# Ram Nation News

## Greetings from the Superintendent...Robert S. Peterson

Madison Ram Community,

I hope that this letter finds you and your family well as we continue to grind through these uncharted waters of the pandemic. It is our hope that through our newsletters that we can provide you with valuable information regarding the exciting things that are going on across the district along with other pertinent dates and upcoming events.

I would like to begin with a huge **THANK YOU** to all of you in the Ram Community who have worked closely together to initiate a great start to the 2020-21 school year. Students and parents, your patience, flexibility, understanding, and support has been tremendous. Students have adapted quickly to the protocols that were put into place as a result of the orders, mandates, and recommendations that have been issued over the past seven months. Since day one of the development of our re-opening plan, it has been our intent to maintain a safe and healthy environment so that we could continue with face-to-face learning for as long a period as possible, preferably through the entire school year. We know that there have been and will continue to be many sacrifices along the way, but our decisions continue to be made with the health and safety of our students, staff, and community in mind along with the longevity of face-to-face instruction and the continuance of extracurricular activities.

I also cannot say enough about the efforts and flexibility of our teachers, staff, coaches, and administration to develop and implement the multitude of new procedures to safely navigate the first two months of the school year. They have been focused on providing quality instruction safely in as close to a normal learning environment as possible, which has been a significant challenge. However, our staff and administration have welcomed the challenge and have done a tremendous job not only educating our students, but caring for their social-emotional needs as well. **THANK YOU** teachers, staff, and administration for your tremendous response and a successful opening to the 2020-21 school year!

While maintaining face-to-face instruction throughout the school year is a priority, we also understand the need for some families to keep their children at home during these uncertain times. The Madison Online Academy (MOA) was created to provide a rigorous academic program for these students, and this opportunity will continue throughout the second semester. All families will be provided with the opportunity to adjust their commitments for the second semester, which begins on Wednesday, January 6<sup>th</sup>. Please see the district website for instructions and deadlines to submit your intent form for the second semester.

While we have experienced a successful reopening, like many of you I long for the day that we can get back to normal, and all of our students can have the school experiences that we have all become accustomed to...face-to-face instruction without all of the restrictions; normal seating in the cafeteria and in the classroom; and the opportunity for students and the community to attend athletic and other extracurricular events among many other things. As we wait for a return to normalcy, let's continue to work together as Rams to maintain what we have and keep ourselves and those around us safe and healthy. Thank you again, Madison Community, for all of your support for the students of the Madison Local School District. Go Rams!

## Homecoming 2020

We would like to congratulate the following students for being a part of the 2020 Homecoming festivities.

### Homecoming Royalty

Arnalld Anderson  
Carter Borden  
Chesney Davis  
Paige Eldridge  
Ethan King  
Ian McGregor  
Macy Mobley  
Paige Mowry  
Luke Pruitt  
Trinity Tucker

### Homecoming Court

Kami Baker  
Nate Barrett  
Taylor Bender  
Brooklyn Blust  
Kari Eckenwiler  
Caden Deel  
Taylor Huff  
Vic Mack  
Kaden Mullins  
Trenton Osborne

We would also like to send a special congratulations out to Our Homecoming King, **Nate Barrett** and our Queen, **Brooklyn Blust**!

## Madison Comprehensive High School

Ram Nation,

I just want everyone in the Madison Community to know how much, we here at the high school, appreciate the amazing support we have received throughout our first two months of school. I know things may look a bit different this year, but our students have adjusted well. The high school has been a very positive, upbeat environment. The faculty and staff have adjusted their instructional practices to best fit the needs of our students, while complying with the new protocols that have been put in place to protect the safety of all.

Sean Conway, Principal, Madison Comprehensive High School

### Partnership with Unlimited Potential for Achievement

Madison Comprehensive High School is committed to providing the best possible environment, climate, culture, and experience for all of our students. We also want to take a step forward in diversity training and improving race relations. In order to address these very important issues, we are very proud to announce our partnership with the leadership organization, Unlimited Potential for Achievement. Mrs. Renee Thompson and Dr. Phil Maz-zocco have begun monthly meetings with our Student Leadership Team to address such topics as

*The Influence of Implicit Bias and Values, Conflict and Crucial Conversations, and Leadership and Accountability.* Our students will then discuss new ideas and initiatives directed at taking what they have learned from their monthly sessions and how to bring that to our respective programs, clubs, athletic teams, and student organizations.

