

June 4, 2019

The Meals Plus online Free & Reduced meal application system (www.lunchapplication.com) meets the North Carolina data collection requirements for the 2019-2020 school year. All data fields specified on the paper application are collected by the online site. Additionally, the non-discrimination statement and the certification statement can be modified by each school district individually to comply with USDA and state requirements.

Sincerely,

The Meals Plus Team
