Steel Center for CTE Families and Students:

The purpose of this letter is to make you aware of schedule changes at Steel Center for Career and Technical Education (CTE) that will impact all participating students beginning **Monday, February 1, 2021**. The administration of Steel Center for CTE has informed the Brentwood Borough School District that they are prepared to offer instruction to all students enrolled in their programs four days a week. This is an excellent opportunity for students.

Any family and CTE student who wishes to participate in in-person instruction may do so beginning Monday, February 1st. We will provide transportation from Brentwood High School's main lot on Mondays, Tuesdays, Thursdays, and Fridays. Two busses will be provided as has been done all school year. Students **MUST** wear a mask and socially distance as much as possible. No more than two students, masked, are permitted in a seat. Students will follow their regular schedule at Steel Center for CTE and then return to Brentwood High School.

In-person students attending Brentwood High School will follow their schedule of academic programs at their home school on their assigned days and times, as determined by the home school.

Remote students who attend both Steel Center for CTE and Brentwood High School in the online format may continue to do so for both schools using Canvas.

Brentwood High School is very pleased to be able to offer this option to our Steel Center for CTE students. We are very appreciative of the partnership with Steel Center for CTE and the ability to offer exceptional programs for students.

Should you have any questions or concerns, please feel free to contact me via email at jason.olexa@bb-sd.com, or by phone at (412) 881-4940 X 2118.

Sincerely,

Jason T. Olexa, Ed.D.
Principal