### High School Positive Behavior Intervention and Supports

Congratulations to the following students for demonstrating positive behavior and what it takes to represent the RAMS! These students are Respectful, Accountable, Motivated, and Successful! Go Rams!

Hunter Church, Layne Stone, Gavin Cates, Lily Markle, Elijah Risner, Rian Lunsford, Peyton Myers, Michelle Beatty, Nautika Strong, Jace Dravenstott, Addi Yates, Esther Golab, Nathan Gibson, Brooklyn Thomas, Jillian Enlow, Allison Bartley, Nick Rickert, Ashleigh Bechtel, Lynlee Fitzgerald, Nate Phillips, Irelyn O'Connell, Noah Spillman, Kiersten Denney, CJ Steffey, Carter Adkins, Zachary Glasgo, Jarrett Shepherd, Gaven Geil, Paityn Hall, Gaven Remy, Gavyn Rollins, Ahjanae Wallace, Kyerstin Swigart, Carly Johns, Chloe Dillon, Josh Bond, Alisha Hill, Andrew Larsen, Chloe Walker, and Ron Lamb

## Madison Career Tech

The Career- Tech Department has been a cornerstone of the educational options that students are able to take advantage of for decades. As we enter into the 2020-2021 school year, the offerings that we provide are just as important and relevant to our students as they were years ago. With 10 programs that align to in-demand career fields, free college credits, and certificates in industry-recognized credentials and certificates, the students who enter into our

career tech programs are learning skills to set them up for success for years to come. This school year, 73% of the students in the junior class are taking advantage of our career tech offerings! To learn more about the career tech programs and options available at Madison, please visit our website at [www.choosemct.org](http://www.choosemct.org)

## Mifflin Elementary School

Mifflin Elementary is off to a strong start! We are proud to have been named a Purple Star school by the Ohio Department of Education where our students and staff have developed best practices in supporting our military youth and their families. Led by the Purple Star Committee, Mifflin has made various connections within the community; examples include hosting a community project with the 179th Airlift Wing, a Veterans Day musical, and having a building-themed month honoring our servicemen and servicewomen. In the future, we hope to expand its commitment to military stakeholders through hosting a virtual breakfast with military families, creating a "Purple Up Day" during April's Military Appreciation Month, and creating small groups for military youth to connect with one another. In other news, our students have been sorted into one of four houses during our official Sorting Ceremony where colored confetti rained down to tell students their house assignment for the year. They are currently earning points based on positive behavior choices to see which house will earn the first quarterly pizza party. Mr. Stump will even dye his hair the color of the winning house for a day to celebrate! Students also will use their individual points to earn a ticket to the first Leadership Celebration of the school year where they will use their sight words to play bingo and win prizes. Coming up, Mifflin will have its first annual Mifflin's Not-So-Scary Harvest Parade where students will have the ability to dress in their favorite costumes and hold a socially-distanced parade around the school grounds. In November, there will also be a Veterans Day musical that will be recorded for others to view honoring our military men and women who serve or have served our country.

## Eastview Elementary School

It is hard to believe that we have already reached the end of the first quarter. We are having a wonderful school year here at Eastview. The students and staff are doing a great job adjusting to the many new routines here in the building, including wearing masks. Our staff has also done a great job with the process of becoming a Bronze Level PBIS (Positive Behavior Interventions & Supports) School. We had our first positive behavior celebration on October 2<sup>nd</sup> where each grade level of students was rewarded with an adrenaline pumping game of socially distanced Bingo. Lots of prizes were awarded and now every-

one is working hard to show their best behavior to make it to the next celebration. As a building we are also setting academic goals in both reading and math and doing what it takes to wow everyone with our growth. We are working hard to live up to our building motto each and every day: At Eastview we LEAD....Lead to succeed, Empower others, Achieve our goals and Do what's right.

