

South Fayette Township School District

3680 Old Oakdale Road · McDonald, PA 15057-2580

October 2025 Campus Construction Update

The following is our monthly update for our current and upcoming facility projects. Be sure to check out the [District's website](#) if you are interested in more detailed progress.

Intermediate School Additions and Alterations

All aspects of this project are on schedule with anticipated completion and occupation of two phases (1. addition of three corner classrooms, 2. orchestra room conversion) in January 2026. The third phase, a three-story wing addition on the side of the building closest to Old Oakdale Road, is progressing toward its scheduled completion date for the start of the 2026-27 school year.

Elementary School

Overview of Project: Plans are underway for the design of the new K-2 Elementary School. The architects have been meeting with administrators, educators, and school personnel to finalize the design of the building. We tentatively expect to go out to bid on or around January 2026. Once bids are awarded, the construction project will last approximately 30 months. The project includes an additional turf field and tennis courts.

Bus Depot/Maintenance Building

Plans are also underway for moving the bus depot/maintenance facility across from the campus at the former Dimun Property. The project is currently out for bid, and we expect to award bids in November.

Thank you for your patience as we continue to upgrade our facilities.

With Lion Pride,
Dr. Michelle Miller
Superintendent
