PARENT NOTIFICATION

This document provides annual notification to Asheboro City Schools' students and parents of the following:

Asbestos Hazard Emergency Response Act (AHERA) Notification Statement

In 1989, all Asheboro City Schools were inspected for Asbestos Containing Materials according to the rules established by the Asbestos Hazard Emergency Response Act (AHERA). The inspection results and the Asheboro City School's plans concerning asbestos were compiled into a Management Plan for each school. Each school's Management Plan is available to the public for inspection upon request. Interested parties should contact the LEA Designee to arrange for an inspection of the Management Plan. As required by AHERA, a re-inspection of all remaining asbestos material must be made every three (3) years. This re-inspection will not cause a health hazard to anyone on the campus. Any questions concerning the Management Plan can be directed to the LEA Designee at (336) 625-5104.

Child Nutrition Services

School lunches are available to all students. Applications for Free/Reduced lunch and/or free milk are available at the school office. Breakfast is provided at each school. Free summer food service program meals are available for students when school is not in session. Location of program determined each spring. Contact Child Nutrition Services at (336) 625-5104 for additional information. (*Free and Reduced Price Food Services*, Policy 6225)

Contact Information for School Officials

The last page of this booklet contains contact information for school principals and other district personnel.

Curriculum

All schools follow the North Carolina Standard Course of Study curriculum for each subject. The curriculum can be found at <http://www.ncpublicschools.org/curriculum>. (*Curriculum Development*, Policy 3100) This information can also be found at www.asheboro.k12.nc.us.

English as a Second Language Programs

Each school will notify parents of students identified for English as a Second Language services of the reasons for identification; the level of the child's English proficiency; methods of instruction to be used; how the program will help the child; if the child has a disability, how the language instruction program meets the objectives of the child's individualized educational program (IEP); and any other information necessary to effectively inform the parent of the program.

Grading Practices

Each school will notify its parents of assessment practices at the school. Our schools operate on a nine-week grading period, with opportunities for interim reports at the midpoint of each period. Report card schedules are on the district website. (*Evaluation of Student Progress*, Policy 3400; *Student Promotion and Accountability*, Policy 3420; *Class Rankings*, Policy 3450)

Health Plan

1. The parent/guardian should notify the school of any chronic health conditions associated with their child by noting the condition on the back of the student's emergency card. The parent/guardian may also notify the school nurse with any special health concerns for their child.
2. The school nurse will review all emergency cards to identify students with health concerns. The school nurse will contact the parent/guardian by letter with an emergency action plan. If the parent/guardian agrees with the plan for their child, the parent should sign and return the plan to the school nurse.
3. When the parent's/guardian's signature is obtained, the nurse will share the emergency action plan with teachers and staff who come in contact with the student.
4. If the parent does not return the plan, the NC Emergency Guidelines for Schools will be used to share a generic plan with teacher(s) and staff.

Health Education

Asheboro City Schools provides health education to students in kindergarten through ninth grade. Asheboro City Schools is committed to a sound, comprehensive health education program that provides students with accurate information and encourages them to be responsible for their own health and behavior. Asheboro City Schools recognizes the primary role of parents in providing for the health and well-being of their children. The comprehensive health education program provided by the school system will meet the requirements of the Basic Education Program, G.S. 115C-81(e1), and aligned state-adopted Essential Standards. The healthful living curriculum as outlined in the North Carolina Standard Course of Study includes guidelines for teaching abstinence and is available for review at <http://www.ncpublicschools.org/docs/acre/standards/new-standards/healthful-living/khs.pdf>. As required by law, the health education program includes age-appropriate instruction on:

- bicycle safety
- consumer health
- dental health
- disease control
- drug and alcohol abuse prevention
- environmental health
- family living
- first aid and emergency care
- growth and development
- mental and emotional health
- nutrition
- prevention of sexually transmitted diseases (STDs), including HIV/AIDS and other communicable diseases
- reproductive health and safety education

Elementary health education teaches students about growing up. This curriculum, taught in the spring semester, is done to help students maintain a positive attitude about the developmental, physical, and emotional changes that are occurring in this stage of their lives.

Goals:

4th Grade Girls and 5th Grade Girls & Boys

- To describe the physical changes during puberty
- To promote healthy habits
- To stress the importance of good hygiene
- To identify the structures of the reproductive system
- To describe what occurs during the menstrual cycle
- To describe the emotional changes during puberty
- To promote self-esteem and a positive attitude toward change

5th Grade Girls & Boys

- To discuss the function of reproductive cells
- To prepare boys for some of the common experiences of puberty, such as voice change and the occurrence of nocturnal emissions (boys only)
- To promote the importance of obtaining reliable information for good decision-making
- To discuss the dangers of alcohol, tobacco and other drugs

Materials:

- 4th grade girls - "Just Around the Corner for Girls."
- 5th grade girls - "Straight Talk for Girls."
- 5th grade boys - "Straight Talk about Puberty for Boys."

Beginning in sixth grade, reproductive health and safety education will include age-appropriate instruction on sexual abstinence until marriage, STDs, the human reproductive system, effective contraceptive methods for preventing pregnancy and awareness of sexual assault and sexual abuse.

Parents are encouraged to preview all family life materials. If you are interested in viewing the material, please contact the school office or school nurse to set up a time. Asheboro City Schools hopes you will find the family life education materials valuable and will appreciate any comments you may have about them. Parents have the right to withhold or withdraw consent for their child's participation in all reproductive health and safety education instruction or in specific topics such as STDs, the effectiveness and safety of contraceptive methods, and awareness of sexual assault and sexual abuse. Parents may also withhold consent to student participation in other separate instruction on the prevention of STDs, including HIV/AIDS, or the avoidance of out-of-wedlock pregnancy. Any parent wishing to withhold consent must do so in writing to the principal by October 1.

If you have any questions, please feel free to call (336) 625-5104. Thank you for your support in this important learning experience.

Health Screenings

Health screenings may be performed throughout the school year (such as vision, dental). Parents/guardians may opt students out of health screenings by providing written notification to the school principal.

Homeless Students

Education rights of homeless students (*Homeless Students*, Policy 4125).

Inspection of Student Records

School records contain attendance data, grading and promotion data, immunization data and other factual information deemed appropriate by the Board of Education. The parents of a student, or a student who is 18 years of age, may examine his/her records. (*Student Records*, Policy 4700)

Internet Use

Student Internet use is considered part of an overall plan for a student's well-rounded education. As such, it will be treated as any other resource within the school and its use will follow all school discipline policies. A parent who does not wish his/her child to have access to the Internet must sign an Internet Use Denial Form, available from each school principal. (*Technology Responsible Use*, Policy 3225/4312/7320)

Lawful Abandonment of Newborn Baby

North Carolina General Statute 7B-500 defines the lawful abandonment of a newborn baby. This law designates the following individuals shall, without a court order, take into temporary custody an infant under seven days of age that is voluntarily delivered to the individual by the infant's parent who does not express an intent to return for the infant:

- A health care provider, as defined under G.S. 90-21.11, who is on duty or at a hospital or at a local or district health department or at a nonprofit community health center.
- A law enforcement officer who is on duty or at a police station or sheriff's department.
- A social services worker who is on duty or at a local department of social services.
- A certified emergency medical service worker who is on duty or at a fire or emergency medical services station.

Medicines for Students

Students are not allowed to take medication or receive topical treatments at school without specific procedures in place. If a student must take medication at school, a completed form signed by the student's health care practitioner and parent/guardian must be on file that specifies the medication, dosage, and duration of the prescription. Non-prescription medications must be authorized by a health care practitioner and parent/guardian. Students at risk for medical emergencies, who need to self-medicate, may do so with the proper permissions on file. These students must demonstrate to the school nurse that they know how to use the self-medication. (*Administering Medicines to Students*, Policy 6125)

Parent Involvement

The board recognizes the critical role of parents in the education of their children and in the schools. Each parent is encouraged to learn about the educational program, the educational goals and objectives of the district and his or her own child's progress. The board also encourages parents to participate in activities designed by the schools to involve them, such as parent conferences, in order to encourage effective communication. Federal regulations and the Elementary and Secondary Education Act (ESEA) require the involvement of parents in Title I and ESL programs. This policy applies to the parents, legal guardians and legal custodians of all students. (*Parental Involvement*, Policy 1310/4002, *Title I Parent Involvement*, Policy 1320/3560)

Pest Management and Herbicide Application Annual Notification

This notice is being distributed to comply with the North Carolina School Children's Health Act. Asheboro City Schools has adopted an Integrated Pest Management (IPM) (*Pest Management*, policy 9205) to comply with this law. IPM is a holistic, preventive approach to managing pests that minimizes pesticide use in our schools and on school grounds.