We are excited to be in the building together as we work hard as a team to make it another great year.

Educationally,  
Melissa Wigton

## District Food Service News

On September 21<sup>st</sup>, Madison School District began to offer free meals to students; courtesy of ODE and USDA. This is an offer that is extended until June 30, 2021. Milk or extras that your student gets, are NOT free. Please make sure funds are on your student's account for these needs. To place funds onto your student's account, go to the Food Service tab on the school website, and click on the PaySchools box. It will prompt you to set up and/or you can log into your PaySchools account. You can set up options for your student(s) to have automatic payments placed in their account, track their meals, and set up notices to be sent to you when funds are low.

Online remote students can continue to sign up to pick-up their meals on Mondays. If you have any questions about this process and/or any Food Service questions, please contact the Food Service Supervisor, Kim Pfeleiderer, at 419-589-1116. We look forward to assisting you in any way with your student's Food Service needs.

## Technology News

RemotEdx was created by the Ohio Department of Education, the Management Council (MCOECN), Information Technology Centers, and the Lieutenant Governor's Office to provide support for K-12 remote learning. RemoteEDx Connectivity Champions are a diverse team of individuals made up of Teachers, Principals, Technology coordinators, and other specialists.

These champions will help schools and families implement the connectivity funded by a \$50 million grant from BroadbandOhio that recently was distributed to more than 900 schools and districts in Ohio.

The Connectivity Champions are available from 8am-8pm to assist with finding an internet service provider, troubleshooting an Internet connection and other issues.

Parents can reach Ohio's Connectivity Champions directly by webform at <https://www.ohio-k12.help/remotedx/>, by email or text at [connectme@ohio-k12.help](mailto:connectme@ohio-k12.help), and by phone at (844) K12-OHIO.

## Communication- How Can I Find Out What IS Going On At Madison Middle

Communication is important to us! Below are some different ways to find out more about what is occurring at the Middle School:

1. Check our website.
2. Get on the Remind building text list; send a text to 81010 and type in the following phrase: @22e9a
3. Read this monthly newsletter which is also posted on our website.
4. Check out our Twitter handle: @MadisonMidRams
5. Read the electric sign off of McElroy Road.
6. See us on Facebook: New!

## Parent Teacher Conferences

In the interest of keeping everyone safe and healthy, Fall conferences will not be held in person. Instead, parents will have the opportunity to participate in conferences by phone or virtually through a zoom meeting. Information on Fall conferences and 1<sup>st</sup> nine week grade cards will be sent home with students on Friday, October 30<sup>th</sup>.

## Middle School Athletics

Despite the many obstacles, all of our fall sports were able to complete their seasons. Both the 7<sup>th</sup> and 8<sup>th</sup> grade football teams were able to play a full 8-game schedule and both teams had big victories over Lexington late in the season. Both the 7<sup>th</sup> and 8<sup>th</sup> grade volleyball teams were able to play a full 16-game regular season and both placed 3<sup>rd</sup> in the OCC tournament. The 7<sup>th</sup> and 8<sup>th</sup> grade cheerleaders were able to cheer at all home football events, and the cross country team was able to compete in many events including the OCC championships. Go Rams!

## Madison Middle School

We are thankful for the smooth start to our school year! We had many new procedures that everyone had to learn quickly and adjust to as the school year started. Our staff and students have worked together in a great way to make these new procedures a consistent part of everyday practice in following the district reopening plan. For example, during class changes students are staggered so that only half the students in the building

move to their next class at a time. This creates more open space and less traffic in the hallways to maintain social distancing as much as possible. There are also taped lines in the hallways that everyone follows to keep traffic in a one way direction on each side of the hallway. The amount of students allowed in bathrooms are limited to again maintain social distancing as much as possible. Additionally, all students were given a lanyard on the first day of

school to clip their face mask on the lanyard during mask breaks and when eating to help them keep it on their person and free from contact surfaces. Our staff created a video for students before they arrived that model these and other new procedures related to COVID. This video was shown to students on the first day of school and helped with the transition to our new normal. Special thanks to all of our staff and students for their work so far. What we do together we do better!

