11/20/2020 2:04 PM

Due to the rising cases of COVID-19 in the buildings and the need to keep our school community safe, according to our restart plan, we will be transitioning to remote learning beginning after Thanksgiving break. The Transportation Department has teamed up with the Food Service Department to deliver **DAILY meals to our students who have been coming to the buildings by using the elementary bus routes beginning Monday, November 30th.**

SOUTH ELEMENTARY AREA:

- Buses will distribute meals on a 3 hour delay.
- Ex: if the elementary student pick-up time at the stop is normally 8:15am, then the bus will be at that stop to distribute meals at approximately 11:15am.
- While the meal distributions will take place at the elementary stops, the meals are available to that area's elementary, middle, and high school students.

MIFFLIN & EASTVIEW AREAS:

- Buses will distribute meals on a 5 hour delay.
- Ex: if the elementary student pick-up time at the stop is normally 8:15am, then the bus will be at that stop to distribute meals at approximately 1:15pm.
- While the meal distributions will take place at the elementary stops, the meals are available to that area's elementary, middle, and high school students.

The elementary routes were chosen because the buses go further into neighborhoods and share nearly every stop that the high school and middle schoolers have. If you have any questions about a stop, or you are a rural high school or middle school student needing a stop, please call the bus garage (419-589-3473) after 7:30am.

STUDENTS WHO DO NOT RIDE A BUS

- Any student whose parents bring them to school and do NOT have a bus stop will have daily meal pickup times at your school from 11:00am - 12:00pm. If you would like to participate, the Google form must be filled out and submitted by 4pm, Friday, November 27th.
- Google Form Link: <https://forms.gle/zG8thZneuYwxeh5BA>

MADISON ONLINE ACADEMY WEEKLY MEAL BOX SIGN-UP REMAINS THE SAME.
