

Viewing Grades in PowerSchool

In order to view grades, you must be logged into the PowerSchool website in a browser. Past grades are not available in the app.

<https://psweb.wssd.k12.pa.us/public/home.html>

Students Remaining in the Same Building + Had Schedule Changes

Scroll to bottom of Grades and Attendance screen.

Click "Show dropped classes also"

The screenshot shows the PowerSchool interface for a student. On the left is a sidebar with the district code 'WQCW' and app store links. The main content area has a table with 'Attendance Totals' showing 1 and 0. Below this is a 'Show dropped classes also' button highlighted with a red box. Underneath is an 'Attendance By Day' table with columns for 'Last Week' and 'This Week' (M, T, W, H, F) and 'Absences' (Q1, YTD) and 'Tardies' (Q1, YTD). All values are currently 0. At the bottom is a 'Legend' section with various attendance codes.

This will display grades for current classes, as well as any classes that were dropped during the school year.

Students that Switched Buildings

There will be one tab for each building the student was enrolled in during the current school year:

The current school and current classes will be displayed by default. WSDL (West Shore Distance Learning)

The screenshot shows two tabs: 'Grades and Attendance WSDL' and 'Grades and Attendance HSES'. The 'WSDL' tab is circled in red, indicating it is the currently selected building.

Exp	Last Week					This Week				
	M	T	W	H	F	M	T	W	H	F

To view grades from a previous building, click on the "Grades and Attendance ____" tab for that building in this example it is Hillside (HSES).

The screenshot shows the same two tabs. Now, the 'Grades and Attendance HSES' tab is circled in red, indicating it has been selected.

Exp	Last Week					This Week				
	M	T	W	H	F	M	T	W	H	F

Since there are no active classes in the other school, we must tell PowerSchool to show dropped classes.

To do this, scroll to bottom of Grades and Attendance screen.

Click "Show dropped classes also"

This screenshot is identical to the first one, showing the 'Show dropped classes also' button highlighted in red. It demonstrates the step of clicking the button to view dropped classes.

This will display grades for current classes, as well as any classes that were dropped during the school year.