1. *Notification of Pesticide Use*: Our school system may find it necessary to use pesticides to control pests at your school. North Carolina state law gives you the right to be notified annually of our school system's pesticide application schedule, and 72 hours in advance of pesticide applications made outside that schedule, but the latter only if you request notification ahead of time by calling your child's school and asking for your name and number to be placed on the IPM Notification List.
2. *Exemptions*: Certain relatively low-risk pesticides are exempted from these notification requirements, including antimicrobial cleaners, disinfectants, self-contained baits and crack-and-crevice treatments, and any pesticide products classified by the US Environmental Protection Agency (EPA) as belonging to the US EPA's Toxicity Class IV, "relatively nontoxic." Your right to be notified extends to all non-exempt pesticide applications at your school or other non-school site (office building, garage, workshop, etc.), both indoor and outdoor pesticide applications, and including applications that take place over summer recess, holidays, weekends, or after school hours.
3. *Emergency Pesticide Use*: In the event that a non-exempt pesticide must be used for a pest control emergency at your school or other site and there is not adequate time to notify you more than 72 hours in advance, and you have requested advance notice, you will receive a notice of emergency pesticide application less than 72 hours before, or as soon as possible after the pesticide application.
4. *To request advanced notification* of non-exempt pesticide applications at your school or other site, please call your child's school and ask to be placed on the IPM Notification List. You will need to request to be placed on the IPM Notification List each year, and every time you wish to update or change your preferred contact information.

5. ***Notification of Herbicide Applications:*** State regulations also require notifications for any chemical application made in or around our schools. Asheboro City Schools has a scheduled application of herbicide (weed killer) that is applied once a month. **During 2018-2019, Herbicide will be applied the first full week of each month, unless there is inclement weather.**

To request 72 hour notification of unscheduled applications, please call your child's school and ask to be placed on the Herbicide Notification List. You will need to request to be placed on the Herbicide Notification List each year, and every time you update or change your preferred contact information. If you have any questions you may contact your child's principal or The Director of Facilities for Asheboro City Schools at 336-625-5104.

Positive Behavior Intervention and Support (PBIS)

Asheboro City Schools promotes the use of Positive Behavior Intervention and Support (PBIS) for establishing the school culture and individualized behavioral supports needed for our schools to be effective learning environments for all students. PBIS emphasizes positively reinforcing appropriate behaviors and teaching replacement behaviors for non-appropriate actions. Replacement behaviors and social skills are taught just like academic skills, and are integrated into the academic day.

Release of Student Information

The *Family Educational Rights and Privacy Act (FERPA)*, a Federal law, requires that Asheboro City Schools, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Asheboro City Schools may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow Asheboro City Schools to include this type of information from your child's education records in certain school publications.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEA) receiving assistance under the *Elementary and Secondary Education Act of 1965 (ESEA)* to provide military recruiters, upon request, with the following information – names, addresses and telephone listings, unless the parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want Asheboro City Schools to disclose directory information from your child's education records without your prior consent, you must notify the District in writing within 20 school days of receipt of this policy in the Student Code of Conduct. Asheboro City Schools has designated the following information as directory information:

- Student's name
- Address
- Telephone listing
- Electronic mail address
- Photograph
- Date and place of birth
- Dates of attendance
- Grade level
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Diplomas, certifications, and awards received
- The most recent school or educational institution attended

It is school system procedure not to require parent permission for students to be photographed, videotaped, and/or interviewed by system employees or media on routine school topics and activities for public information, instructional, and promotional purposes. Parent permission must be given, however, to photograph, videotape, and/or interview exceptional children if they will be identified as exceptional children. *Parents, guardians, or eligible students may request not to be photographed, videotaped, and/or interviewed by notifying the school in writing within 20 days of receipt of this policy in the Student Code of Conduct. (Student Records, Policy 4700)*

Reporting School and District Progress

The North Carolina School Report Cards for each school and for the district are available through the district's website at www.asheboro.k12.nc.us and at www.ncpublicschools.org/src. These reports include information regarding student achievement, graduation rates, performance of the school and district, teacher qualifications, and the results of each school's yearly progress. If a school or the district fails to make Adequate Yearly Progress, parents will be notified by letter and information concerning available services and improvement plans will be posted on the district website.

Rights under the Family Educational Rights and Privacy Act (FERPA)

The *Family Educational Rights and Privacy Act (FERPA)* affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the school receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the school to amend a record should write the school principal clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

School Volunteers

Parents have the right to take four hours of leave from their jobs every year in order to volunteer in the schools as stated in G.S. 95-28.3. (*School Volunteers*, Policy 5015)

Seclusion and Restraint

The permissible use of seclusion and restraint in the schools (*School Plan for Management of Student Behavior*, Policy 4302.)
Deborah Greenblatt Act: - Session Law 2005-205 – House Bill 1032

Physical Restraint shall be considered to be a reasonable force when used in the following circumstances:

1. As reasonably needed to obtain possession of weapons or other dangerous objects on the person, or within the control of a student;
2. As reasonably needed to maintain order or to prevent or break up a fight;
3. As reasonably needed for self-defense;
4. As reasonably needed to ensure the safety of any student, employee, volunteer, or other person present;

7. If used as provided for in an IEP, Section 504, or behavior intervention plan; or
8. As reasonably needed to prevent imminent destruction to school or another person's property.

Physical restraint shall not be considered a reasonable use of force when used solely as a disciplinary consequence.

Student Behavior Policies, School Standards and Rules

Policies in the 4300 series address student behavior, school standards and rules.

Student Fees

The Board will hold student fees to a minimum. No fee will be charged for required courses or activities. Any fees issued will be waived or reduced for students who demonstrate economic hardship. (*Student Fees*, Policy 4600)

Student Nondiscrimination Statement

The Asheboro City School System does not discriminate on the basis of race, color, national origin, sex, or disability. If anyone feels that discrimination has occurred on the basis of any of the above, he/she should contact:

Dr. Sean McWherter, Executive Director of Student Support Services
Carla Freemyer, Executive Director of Human Resources
Dr. Aaron Woody, Assistant Superintendent for Curriculum and Instruction
Dr. Cayce Favasuli, Director of Exceptional Children Services

All employees and students should be free of unlawful discrimination, harassment, and bullying as a part of a safe, orderly, caring and inviting working and learning environment. The board expressly prohibits unlawful discrimination, harassment, or bullying, including on the basis of race, color, national origin, sex, pregnancy, religion, age or disability. The board also prohibits retaliation against an employee or student who has exercised any rights made available through state or federal law, including prohibiting retaliation for reporting violations of this policy. Any violation of this policy is considered a serious violation and appropriate action will be taken in response to a violation. (*Nondiscrimination on the Basis of Disabilities*, Policy 1730/4022/7231 and *Prohibition Against Discrimination, Harassment and Bullying*, Policy 1710/4021/7230).

Student Performance Standards

It is the goal of the board that all students will make adequate academic progress each year and thereby acquire the skills necessary for secondary education and career success. To realize this goal, the Board of Education has adopted the policies in the 3400 series and the Elementary and Secondary Education Act (ESEA).

The superintendent or designee shall provide information regarding promotion standards to all students and parents. In addition, if a kindergarten, first grade, second grade or third grade student (1) is demonstrating difficulty with reading development; (2) is not reading at grade level; or (3) has a personal education plan under G.S. 115C-105.41, the student's teacher shall provide the student's parents timely written notice advising that if the student is not demonstrating reading proficiency by the end of third grade, the student will be retained, unless exempt from mandatory retention for good cause. Parents are encouraged to help their children meet the promotion standards and will have opportunities to discuss the promotion standards and procedures with teachers and the principal. Information provided to parents should be in the parents' native language when appropriate foreign language resources are readily available.

The teacher of a student who does not meet promotion standards must notify the student's parents that the student has failed to meet the standards for progression to the next level of study and must provide the parents with information concerning retesting, intervention, review and appeal opportunities. When a student is to be retained, the principal shall provide the student's parents written notice of the retention and, if the student will be retained in accordance with G.S. 115C-83.7(a) for failure to demonstrate reading proficiency, (1) written notice of the reason the student is not eligible for a good cause exemption as provided in G.S. 115C-83.7(b) and (2) a description of proposed reading interventions that will be provided to the student to remediate identified areas of reading deficiency. Teachers shall provide parents of students retained under G.S. 115C- 83.7(a) at least monthly written reports on student progress toward reading proficiency. The evaluation of a student's progress will be based upon the student's classroom work, observations, tests, assessments and other relevant information.