## R.A.M.S. Students of the Month.....September

R.A.M.S. is our acronym for Respectful, Accountable, Motivated, and Respectful. It is also part of our Positive Behaviors, Interventions, and Supports (PBIS) program at the Middle School. PBIS is a way for schools to teach and encourage positive behavior. Amongst the different positive rewards that students receive, each month students are selected in each grade level who model these characteristics and serve as role models for others. Students receive a certificate as well as a R.A.M.S. t-shirt. Below are the students selected for the month of September. Congratulations students!

5<sup>th</sup> Grade – Isaiah Blust, Cadence Gushard, Dane Powell

6<sup>th</sup> Grade – Ivory Balogh, Isabella Conway, Cambree Howe, Christopher Manley Jr.

7<sup>th</sup> Grade – Jennah Richards, Briana Smith, Taylor Steffey, Mary Stupka

8<sup>th</sup> Grade – Aubrey Boliantz, Ava Huff, Gage Masters, Gage Workman

## District Maintenance/Building and Grounds

As the cold chill comes back into the air, we have started preparing for the inevitable winter season. The maintenance department has already purchased 20,000 pounds of rock salt for our parking lots, and 2,000 pounds of sidewalk icemelt. These supplies represent about 2/3 of what we go through in a typical year. Inside the buildings we continue our efforts to make them as safe as possible during this pandemic. All the district custodians are pitching in and doing extra work to help sanitize, and clean common contact surfaces.

The district has also added Doug Keen as a new employee to help with this disinfecting. Doug works a night shift five days a week strictly disinfecting classroom surfaces. Thanks to this addition, our goal of disinfecting every student desk and chair is being realized on a regular basis. Along with the disinfecting and cleaning efforts, we have set up hundreds of hand sanitizing stations throughout the district, and have procured thousands of face masks and face shields as personal protective equipment for students and staff.

## Madison Early Childhood Learning Center

MECLC reopened our Preschool and Childcare program in our new building location at 1035 Grace St. on August 10<sup>th</sup>. We have enjoyed learning in our new classrooms and playing on our new playground! Soon we will have canopies installed over the different playground areas for more shade, and picnic tables will be added as well. We are very excited to receive these additions to our playground to provide our children with more outdoor play and learning spaces.

Children in our program have been adjusting well to the new best practices and procedures throughout the building to keep them healthy and safe. We are currently operating under the adjusted hours 7:00am – 5:00pm, and we hope to extend our hours as we increase our ratios in the upcoming

months. Richland Source is in the process of completing the video of our new building and program. The video will be released towards the end of October, early November on our Facebook page and website. You can stay informed about our program by following us on our Facebook page <https://m.facebook.com/MadisonECLC>. Program updates and handouts are also on our website page <https://www.mlsd.net/EarlyChildhoodLearningCenter.aspx>.

Thank you to all of our MECLC families for your understanding and patience as we transitioned to our new building and reopening this summer. We appreciate all of your support, and we look forward to the memories we will make in our new building.

## District Transportation News

Reminders for parents and students:

- Students must be assigned to a bus to be eligible for transportation.
- Have your student arrive at their designated place of safety prior to the bus arriving. This is very important because drivers are trained to count students as they come to the stop and they count them as they board the bus. If a student arrives late, it is very dangerous because the student is arriving after the count putting your child at risk. This is a law and must be followed.
- Please no eating or drinking on the bus. A student could start to choke and could be at risk.
- Face coverings are required for all students. This is for the protection of everyone on the bus. Our drivers love seeing the students smiling faces but during this time we need to be safe.

If you have any questions, please call our office 419-589-3473.

Thank you for entrusting us in transportation with transporting your students. It is a pleasure to serve you!

