2. **Sign in electronically using the following link:**

<https://airtable.com/shr62D02Dfmkrr0Df>

Completing the sign in form will allow us to follow up with any general information as well as answer / address any specific questions you may have.

# Goals for tonight

Overview of the CCP process for Bexley High School students

Program benefits / risks based on student participation during previous academic years

Review the resources, action items and next steps for students interested in applying

# How does CCP work at Bexley High School?

Just learned about the program

Let's discuss the process and realities for the Bexley High School student

Please reference the *College Credit Plus Information & Planning Guide*

# What will my academic day look like?

Some of the more frequent examples:

Online ENGL-1100 (assigned to the BHS library for an academic period)

Part-time BHS & Part-time CCP (front/back load courses)

Full-time CCP (off BHS campus all day)

\*Keep in mind, fall and spring semesters will be different (course times, course availability, etc)

# Please consider the following...

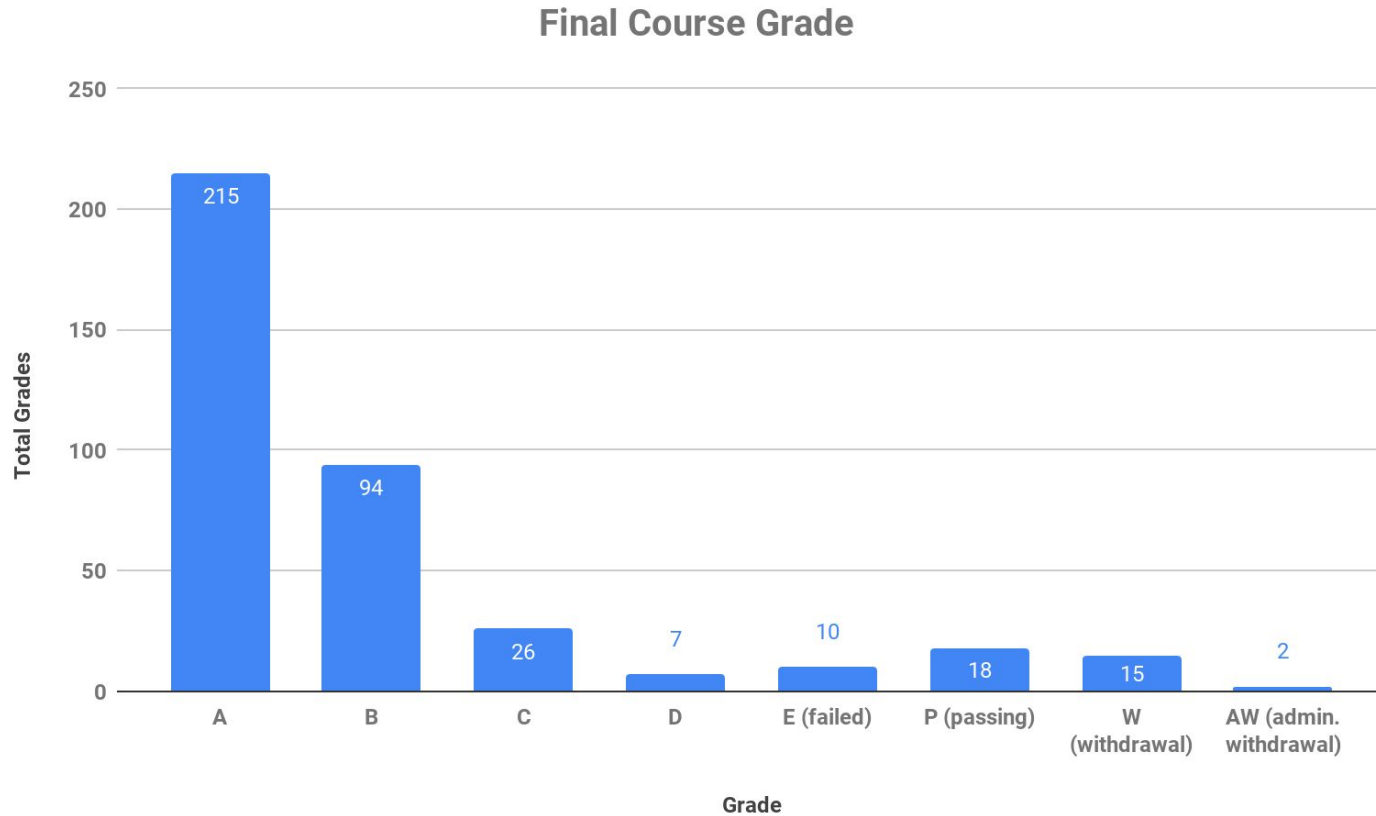

## Benefits

- Access to coursework above and beyond what is available at BHS
- Tuition covered by the school district
- Customize your schedule based on the course work available at BHS and the CCP program
- Support a gradual transition from the high school to college setting

## Risks

- Not realistic about the independence required to be successful
- Not realistic about the expectations of a college-level course: content (adult-level discussions, expectations (group work on campus),
- Responsible for reimbursing the district if the student fails a course

# Final Grades

Course Sample of  
387 CCP classes

84% Passing Grade  
(A, B or P)

7% C

2% D

6% Failed / Withdrew

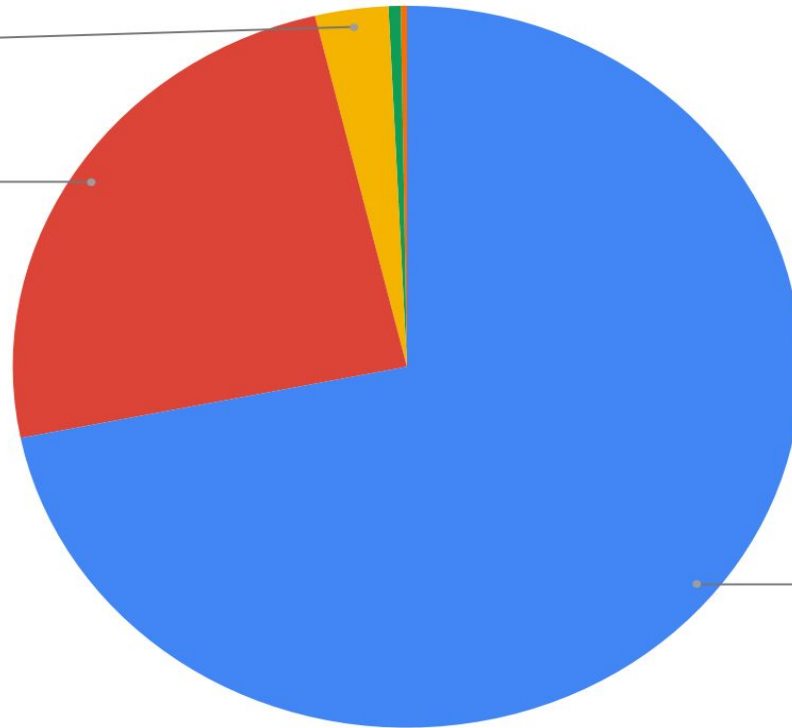

## Where do BHS Students Participate?

**Ohio University Lancaster**

3.0%

**The Ohio State University**

24.4%

**Columbus State Community College**

71.8%

# Closing remarks

Understand the program requirements and expectations

Do what is best for your learning experience

With rewards comes risk
