Dear MECLC families,

The Governor has announced that all childcare centers may open on 5/31/2020. MECLC is currently in the process of creating a plan with all of the new restrictions that were recently given to us by the state. The development of this plan is critical for the safety of both your child(ren) and the staff at MECLC. Currently we do not have a reopening date for MECLC due to obtaining and implementing all of the new restriction requirements. We are working diligently to have the plan to reopen the center soon, and we will make this announcement on the Madison School District website (www.mlsd.net) once we know this date. Please continue to check the website for updates.

We look forward to seeing you all again very soon!

Sincerely,

Mrs. Repp