Student Surveys

The Protection of Pupil Rights Amendment (PPRA) affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

1. Consent before students are required to submit to a survey that concerns protected areas ("protected information survey").
2. Receive notice and an opportunity to opt a student out.
3. Inspect the survey.

These rights transfer to from the parents to a student who is 18 years old or an emancipated minor under State law.

Asheboro City Schools has adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. (*Surveys of Students, policy 4720*)

Parents who believe their rights have been violated may file a complaint with:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, D.C. 20202-5901

Student Wellness

The board is committed to providing a school environment that promotes student wellness, proper nutrition, nutrition education and regular physical activity as part of the total learning experience. The superintendent shall report annually to the board on the system's compliance with laws and policies related to student wellness and the implementation of this policy. At a minimum, the superintendent shall measure and report the following:

1. the extent to which the individual schools are in compliance with this policy;
2. the extent to which the board's wellness policy compares to model local school wellness policies; and
3. a description of the progress made in attaining the goals of this policy. (*Student Wellness, policy 6140*)

Students with Disabilities

The Asheboro City School System mandates that every student receive a free and appropriate education. Some students may have physical or mental disabling conditions that substantially limit their ability to learn and participate in school activities. If a student or parent believes the student has a disability, the student's principal should be contacted. Further assistance can be obtained from the Director of Exceptional Children at 625-5104. (*Nondiscrimination on the Basis of Disabilities, Policy 1730/4022/7231*)

CODE OF CONDUCT DISCIPLINARY GUIDELINES

Asheboro City Schools (ACS) is committed to maintaining effective discipline in order to establish an orderly environment in which students can learn. An orderly school environment will teach expected standards of behavior, help students learn to accept the consequences of their behavior, and provide students with the opportunity to develop self-control.

ACS behavior management policies have been established with the following principles in mind:

- Student behavior management strategies should complement other efforts to create a safe, orderly, and inviting environment.
- Positive behavioral interventions will be employed, as appropriate, to improve student behavior.
- Responsibility, respect, honesty, self-discipline, courage, kindness, citizenship, and other standards of behavior should be integrated into the curriculum.
- Consequences for unacceptable behavior should help a student learn to comply with rules, to be respectful, to learn to accept responsibility for his or her behavior, and to develop self-control.
- Strategies and consequences will be age and developmentally appropriate.
- When feasible, consequences for unacceptable behavior should take into account differences in how individual students respond to discipline strategies.

Detailed student behavior standards are established in Board policy series 4300, all School Board policies can be found on-line at http://www.asheboro.k12.nc.us/district_info/board_of_education/board_policies. For complete information on behavior standards, students and parents should consult Board policy and related administrative regulations. SCHOOL BUS SAFETY RULES

Riding a school bus is a privilege afforded to certain public school students. Associated with this privilege is the responsibility for safe, orderly conduct. The safety of every student is the concern of the State Board of Education and the Asheboro City Board of Education. Therefore, the following rules and regulations have been adopted within the Asheboro City Schools. Failure to follow any of the bus safety rules is grounds for temporary or permanent removal of a student from the bus.

Every student who is eligible to ride a school bus shall:

1. Be ready and on time at his/her designated bus stop. Students should be at stop 10 minutes prior to bus time arrival.
2. Stand off the street or highway while waiting for the bus and in no way interfere with traffic.
3. Wait for the bus to come to a complete stop before approaching the bus or crossing the road.
4. Cross the road or street only under the protection of the bus stop arm and IN FRONT of the bus only.
5. Load and unload the bus in an orderly manner: single line, never push, break line, or rush.
6. Observe the same standards of behavior as in the classroom. Ordinary conversation is permissible.
7. Remain seated, in the assigned seat, at all times and never stand except to get off the bus at the properly designated stop, once bus has come to a complete stop.
8. Refrain from talking to or otherwise distracting the bus driver.
9. Keep all of your personal property inside the bus. Refrain from throwing or dropping objects from the bus whether it is moving or standing still. Lost electronic items are not the responsibility of the driver.
10. Provide a neat and safe bus by keeping it clean. Refrain from defacing or littering the bus (that includes free from pencil and pen marks). Do not cut seat or destroy seat. A charge of \$35.00 will be given to replace seat covers.
11. The uses of any tobacco, food, or drink products are strictly prohibited on the bus.
12. Engage in absolutely no profanity or fighting on the bus.
13. Respectfully obey all driver and school official instructions.
14. Never tamper with the bus in any manner or touch the door or mechanical controls at any time.
15. Observe all established safety rules and regulations at all times.

School bus loading and unloading is supervised by teachers, assistant principals, and/or other school staff at all schools. Failure to follow the directions of these school officials is grounds for removal from the bus. Please be advised that any principal of any school in Asheboro is authorized to handle disciplinary matters on buses, which serve his or her school. This includes the suspension of students from the bus even though the students may not attend that school.

SCHOOL BUS DISCIPLINE CODE

In accordance with the General Statutes of North Carolina, Asheboro City Schools provides transportation to all eligible students. It is the position of the Asheboro City Schools that such transportation will be provided safely and efficiently. To ensure this policy and prevent disciplinary action or suspension of school bus privileges will take a combined effort on the part of students, parents, and school administrators.

A school bus driver has complete authority over and responsibility for maintaining order and good conduct on the bus. A driver does not have the power to punish or suspend a student's riding privilege. The driver, upon observing an infraction of the code, makes a written report to the principal. A principal or their representatives are authorized to take the needed disciplinary action. A suspension of school bus privileges does not imply suspension from school and attending classes unless deemed necessary by the principal. Therefore, any student suspended from the bus who does not attend school during those days will be subjected to the provision of the North Carolina Compulsory School Attendance Law.

Complaints against a driver or the operation of a bus should be directed to the principal of the school or the Transportation Supervisor at the administration office (625-5104). Any unauthorized person who boards a school bus to settle a problem is trespassing. A warrant will be issued.

The following offenses and consequences are designed to accomplish the objectives of the code. These offenses and consequences are minimal and not intended to be all-inclusive. They are however, absolute in that strict adherence is required to retain the privilege of riding school buses in the Asheboro City Schools.

Bus discipline is divided into three categories. Category I deals with general misconduct and Category II and III deals with severe misconduct. Many of the Asheboro City Schools buses have video cameras.

The principal or his/her designee will review videotape of an incident on the bus. Video coverage of a reported incident is not a requirement for the principal to take disciplinary action.

Such permission must be reviewed annually.

A student who uses his or her prescribed emergency medication in a manner other than as prescribed may be subject to disciplinary action pursuant to the school disciplinary policy. No one may impose disciplinary action on the student that limits or restricts the student's immediate access to the emergency medication.

The board does not assume any responsibility for the administration of drugs or medication to a student by the student, the student's parent or legal custodian or any other person who is not authorized by this policy to administer medications to students.

APPEALS of CONSEQUENCES

(Policy 4353)

Appeals of Long-Term or 365 Day Suspension and Expulsion

Students may challenge a long-term or 365-day suspension or an expulsion approved by the superintendent for violation of board policy, school standards, or rules. The student must appeal to the board in writing within five days of the superintendent's decision.

ASSAULTS, THREATS, And HARASSMENT including BULLYING and HAZING

(Policy 4331)

Students are prohibited from assaulting, physically injuring, attempting to injure or intentionally behaving in such a way as could reasonably cause injury to any other person. Assault includes engaging in a fight. Harassment and bullying are further defined in policy 1710/4021/7230, Prohibition Against Discrimination, Harassment and Bullying.

ATTENDANCE

(Policy 4400)

Attendance in school and participation in class are an integral part of academic achievement and the teaching-learning process. Regular attendance develops patterns of behavior essential to professional and personal success in life. Regular attendance by every student is mandatory: the State of North Carolina requires that every child in the State between the ages of seven (or younger if enrolled) and 16 years attend school. Parents or legal guardians have the responsibility for ensuring that students attend and remain at school daily.

ATTENDANCE RECORDS

School officials will keep an accurate record of attendance, including accurate attendance records in each class. Attendance records will be used to enforce the Compulsory Attendance Law of North Carolina.