FROM THE  
TREASURER  
Robin Klenk

Since March, the COVID-19 pandemic has disrupted daily life and forced schools to manage a new reality. As far as finances are concerned, our district, like every other district in the state, received a cut in state funding as a result of the pandemic. For Madison Local Schools, the total was \$411,000 for the fiscal year which ended on June 30, 2020. This represented a 2.3% reduction in state funding that wasn't expected and not budgeted for. Madison will receive the same 2.3% reduction for this school year. To help offset the \$822,000 reduction received since March, Madison was awarded the following grant monies from the Federal and State government, ESSER (Elementary and Secondary School Emergency Relief) \$680,925.72, of which \$100,933.67, is allocated for Mansfield Christian and St. Mary's Schools, and CRF Rural and Small Town School District \$164,149.70.

Sandi Davis, Assistant Treasurer, has worked for the district for 35 years and will be retiring, effective December 31, 2020. Sandi's leaving marks the end of an era for Madison Local Schools. Her willingness to put in extra time and effort has demonstrated a commitment to excellence that we have all come to depend on. In addition to her incredible competence and skill, she has been a friend to all with her thoughtfulness and quiet encouragement. We would like to wish her a long and wonderful retirement. She plans to travel and spend time with her family.

## Madison South Elementary School

We are off and running to start our school year! It is hard to believe we are approaching the end of the 1<sup>st</sup> nine weeks already. Although this school year looks different in a lot of ways, we are still enjoying having students in the building and working on growing them both academically as well as their leadership abilities! At South, we celebrate the leader in everyone, every day!

### Leadership Referrals

Our staff is constantly on the lookout for examples of students exhibiting great leadership throughout the building. When a staff member sees a student being a great leader, they fill out a form and submit it to the office for the student to be recognized in front of their classmates during lunch every Friday! They are look-

ing for students who may be putting first things first, thinking win-win, or working to synergize among other traits. We announce those students every Friday along with the reason they received a referral. We are extremely proud of these students and love to see them working on becoming great leaders at school and home!

## Special Services Resource and Support Center

Greetings from the Madison Special Services Resource and Support Center (SSRSC),

The SSRSC is here to help you navigate in the world of Special Education. We are constantly striving to supply the school community with updated information to meet the ever changing needs of all students with disabilities. Visit our website to find all of our contact information along with community resources that can benefit your child.

While we live through a world with COVID, the following are tips to support your special education child:

If your child is enrolled in face-to-face schooling, we have noticed an increase in anxiety that goes along with the wearing of masks and social distancing. Patience and understanding go a long way with your child as they learn how to live with "the new normal."

If your child is enrolled in the Madison Online Academy, we see that communication between student, parent, and teacher is paramount to the success of students with special needs. Setting up a consistent time for communication between parent and teacher will establish that important connection to the school and classroom.

If the event of a school closure, all special education students will have a distance learning plan that will outline how specially designed instruction will be delivered. Be sure to ask the intervention specialist that is working with your child about this plan if it has not been discussed with you already.

If you have any questions, please don't hesitate to contact us!

Ally Schleichert

PK/Special Services K-4 Director

Dr. Patty Tresey

Special Services 5-12 Director

Ram Connections

*"meeting students where they are through specially designed instruction"*

## Apple Day in Kindergarten

Earlier this month, our kindergarten students took part in apple day! Lessons all day were centered on apples. Students learned about their history and the many ways we use them! The day culminated in a meal that had different types of apple ingredients, including apple butter, applesauce, apple juice, and apple donuts among other items!

## Important Dates at South

10/30: Student Halloween Parade

11/05: Virtual Parent/Teacher Conferences

11/9: No School

11/10: Virtual Parent/Teacher Conferences

# M

## Online Academy Update

The online academy is entering the second nine weeks. Parents will be receiving Grade Cards (K-7) and Progress Reports (8-12). As we look ahead to the second semester, all online families will be asked to fill out a form to continue with online learning for the second semester or opt out of online learning to return face-to-face in January. These online forms will be put on the website October 29th and will remain open until November 11th. All families currently in Face-to-Face format wanting to enroll in the Online Academy will also have the opportunity to register during this time period.

## Madison Adult Career Center

**Madison Adult Career Center (MACC) offers Postsecondary Education and training to our community!** Our instructors and staff take great pride in offering training programs, support services, financial aid, and life-changing opportunities to our adult students!

