

Submitting Assignments in SchoolsPLP on an iPad or iPhone

Navigation tools at the bottom of Safari in iPad or iPhone block the submission box or other buttons at the bottom of the SchoolsPLP screen. To be able to view the buttons needed to submit an assignment, quiz, or test, do the following:

- Tap "aA" in the URL bar at the top of Safari.

- Select "Hide Toolbar" to hide the toolbar at the bottom and make the submission box visible.

- After submitting work, tap in the URL bar at the top of Safari, and the toolbar will come back.