EXCUSED ABSENCES

When a student must miss school, a written excuse signed by a parent or guardian must be presented to the teacher or principal designee within 2 days after returning from an absence. Absences due to extended illness may also require a statement from a physician. An absence may be excused for any of the following reasons:

1. personal illness or injury that makes the student physically unable to attend school;
2. isolation ordered by the local health officer or by the State Board of Health;
3. death in the immediate family;
4. medical or dental appointment;
5. participation under subpoena as a witness in a court proceeding;
6. observance of an event required or suggested by the religion of the students or the student's parent(s);
7. participation in a valid educational opportunity, such as travel or service as a legislative or Governor's page, with prior approval from the principal;
8. pregnancy and related conditions or parenting, when medically necessary;
9. visitation with the student's parent or legal guardian, at the discretion of the superintendent or designee, if the parent or legal guardian (a) is an active duty member of the uniformed services as defined by policy 4050, Children of Military Families, and (b) has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat support posting.

Extended illnesses generally require a statement from a physician. Once a student has accumulated more than 15 absences in a school year (or more than 5 consecutive absences), a doctor's note, or other documentation approved by the principal, will be needed to excuse further absences. This standard does not apply to medically fragile students as defined in the North Carolina School Attendance and Student Accounting Manual and approved by the principal.

In the case of excused or unexcused absences, short-term out-of-school suspensions, and absences under G.S. 130A-440 (for failure to submit a school health assessment form within 30 days of entering school), the student will be permitted to make up his or her school work. (See also policies 4110, Immunization and Health Requirements for School Admission, and 4351, Short-Term Suspension.) The teacher will determine when work is to be made up. The student is responsible for finding out what assignments are due and completing them within the specified time period.

SCHOOL-RELATED ACTIVITIES

All classroom activities are important and difficult, if not impossible, to replace if missed. It is the intention of the board of education that classes missed be kept to an absolute minimum through close scrutiny and a monitoring system on the part of the principal. The following school-related activities will not be counted as absences from either class or school:

1. field trips sponsored by the school;
2. job shadows and other work-based learning opportunities, as described in G.S. 115C-47(34a);
3. school-initiated and scheduled activities;
4. athletic events requiring early dismissal from school;
5. Career and Technical Education student organization activities approved in advance by principal; and
6. in-school suspension.

Assignments missed for these reasons will be completed by students. The teacher will determine when work is to be made up. The student is responsible for finding out what assignments are due and completing them within the specified time period.

EXCESSIVE ABSENCES

Class attendance and participation are critical elements of the educational process and may be taken into account in assessing academic achievement. Students are expected to be at school on time and to be present at the scheduled starting time for each class.

The principal will notify parents and take all other steps required by G.S. 115C-378 for excessive absences.

If a student is absent from school for five or more days in a semester, the principal or a committee established by the principal shall consider whether the student's grades should be reduced because of the absences. The principal or committee shall review other measures of academic achievement, the circumstances of the absences, the number of absences, and the extent to which the student completed missed work. A committee may recommend to the principal and the principal may make any of the following determinations:

1. the student will not receive a passing grade for the semester;
2. the student's grade will be reduced;
3. the student will receive the grade otherwise earned; or
4. the student will be given additional time to complete the missed work before a determination of the appropriate grade is made.

Students with excused absences due to documented chronic health problems are exempt from this policy.

Excessive absences may impact eligibility for participation in interscholastic athletics. See policy 3620, Extracurricular Activities and Student Organizations.

TARDIES

The principal is responsible for handling tardies and for establishing relevant school procedures that are in compliance with the NC School Attendance and Student Accounting Manual. Students are expected to be at school on time and to be present at the scheduled starting time for each class and be present for the entire school day.

AUTHORITY OF SCHOOL PERSONNEL *(Policy 4301)*

The principal has the authority and responsibility to investigate and take appropriate action regarding any prohibited or criminal student behavior and any other behavior appropriately referred to him or her. The principal is responsible for informing students and parents of any standards or rules that if violated could result in short-term or long-term suspension or expulsion.

The teacher has the authority and responsibility to manage student behavior in the classroom and while students are under his or her supervision. The teacher is expected to implement the student behavior management plan and any other school standards or rules. The teacher may develop other standards or rules consistent with the direction provided by the board and school.

Students must comply with all directions of principals, teachers, substitute teachers, student teachers, teacher assistants, bus drivers and all other school personnel who are authorized to give such directions, during any period of time when they are subject to the authority of such personnel.

CHILDREN OF MILITARY FAMILIES

(Policy 4050)

The board recognizes the unique circumstances faced by children of military families who are often required to transfer to a new school system because their parents or guardians have a new military assignment. The board also recognizes that children whose immediate family members are deployed by the military may be at increased risk of emotional, psychological, or other harm. The board is committed to supporting these children in the school system and undertaking to serve their unique needs.

IDENTIFICATION OF MILITARY-CONNECTED STUDENTS

Each principal shall annually identify all military-connected students enrolled in the school and shall develop a means for serving their unique needs. For purposes of this section, a military-connected student is defined as a student who has a parent, step-parent, sibling, or any other person who resides in the same household serving in the active or reserve components of the Army, Navy, Air Force, Marine Corps, Coast Guard, or National Guard. The identification of military-connected students is not a public record subject to public records law.

COMPLIANCE WITH THE INTERSTATE COMPACT ON EDUCATIONAL OPPORTUNITY FOR MILITARY CHILDREN

In order to promote flexibility and cooperation among the school system, parents and guardians, and children of military families, to promote the children's well-being, and to assist these children in achieving educational success in their new schools, the superintendent shall adopt procedures necessary to ensure compliance with the Interstate Compact on Educational Opportunity for Military Children (hereinafter "Compact") and to educate employees about the unique needs of children of military families.

COUNSELING PROGRAM

(Policy 3610)

Guidance and counseling programs are provided by the school district with the ultimate aim of improving student performance by implementing strategies and activities that support and maximize learning; helping students to grow in their personal and social development; and providing a foundation for acquiring the skills that enable students to make a successful transition from school to the world of work. The principal of each school is directed to develop a counseling program that meets the objectives of the State Board of Education's comprehensive school counseling program curriculum and the needs of the student population at that school.

DISCRIMINATION, HARASSMENT AND BULLYING COMPLAINT PROCEDURE

(Policies 1710/4014/7230 and 1720/4015/7225)

The process provided in this policy is designed for those individuals who believe that they may have been discriminated against, bullied or harassed in violation of policy 1710/4021/7230, Prohibition Against Discrimination, Harassment and Bullying. Individuals who have witnessed or have reliable information that another person has been subject to unlawful discrimination, harassment or bullying also should report such violations to one of the school system officials listed in subsection C.1. of this policy. Reports may be made anonymously.

COMPLAINTS BROUGHT BY ALLEGED VICTIMS OF DISCRIMINATION, HARASSMENT OR BULLYING

1. Filing a Complaint

Any individual, who believes that he or she has been discriminated against, harassed or bullied is strongly encouraged to file a complaint orally or in writing to any of the following individuals:

- a. the principal or assistant principal of the school at which either the alleged perpetrator or alleged victim attends or is employed;
- b. an immediate supervisor if the individual making the complaint is an employee;
- c. the assistant superintendent of human resources if the alleged perpetrator or alleged victim is an employee of the school system (or the superintendent if the assistant superintendent of human resources is the alleged perpetrator);
- d. the Title IX coordinator for claims of sex discrimination or sexual harassment;
- e. the Section 504 coordinator or the ADA coordinator for claims of discrimination on the basis of a disability; or
- f. for claims of other forms of prohibited discrimination, the applicable civil rights coordinator as established in policy 1710/4021/7230

2. Time Period for Filing a Complaint

A complaint should be filed as soon as possible but no later than 30 days after disclosure or discovery of the facts giving rise to the complaint. Complaints submitted after the 30-day period may be investigated; however, individuals should recognize that delays in reporting may significantly impair the ability of school officials to investigate and respond to such complaints.

3. Informal Resolution

The board acknowledges that many complaints may be addressed informally through such methods as conferences or mediation. The board encourages the use of informal procedures such as mediation to the extent possible; however, mediation or other informal procedures will not be used to resolve complaints alleging sexual assault or sexual violence complaints by a student of sexual harassment perpetrated by an employee, or when otherwise inappropriate. Informal procedures may be used only if the parties involved voluntarily agree.

If an informal process is used, the principal or other designated personnel must (1) notify the complainant that he or she has the option to end the informal process and begin formal procedures at any time and (2) make a copy of this policy and other relevant policies available to the complainant. Any informal process should be completed within a reasonable period of time, not to exceed 30 days unless special circumstances necessitate more time. If informal procedures fail to resolve the matter in a reasonable period of time or are inappropriate, or if the complainant requests formal procedures, the complaints will be investigated promptly, impartially, and thoroughly according to the procedures outlined in the remainder of this policy.