**CAREER DEVELOPMENT PROGRAMS** – offer students career training, college credit opportunities, certifications/credentials, and employment options in the following areas:

- **Advanced Cosmetology**
- **Cosmetology**
- **Dental Assisting**
- **Industrial Electrical Maintenance**
- **Medical & Legal Office Management**
- **Medical Assisting Technologies**
- **Phlebotomy/EKG**
- **Precision Machining/CNC Technology**
- **State Tested Nurse Aide (STNA)**
- **Welding Technology**

**CAREER/PERSONAL ENRICHMENT COURSES** – offer a nice variety of short courses that can be taken to learn new skills, upgrade skills or just for fun!

**EMPLOYER TRAINING** – MACC offers training customized to business & industry needs, that can be provided on-site or at the employer's site.

**ADULT DIPLOMA & ASPIRE (GED) PROGRAMS** – MACC participates in the Ohio Adult Diploma program, FREE to Ohio residents, at least 22 years of age. Once students pass certification, they graduate with technical skills, certification(s) and an Ohio Adult High School Diploma! We partner with Mansfield City Schools to bring ASPIRE (GED) classes to Madison.

## Madison South Pre-School

Teachers have been working very hard to modify activities and experiences for our little learners that still expose them to fall-themed activities that are engaging learning experiences. Students have been creating adorable handprint trees with fall leaves, as well as pumpkin and apple explorations this month. We are lucky to have a community partnership with the Bird Sanctuary and during normal years without COVID, they would come and bring the animals for a visit. This year, they

will be hosting monthly Zoom virtual visits with our students. Through the Zoom, the students will have the opportunity to see different animals, and ask questions about those animals. We are looking forward to still being able to offer this exciting experience for our students.

## Ram Athletic News

I want to start by thanking everyone for their patience and cooperation that we have exhibited during the fall. I am very proud of our coaches, athletes, and parents for all you have done to keep this going this fall.

The girls soccer team is currently 12-0-2 and ranked number 1 in the state of Ohio in Division 3 girls soccer. They are the undefeated OCC champions once again and are planning a long tournament run. Taylor Huff was named the Offensive Player of the Year in the OCC for the FOURTH time! Tiffany Tucker, Paige Eldridge, Phyllis Stanfield, and Navaeh Lewis were all named 1<sup>st</sup> team OCC. Chesney Davis, Kari Eckenwiler, and Taylor Russell earned 2<sup>nd</sup> team OCC.

The girls volleyball team is 7-12 and they had a great come from behind win against Lexington and defeated a good Clear Fork team. The team had three girls nominated for the Mansfield News Journal player of the week. Faith Kuhn was named first team OCC, and Layne Stone was named second team OCC. The volleyball team returns all but four girls next year.

The girls tennis team is 5-10 and finished fifth in the OCC, and three girls advanced to the sectional finals. They are extremely young after graduating 14 seniors last season. The team has really improved and looks forward to next season.

The Cross country team held one of the first meets of the season. The area schools in attendance were Lexington, Clear Fork, Ontario, Mansfield, and Crestview. The boys and girls team finished 6<sup>th</sup> at the Crawford invite, and the boys finished 5<sup>th</sup> at the Ashland Invite while the girls finished 6<sup>th</sup>.

The boys soccer team finished 4-11-1. They also were very young after graduating 16 seniors last season. The boys continued to fight hard in every game despite their record. They will compete in the Division 1 sectional tournament in Toledo against Anthony Wayne.

The golf team finished fourth in the OCC. They finished 2<sup>nd</sup> in Shelby match play, 3<sup>rd</sup> at Galion and Ontario, as well as the OCC tournament. William Lasky and Landon Ellis both advanced to the District tournament. Jaekob Conard was also named 1<sup>st</sup> team OCC.

The football team is 0-7 but has shown some improvement. The team also returns a lot of letter winners next season.

I would also like to thank all the workers of our games, the Booster club, and a special thanks to Kerry Henry who works so hard to make sure we have concessions. Also, a big shout out to Taylor Huff who scored her 100<sup>th</sup> goal this season.

Thank you for your continued support of Madison Athletics!  
Doug Rickert, Athletic Director
