

McComb Local School 328 South Todd Street-McComb, OH 45858

July 24, 2020

McComb School Reopening Update:

Our team consisting of: counselors, teachers, administrators, food service and maintenance/transportation personnel continue working on finalizing McComb School's return. Bi-weekly collaborative meetings are also taking place with the Hancock County Health Department and other local schools. **Please know plans continually change and develop based on local health department guidelines and information from the Governor.**

We hope to communicate updated information in early August. Plans continue for in-person (brick and mortar) learning five days per week, in-person (brick and mortar) learning on a hybrid schedule, and teaching via remotely should students not be in the building. Please know should teaching occur via remotely, it will not look at all like it did last spring. There will be much more accountability, rigor, and will also be more consistent.

Students will also have a remote only learning option as well. The remote only option will be through Virtual Classroom, a program McComb School currently uses. All courses meet state requirements and will be supported with McComb School staff.

A survey will be provided to families shortly to sign up for either the in-person (brick and mortar) or remote learning option. As always, information will continue to be shared through Ohio Alerts and the school website.

If you ever have any questions or concerns feel free to contact me either via email at fenstermakert@mccombschool.org or by phone 419-293-3979. Your patience is appreciated as we continue to move forward.

Yours in Education,

Tony Fenstermaker