Records will be maintained as required by policy 1710/4021/7230.

DRUGS AND ALCOHOL *(Policy 4325)*

No student shall possess, use, distribute, sell, possess with intent to distribute or sell, or conspire or attempt to distribute or sell, or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, anabolic steroid, other controlled substance, any alcoholic beverage, malt beverage, fortified wine, other intoxicating liquor, drug paraphernalia, counterfeit substance, any unauthorized prescription drug, or any other chemicals or products with the intention of bringing about a state of exhilaration, euphoria, or of otherwise altering the student's mood or behavior.

Students are also prohibited from possessing, using, transmitting, or selling drug paraphernalia or counterfeit (fake) drugs. In all circumstances in which students must comply with student behavior policies, students may not in any way participate in the selling or transmitting of prohibited substances, regardless of whether the sale or transmission ultimately occurs on school property.

Prescription and over the counter drugs are not in violation of this policy if possessed and used in accordance with Policy 6125, Administering Medicines to Students.

PARENTAL INVOLVEMENT IN STUDENT BEHAVIOR ISSUES *(Policy 4341)*

The board recognizes the need for parents and guardians to work with the school employees in helping students to learn and practice acceptable standards of behavior. School employees are to encourage parents to participate in discussions on effective strategies for correcting misbehavior and appropriate consequences for violations of board policies, the Code of Student Conduct, and other school standards and rules.

POWERSCHOOL PARENT ACCESS

Parents will have access to an online data system through PowerSchool.

A web browser allows parents to view:

- Detailed attendance information
- Grade information
- Credits Earned to Date (high school)
- Standardized Testing Information
- Personal Demographic Information
- Emergency Contact Information

A secured password system allows only authorized individuals to access this information. Parents with more than one child will only need one user name and password to access the information on all of their children. User names and passwords will be provided at the school level.

PROHIBITION AGAINST DISCRIMINATION, HARASSMENT AND BULLYING

(Policy 1710/4021/7230)

The board acknowledges the dignity and worth of all students and employees and strives to create a safe, orderly, caring, and inviting school environment to facilitate student learning and achievement. The board prohibits discrimination on the basis of race, color, national origin, sex, disability, or age and will provide equal access to the Boy Scouts and other designated youth groups as required by law. The board will not tolerate any form of unlawful discrimination, harassment, or bullying in any of its educational or employment activities or programs.

PROHIBITED BEHAVIORS AND CONSEQUENCES

Discrimination, Harassment, and Bullying

Students, school system employees, volunteers, and visitors are expected to behave in a civil and respectful manner. The board expressly prohibits unlawful discrimination, harassment, and bullying.

Students are expected to comply with the behavior standards established by board policy and the Code of Student Conduct. Employees are expected to comply with board policy and school system regulations. Volunteers and visitors on school property also are expected to comply with board policy and established school rules and procedures.

Any violation of this policy is serious and school officials shall promptly take appropriate action. Students will be disciplined in accordance with the school's student behavior management plan (*School Plan for Management of Student Behavior*, policy 4302). Based on the nature and severity of the offense and the circumstances surrounding the incident, the student will be subject to appropriate consequences and remedial actions ranging from positive behavioral interventions up to, and including, expulsion.

Employees who violate this policy will be subject to disciplinary action, up to, and including, dismissal. Volunteers and visitors who violate this policy will be directed to leave school property and/or reported to law enforcement, as appropriate, in accordance with policy 5020, Visitors to the Schools.

When considering if a response beyond the individual level is appropriate, school administrators should consider the nature and severity of the misconduct to determine whether a classroom, school-wide, or school system-wide response is necessary. Such classroom, school-wide, or school system-wide responses may include staff training, harassment and bullying prevention programs, and other measures deemed appropriate by the superintendent to address the behavior.

Retaliation

The board prohibits reprisal or retaliation against any person for reporting or intending to report violations of this policy, supporting someone for reporting or intending to report a violation of this policy, or participating in the investigation of reported violations of this policy.

After consideration of the nature and circumstances of the reprisal or retaliation and in accordance with applicable federal, state or local laws, policies, and regulations, the superintendent or designee shall determine the consequences and remedial action for a person found to have engaged in reprisal or retaliation.

APPLICATION OF POLICY

This policy prohibits unlawful discrimination, harassment, and bullying by students, employees, volunteers, and visitors. "Visitors" includes persons, agencies, vendors, contractors, and organizations doing business with or performing services for the school system.

This policy applies to behavior that takes place:

1. in any school building or on any school premises before, during or after school hours;
2. on any bus or other vehicle as part of any school activity;
3. at any bus stop;
4. during any school-sponsored activity or extracurricular activity;
5. at any time or place when the individual is subject to the authority of school personnel; and
6. at any time or place when the behavior has a direct and immediate effect on maintaining order and discipline in the schools.

DEFINITIONS

Discrimination - Discrimination means any act or failure to act that unreasonably and unfavorably differentiates treatment of others based solely on their membership in a socially distinct group or category, such as race, ethnicity, sex, pregnancy, religion, age, or disability. Discrimination may be intentional or unintentional.

Harassment and Bullying - Harassment or bullying behavior is any pattern of gestures or written, electronic, or verbal communications, or any physical act or any threatening communication that:

- 1) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property; or
- 2) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities, or benefits or by adversely altering the conditions of an employee's employment.

"Hostile environment" means that the victim subjectively views the conduct as harassment or bullying and that the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is harassment or bullying. A hostile environment may be created through pervasive or persistent misbehavior or a single incident, if sufficiently severe.

Harassment and bullying include, but are not limited to, behavior described above that is reasonably perceived as being motivated by any actual or perceived differentiating characteristic or motivated by an individual's association with a person who has or is perceived to have a differentiating characteristic, such as race, color, religion, ancestry, national origin, gender, socioeconomic status, academic status, gender identity, physical appearance, sexual orientation, or mental, physical, developmental, or sensory disability. Examples of behavior that may constitute bullying or harassment include, but are not limited to, verbal taunts, name-calling and put-downs, epithets, derogatory comments or slurs, lewd propositions, exclusion from peer groups, extortion of money or possessions, implied or stated threats, assault, impeding or blocking movement, offensive touching, or any physical interference with normal work or movement, and visual insults, such as derogatory posters or cartoons. Legitimate age-appropriate pedagogical techniques are not considered harassment or bullying.

Harassment, including sexual or gender-based harassment, is not limited to specific situations or relationships. It may occur between fellow students or co-workers, between supervisors and subordinates, between employees and students, or between non-employees, including visitors, and employees or students. Harassment may occur between members of the opposite sex or the same sex.

Sexual harassment is one type of harassment. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

1. submission to the conduct is made, either explicitly or implicitly, a term or condition of an individual's employment, academic progress, or completion of a school-related activity;
2. submission to or rejection of such conduct is used as the basis for employment decisions affecting the individual, or in the case of a student, submission to or rejection of such conduct is used in evaluating the student's performance within a course of study or other school-related activity; or
3. such conduct is sufficiently severe, persistent, or pervasive that it has the purpose or effect of unreasonably interfering with an employee's work or performance or a student's educational performance, limiting a student's ability to participate in or benefit from an educational program or environment, or creating an abusive, intimidating, hostile, or offensive work or educational environment.

Sexually harassing conduct includes, but is not limited to, deliberate, unwelcome touching that has sexual connotations or is of a sexual nature, suggestions or demands for sexual involvement accompanied by implied or overt promises of preferential treatment or threats, pressure for sexual activity, continued or repeated offensive sexual flirtations, advances or propositions, continued or repeated verbal remarks about an individual's body, sexually degrading words used toward an individual or to describe an individual, sexual assault, sexual violence, or the display of sexually suggestive drawings, objects, pictures or written materials. Acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex, but not involving sexual activity or language, may be combined with incidents of sexually harassing conduct to determine if the incidents of sexually harassing conduct are sufficiently serious to create a sexually hostile environment.

Gender-based harassment is also a type of harassment. Gender-based harassment may include acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex-stereotyping but not involving conduct of a sexual nature.

REPORTING AND INVESTIGATING COMPLAINTS OF DISCRIMINATION, HARASSMENT, OR BULLYING

Students, parents, volunteers, visitors, or others are also strongly encouraged to report any actual or suspected incidents of discrimination, harassment, or bullying. All reports should be made in accordance with policy 1720/4015/7225, Discrimination, Harassment, and Bullying Complaint Procedure, and reported to one of the school officials identified in that policy. Reports may be made anonymously, and all reports shall be investigated in accordance with that policy.

