## Article Features SFTSD as Leader in Student-Centered Innovation

The [Grable Foundation](#) recently relayed an inspiring story about SFTSD that they will be publishing this summer on [kidsburgh.org](#), but have allowed us to share as we'd like.

The story discusses the many partnerships that our district utilizes to benefit our students and how these relationships represent the future of learning. An excerpt from the article: "These partnerships, officials say, are key to offering innovative, diverse, high-quality learning opportunities for every student. In fact, part of [Dr. Matthew] Callison's job is to take teachers to the tech companies, laboratories, and cutting-edge industries that employers value most – and together, they dream up new and creative ways to equip their learners for success."

## Junior Shares Special Project on Morning Radio Show

The month of May is designated Mental Health Awareness Month and today, junior **Riley Boyd**, along with her friend, Alexis, from Bishop Canevin High School, was featured on Star 100.7 FM's Bubba Show as she spoke about The Seen Projectt.

Launched in March 2024, The Seen Projectt is a platform created to help end the stigma associated with mental health and invisible illnesses. It can be found on Instagram and Tik-Tok, and the young women have also started a podcast on Spotify.
