring break and then add them to the end of the school year. By using virtual learning, students finish the school year as scheduled on the original school calendar.

We feel we can take advantage of our technology and learn from home virtually pending any further cancellations. Since the start of the pandemic, students have had the opportunities to learn online, mostly through Schoology. Students can continue learning by using this platform. All classrooms will operate a little differently, some using packets, some totally on-line, and some will use a combination of both.

Moving forward, the next school day that is cancelled, students will be instructed to login online or follow other directions given to them by their teacher.

Please do not hesitate to contact either Mr. Thorbahn or myself if you have any questions or concerns.

Educationally yours,

Scott Mangas, Superintendent  
Elementary Principal