COORDINATORS

The superintendent has appointed the following individuals to coordinate the school system's efforts to comply with and carry out its responsibilities under federal nondiscrimination laws. These responsibilities include investigating any complaints communicated to school officials alleging noncompliance with Title VI or Title IX of the Civil Rights Act, Section 504 of the Rehabilitation Act, the Americans with Disabilities Act (ADA), the Age Discrimination Act, and/or the Boy Scouts Act, or alleging actions which would be prohibited by those laws.

- Title IX Coordinator - Assistant Superintendent for Support Services
- Section 504 Coordinator - Director of Exceptional Child Services
- ADA Coordinator - Director of Exceptional Child Services
- Age Discrimination Coordinator - Executive Director for Human Resources
- Coordinator for Other Non-discrimination Laws - Executive Director for Human Resources

REQUIREMENTS FOR PARTICIPATION IN INTERSCHOLASTIC ATHLETICS

(Policy 3620)

1. Philosophy of Athletic Program

We believe that interscholastic athletics is a co-curricular activity and is an integral part of the educational process. Participation in athletics teaches life skills including responsibility, determination, accountability, team building, and fair play.

We emphasize academic accountability and fair play. We promote attitudes and practices that keep winning in perspective and discourage activities that would be considered unsportsmanlike. We believe that all students should have the opportunity to participate in competitive athletics; however, participation is a privilege, not a right. According to Board of Education policy, participation may be reserved for students in good academic standing who meet behavior expectations of the school and the community.

2. Citizenship/Sportsmanship

As a team member, an individual must learn to work with others to promote responsibility and obligation for his/her actions. As a student-athlete wearing the "Blue Comets" uniform, you are special. You are a student first, an athlete second, and most important – you are a role model always. As a member of the "Blue Comets," everything you do at school, in the community, and at rival schools is noticed and judged. As a member of the "Blue Comets," you are a role model and spokesperson for the Asheboro community and the Asheboro City Schools. We believe that student-athletes must play within the rules, conduct themselves in a sportsmanlike manner, and represent their school in a positive way.

3. Student/Athlete Behavioral Management Plan

The athletic program will adhere to the *Asheboro City Schools Student Code of Conduct*, which is provided to each student upon entry to school each fall. Board of Education policies related to participation in athletics are included in the *Code of Conduct*. As prescribed by Board policy, rule violations and major infractions will be addressed according to the *Student Behavior Management Plan* of the school.

The following infractions are addressed in the *Student Behavior Management Plan*:

- a. Use and possession of tobacco;
- b. Fighting;
- c. Use and possession of weapons;
- d. Assault;
- e. Arson;
- f. Intimidation/Bullying;
- g. Gross Misconduct;
- h. Insubordination;
- i. Use of profanity/vulgarity; and
- j. Hazing.

A student-athlete who commits any of the infractions listed above (or any infraction that is in violation of school rules or Board policy), may be excluded from participation in the athletic program.

4. **Substance Abuse (Alcohol/Drugs)**

We believe that the use and abuse of alcohol and drugs is unhealthy and unacceptable for “Blue Comets” student-athletes.

Students found possessing, using, transmitting, or being under the influence of alcohol or drugs at any time, on campus or off campus, 24 hours per day, 7 days per week, in season or out of season, will suffer the following consequences:

a. **1st Offense**

- **30-day suspension** from participation in athletic contests
- Athlete must practice with team, but may not dress or participate in athletic contests
- Athlete must enroll in an appropriate drug counseling program. Cost for the program is the responsibility of the athlete’s parent/guardian.

b. **2nd Offense**

- **365 day suspension** from participation in athletics

c. **3rd Offense**

- **Ineligible for participation** in the athletic program

d. For an offense occurring out of season, the penalty will be imposed during the next season of participation by the athlete.

A student-athlete, who self-reports a substance abuse problem before a charge or conviction occurs, may continue to participate in athletics after seeking appropriate professional counseling. A follow-up plan and review will be required.

5. **NCHSAA Felony Policy**

Student-athletes in grades 9 – 12 are subject to the Felony Policy of the North Carolina High School Athletic Association. The policy may be found in the *NCHSAA Handbook*.

6. **Other Policies Related to Athletic Participation**

- On the day of a game or practice, the athlete must be in attendance for a minimum of ½ the school day. Only extenuating circumstances as approved by the principal will be considered as a waiver of this policy.
- If an athlete is suspended from school (OSS), he/she will not be permitted to practice or play until the suspension is completed. In addition, athletes will be suspended after the OSS is complete as follows:
 - 1st Offense – 1 game suspension
 - 2nd Offense – 2 game suspensions
 - 3rd Offense – Suspension from participation through the end of the school year
- An athlete assigned to in-school suspension (ISS) may not practice or play until the ISS assignment is completed. In addition, athletes will be suspended after the ISS is complete as follows:
 - 1st Offense – 1 game suspension
 - 2nd Offense – 2 game suspensions
- Penalties for violating team rules will be at the discretion of the coach.
- An athlete who quits or is dismissed from a team may not begin participation in a new sport’s season, until completion of the previous sport season.
- Requirements for lettering in a sport will be at the discretion of the coach.
- All players and team personnel must ride to and from the athletic contest on the team bus. Exceptions to this rule may be approved by the coach, with a note signed by the athlete’s parent/guardian. An athlete may ride only with his/her parent/guardian.

STANDARDS OF APPEARANCE OR CLOTHING
Asheboro City Schools Student Dress Code
(Policy 4316)

All students and parents have the right to determine what the student wears *unless* the student's appearance or clothing:

- Violates the reasonable dress code adopted and publicized by the school.
- Is substantially disruptive;
- Is provocative or obscene;
- Endangers the health or safety of the student or others; or
- Is gang-related.

It is the responsibility of the schools to foster good habits of dress and grooming just as it is their responsibility to maintain an atmosphere conducive to optimal learning. It is in the interest of pride in one's self, school, and community for the students in the Asheboro City Schools to be encouraged and expected to dress safely, cleanly, and decently.

Acceptable Standards for Clothing or Appearance

Asheboro City Schools respects the right of the student to choose his/her dress style and appearance. Certain guidelines need to be observed in order to create a wholesome school environment. No clothing or insignia that can be denoted as membership in a gang will be allowed.

STUDENT AND PARENT GRIEVANCE PROCEDURE

(Policy 1742/5060 and 1740/4010)

The Asheboro City Schools are committed to providing an effective means for parents and the community to voice concerns and complaints. In general, the complaint should be received and addressed at the level closest to which the complaint originated. For example, if it involves a teacher, first talk to that individual. If you are still concerned, talk with the principal. Then if you are still concerned, make an appointment to talk with the superintendent or a member of the superintendent's staff.

A grievance is a formal complaint regarding specific decisions made by school personnel. A grievance may be submitted in specific circumstances such as when a student or parent believes that board policy or law has been misapplied, misinterpreted, or violated. Any claims of discrimination on the basis of race, color, national origin, sex, pregnancy, religion, age, or disability also may be submitted as a grievance.

A grievance must be filed as soon as possible but no longer than 30 days after disclosure or discovery of the facts giving rise to the grievance. A student who has a grievance must provide the following information in writing to the principal:

- The name of the school district employee or other individual whose decision or action is at issue;
- The specific decision(s) or actions at issue;
- Any board policy or law that the parent or student believes has been misapplied, misinterpreted, or violated; and
- The specific resolution desired.

Upon receiving the written grievance, the principal will then:

- schedule and hold a meeting with the student within five school days of receiving the grievance request;
- conduct any investigation of the facts necessary before rendering a decision; and
- provide a written response to the written grievance within ten days of the meeting.

If you need additional information about grievance procedures, a copy of the local school board policies is available in each school. You can make arrangements with your school principal to review these policies.

STUDENT DISCIPLINE RECORDS

(Policy 4345)

RETENTION OF RECORDS AND REPORT OF DATA

The principal shall retain in each student's file, in either paper or electronic form, all records related to violations of board policies, the Code of Student Conduct, school standards or school rules.

As required by law, the superintendent shall maintain the following data on each student who was suspended for more than 10 days, reassigned for disciplinary reasons or expelled: race, gender, age, grade level, ethnicity, disability status, type of incident or offense, duration of the suspension, whether alternative education services were provided, and whether the student had multiple suspensions in that academic year.

