

What is WorkKeys?

"Not only does the ACT credential grab attention from employers, but it also helped me prepare for aptitude tests, which were key to landing my current job." - Riley W.

WorkKeys Assessments are Relevant

Developed to solve actual workplace problems. Unlike other assessments, they don't simply give an indication of reading and writing competency. Instead, they measure a range of hard and soft skills relevant to any occupation, at any level, and across industries.

WorkKeys Assessments are Recognized

Successful completion of WorkKeys core assessments can lead to earning an ACT WorkKeys® National Career Readiness Certificate™ (ACT WorkKeys NCRC®)—a credential that verifies the skills found to be most essential across industries and occupations.

Three, 55 Minute, Web-Based Assessments that Measure Career-Relevant Skills for Workplace Success