As secretary to the board, the superintendent also shall maintain records from the board's considerations of 365-day suspensions and expulsions and any readmission reconsiderations of 365-day suspensions and expulsions.

The superintendent shall ensure that data on disciplinary incidents is reported using the state student information system application in accordance with State Board of Education policies and procedures.

DISCLOSURE OF RECORDS

Confidential student records concerning conduct that posed a significant safety risk to the student or others in the school community may be disclosed to teachers and school officials, including teachers and school officials in other schools, who have legitimate educational interests in the behavior of the student.

REMOVAL OF RECORDS

End of Year Removal

The following types of discipline records may not be removed from student records, electronic files and databases at the end of the school year:

- notice of any suspension for a period of more than 10 days and the record of the conduct for which the student was suspended;
- notice of any expulsion under G.S. 115C-390.11 and the record of the conduct for which the student was expelled; and
- any records (including of in-school suspensions or short-term suspensions) that need to be maintained in order to be able to serve the student appropriately or to protect the safety of others.

Expunging Records

The superintendent or designee shall expunge any record of suspension for a period of more than 10 days or expulsion if the following criteria are met:

- a request that the record be expunged is made to the superintendent or designee by the student's parent or guardian, or by the student if the student is at least 16 years old or is emancipated;
- the student either graduates from high school or is not suspended or expelled again during the two-year period commencing on the date of the student's return to school after the expulsion or suspension; and
- the superintendent or designee determines that the maintenance of the record is no longer needed to adequately serve the child or to maintain safe and orderly schools.

In addition, the superintendent may expunge any notice of suspension or expulsion from a student's official record provided that criteria b and c above are met.

STUDENT PROMOTION AND ACCOUNTABILITY *(Policy 3420)*

The board believes that students should progress to the next level of study only after they are proficient in their knowledge and application of the current curriculum level. To the extent reasonably possible, students should be given as much or as little time as they need to be proficient at a particular level of study. Students will be promoted to the next level of study as described in this policy.

STUDENT PROMOTION STANDARDS

Standards will be based, in part, upon proficiency in reading. The standards and process must provide multiple criteria for assessing a student's readiness to progress to the next level of study, such as standardized test scores, formative and diagnostic assessments, grades, a portfolio or anthology of the student's work and, when appropriate, accepted standards for assessing developmental growth. The standards and process will incorporate all state law and State Board of Education policy requirements, including those for the assessment and promotion of third grade students as described in G.S. 115C-83.6 et seq. and State Board of Education Policies KNEC-002 and -003.

Principals shall ensure that the promotion standards are used by teachers and school administrators in assessing each student's readiness to progress to the next level of study. Principals have the authority to promote or retain students based upon the standards approved by the board and any applicable standards set by the State Board of Education.

LOCAL PROMOTION STANDARDS

1. Grades Kindergarten, 1 and 2

Students in grades K, 1 and 2 will be expected to demonstrate grade level proficiency on the current state instructional standards in reading, writing, and mathematics. - b. K-2 math benchmark assessments
- c. Demonstration of the current state grade level instructional standards
- d. Teacher observation and recommendation
- e. Reading 3D Diagnostic Data

Students who are performing below grade level will be provided intervention strategies according to the school remediation plan and the student's individual growth plan. Students who are still performing below grade level after receiving intervention will not be promoted, unless otherwise determined by the school principal in accordance with Subsection E of this policy.

2. Grades 3-5

Students in grades 3, 4 and 5 will be expected to demonstrate grade level proficiency in reading, writing, mathematics, science, and social studies. Multiple measures are to be used to determine grade level proficiency including, but not limited, to:

- a. Standardized test scores from the North Carolina End-of-Grade tests
- b. Demonstration of the current state grade level instructional standards
- c. K-5 portfolios, including writing samples
- d. Benchmark assessments
- e. Teacher observation and recommendation
- f. Reading diagnostic data

Students who are performing below grade level will be provided intervention strategies according to the school remediation plan and the student's individual growth plan. Students who are still performing below grade level after receiving intervention will not be promoted, unless otherwise determined by the school principal in accordance with Subsection E of this policy.

3. Grades 6-8

Students in grades 6, 7 and 8 will be expected to demonstrate grade level proficiency in reading, writing, mathematics, science, and social studies. Multiple measures are to be used to determine grade level proficiency including, but not limited, to:

- a. Standardized test scores from the North Carolina End-of-Grade tests
- b. Pass five courses: Including language arts, mathematics, and science or social studies
- c. Grades
- d. Student work portfolios, including writing samples
- e. Benchmark assessments
- f. Teacher observation and recommendation

Students who are performing below grade level will be provided intervention strategies according to the school remediation plan and the student's individual growth plan. Students who are still performing below grade level after receiving intervention will not be promoted, unless otherwise determined by the school principal in accordance with Subsection E of this policy.

4. Grades 6-8 End of Course, End of Grade, and North Carolina Final Exams

The End of Course (EOC), End of Grade (EOG) and North Carolina Final Exam results shall count as twenty percent (20%) of a student's final grade in each middle school course for which such a test is administered. To earn high school credit for a course with an EOC assessment, in grades 6 through 8, a student must demonstrate College and Career Readiness by performing at achievement level 4 or 5. Students not demonstrating College and Career Readiness, performing below achievement level 4, shall retake the course. Middle school students requiring multiple final assessments, within a single subject, should have the assessments averaged for the final exam score. This requirement does not apply for students assessed on the Extended Content Standards or for students assessed on the Extended Content Standards or English Learner students in their first year in the United States.

5. High School End of Course Tests

The End of Course (EOC) assessment, North Carolina Final Exam and vocational post assessment results shall count as twenty percent (20%) of a student's final grade in each high school course for which such a test is administered. This requirement does not apply for students following the Future Ready Occupational Course of Study or for students assessed on the Extended Content Standards or English Learner students in their first year in the United States (State Board of Education Policy TEST-003). All other high school courses are also required to administer a final exam, which shall count as twenty percent (20%) of a student's final grade.

6. Diploma Standards

To receive a North Carolina high school diploma, a student must complete the requirements set forth in policy 3460, Graduation Requirements.

INTERVENTION FOR STUDENTS UNLIKELY TO MEET PROMOTION STANDARDS

The goal of Asheboro City Schools is to identify, as early as possible, students who are unlikely to meet the standards for progression to the next level of study so that the school can provide appropriate intervention. Intervention must be provided for any student who does not meet grade level proficiencies established by the State or who is determined to be at-risk of not meeting grade level proficiencies or making progress toward graduation established by the Local Board or State.

Every student who does not meet grade level proficiency, is at risk of academic failure, or is not making progress toward graduation shall have developed for them an individual growth plan constructed by the student's teacher(s) whether the student is promoted or retained. Each plan shall include student assessment data, intervention strategies, and progress monitoring strategies (Students At Risk of Academic Failure, policy 3405).

CREDIT BY DEMONSTRATED MASTERY

The superintendent, or designee, shall provide opportunities for students in grades 7 through 12 to earn course credit by demonstrating mastery of course material without first completing the regular period of classroom instruction in the course. Students in middle school may earn credit by demonstrated mastery for high school courses offered in middle school. To earn credit by demonstrated mastery, students must demonstrate a deep understanding of the content standards and application of knowledge through a multi-phase assessment, in accordance with standards established by the State Board of Education and any additional standards established by the superintendent.

REPEATING A COURSE FOR CREDIT

Repeating a Previously Failed Course

As provided in State Board of Education policy GCS-M-001, high school students who fail a course for credit may repeat that course. To take advantage of this option, the student must repeat the entire course. Beginning with the 2015-16 school year, when a student initially fails a high school course and successfully repeats the course for credit, the new course grade will replace the original failing grade for the course on the student's transcript and in calculations of the student's GPA, class rank, and honor roll eligibility. The superintendent may develop procedures for students to indicate their intent to repeat a course for credit under this paragraph and may establish any other rules as necessary and consistent with State Board policy.

Repeating a Course for which Credit was Earned (Grade Replacement)

The board recognizes that high school students may need to repeat a course for which they have earned credit in order to increase their understanding of the course content, to improve skill mastery, or to meet postsecondary goals. Students may repeat a course for which they have previously earned credit, subject to the following preconditions and any other reasonable rules established by the superintendent:

- a. the student must make a written request to repeat the course;
- b. the principal or designee must approve the request;
- c. there must be space available after seats have been assigned to students who are taking the course for the first time or repeating a previously failed course;
- d. the course to be repeated must be a duplicate of the original class and course number and must be taken during the regular school day at a high school in this school system or through the North Carolina Virtual Public School;
- e. upon completion of the repeated course, the higher course grade, current or original mark, will be used on the student's transcript and in calculations of the student's GPA, class rank, and honor roll eligibility;
- f. credit towards graduation for the repeated course will be given only once;
- g. a course may be repeated only one time; and
- h. students may repeat a maximum of four previously passed courses during their high school careers.

The superintendent shall require notice to students and parents of these preconditions and of any other relevant information deemed advisable by the superintendent.

ACCELERATION

Some students may need less time to learn the curriculum. The Board recognizes our responsibility to provide an array of services that maximizes the potential of each of these students. Teachers are encouraged to challenge these students by expanding the curriculum, providing opportunities to explore subjects in greater detail or providing different types of educational experiences. Differentiated programs and services may be provided through such strategies as appropriate classroom groupings, increased pace instruction, challenging subject classes, differentiated units, content modification, subject advancement, grade skipping, alternative products, enrichment opportunities, curriculum compacting, or individual projects and contracts. To challenge a student sufficiently, the principal may reassign the student to a different class or level of study and/or may identify concurrent enrollment or other curriculum expansion options (see policy 3101, Dual Enrollment).

NOTIFICATION TO PARENTS

The superintendent or designee shall provide information regarding promotion standards to all students and parents. In addition, if a kindergarten, first grade, second grade or third grade student (1) is demonstrating difficulty with reading development; (2) is not reading at grade level; or (3) has an individual growth plan under G.S. 115C-105.41, the student's teacher shall provide the student's parents timely written notice advising that if the student is not demonstrating reading proficiency by the end of third grade, the student will be retained, unless exempt from mandatory retention for good cause. Parents are encouraged to help their children meet the promotion standards and will have opportunities to discuss the promotion standards and procedures with teachers and the principal. Information provided to parents should be in the parents' native language when appropriate foreign language resources are readily available.

The teacher of a student who does not meet promotion standards must notify the student's parents that the student has failed to meet the standards for progression to the next level of study and must provide the parents with information concerning retesting, intervention, review and appeal opportunities. When a student is to be retained, the principal shall provide the student's parents written notice of the retention and, if the student will be retained in accordance with G.S. 115C-83.7(a) for failure to demonstrate reading proficiency, (1) written notice of the reason the student is not eligible for a good cause exemption as provided in G.S. 115C-83.7(b) and (2) a description of proposed reading interventions that will be provided to the student to remediate identified areas of reading deficiency. Teachers shall provide parents of students retained under G.S. 115C-83.7(a) at least monthly written reports on student progress toward reading proficiency. The evaluation of a student's progress will be based upon the student's classroom work, observations, tests, assessments and other relevant information.

SURVEYS OF STUDENTS

(Policy 4720)

The school district must obtain prior written consent of a parent or eligible student before the student is required to participate in any Department of Education-funded survey, analysis or evaluation that reveals information concerning the following protected topics:

- Political affiliations or beliefs of the student or student's parent;
- Mental or psychological problems of the student or the student's family;
- Sex behavior and attitudes;
- Illegal, antisocial, self-incriminating or demeaning behavior;
- Critical appraisals of other individuals with whom respondents have close family relationships;
- Legally recognized privileged or analogous relationships, such as those of lawyers, physicians and ministers;
- Religious practices, affiliations or beliefs of the student or the student's parents; or
- Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

Parents will have the right to review surveys that may contain these topics and may opt their children out of participating in the survey(s).

TECHNOLOGY RESPONSIBLE USE

(Policy 3225/4312/7320)

Technology Resources are provided by the Board of Education to enhance learning and improve communication. Board Policy 3225/4312/7320 governs the use of all school system technological resources. View the complete policy under Board Policies on the Asheboro City School Website at www.asheboro.k12.nc.us.

EXPECTATIONS FOR USE OF SCHOOL TECHNOLOGICAL RESOURCES

The use of school system technological resources is a privilege not a right. Users are responsible for their behavior and communications. Responsible use is ethical respectful, academically honest and supportive of learning. All student behavior standards both on or off school property apply to use of technological resources as well.

RULES FOR USE OF SCHOOL TECHNOLOGICAL RESOURCES

1. School system technological resources are provided for school-related purposes only. Acceptable uses of such technological resources are limited to responsible, efficient and legal activities that support learning and teaching. Use of school system technological resources for commercial gain or profit is prohibited. Student personal use of school system technological resources for amusement or entertainment during instructional time is also prohibited. Because some incidental and occasional personal use by employees is inevitable, the board permits infrequent and brief personal use by employees so long as it occurs on personal time, does not interfere with school system business and is not otherwise prohibited by board policy or procedure.
2. Under no circumstance may software purchased by the school system be copied for personal use.
3. Students must comply with all applicable laws, including those relating to copyrights and trademarks, confidential information, and public records. Any use that violates state or federal law is strictly prohibited. Plagiarism of Internet resources will be treated in the same manner as any other incidents of plagiarism, as stated in the Code of Student Conduct.
4. No user of technological resources, including a person sending or receiving electronic communications, may engage in creating, intentionally viewing, accessing, downloading, storing, printing or transmitting images, graphics (including still or moving pictures), sound files, text files, documents, messages or other material that is obscene, defamatory, profane, pornographic, harassing, abusive or considered to be harmful to minors.
5. The use of anonymous proxies to circumvent content filtering is prohibited.
6. Users may not install or use any Internet-based file sharing program designed to facilitate sharing of copyrighted material.
7. Users of technological resources may not send electronic communications fraudulently (i.e., misrepresenting the identity of the sender).
8. Users must respect the privacy of others. When using e-mail, chat rooms, blogs or other forms of electronic communication, students must not reveal personally identifying information, or information that is private or confidential such as the home address or telephone number, credit or checking account information or social security number of themselves or fellow students. For further information regarding what constitutes personal identifying information, see policy 4705/7825, Confidentiality of Personal Identifying Information. In addition, school employees must not disclose on school system websites or web pages or elsewhere on the Internet any personally identifiable, private or confidential information concerning students (including names, addresses or pictures) without the written permission of a parent or guardian or an eligible student, except as otherwise permitted by the Family Educational Rights and Privacy Act (FERPA) or policy 4700, Student Records. Users also may not forward or post personal communications without the author's prior consent.

9. Users may not intentionally or negligently damage computers, computer systems, electronic devices, software, computer networks or data of any user connected to school system technological resources. Users may not knowingly or negligently transmit computer viruses or self-replicating messages or deliberately try to degrade or disrupt system performance. Users must scan any downloaded files for viruses.
10. Users may not create or introduce games, network communications programs or any foreign program or software onto any school system computer, electronic device or network without the express permission of the technology director or designee.
11. Users are prohibited from engaging in unauthorized or unlawful activities, such as “hacking” or using the computer network to gain or attempt to gain unauthorized or unlawful access to other computers, computer systems or accounts.
12. Users are prohibited from using another individual’s ID or password for any technological resource without permission from the individual. Students must also have permission from the teacher or other school official.
13. Users may not read, alter, change, block, execute or delete files or communications belonging to another user without the owner’s express prior permission.
14. If a user identifies a security problem on a technological resource, he or she must immediately notify a system administrator. Users must not demonstrate the problem to other users. Any user identified as a security risk will be denied access.
15. Views may be expressed on the Internet or other technological resources as representing the view of the school system or part of the school system only with prior approval by the superintendent or designee.

RESTRICTED MATERIAL ON THE INTERNET

The school system uses content filtering as a reasonable precaution to prevent students from accessing materials that is deemed harmful to students or does not serve a legitimate academic purpose.

The board is not responsible for the content accessed by users who connect to the Internet via their personal mobile telephone technology (e.g., 3G, 4G service).

PARENTAL CONSENT

Because of the possibility that students could obtain access to inappropriate materials when online, the parent and student must consent to the student’s independent access to the internet and to monitoring of the student’s e-mail communication by school personnel.

PRIVACY

Students, employees, visitors, and other users have no expectation of privacy in anything they create, store, send, delete, receive, or display when using the school system’s network, devices, Internet access, email system, or other technological resources owned or issued by the school system, whether the resources are used at school or elsewhere, and even if the use is for personal purposes.

USE OF PERSONAL TECHNOLOGY ON SCHOOL SYSTEM PROPERTY

Use of personal devices are governed by policy 4318, Use of Wireless Communication Devices. View the complete policy under Board Policies on the Asheboro City School Website at www.asheboro.k12.nc.us.

The school system is not responsible for the theft, loss, or damage to a personal device.

PERSONAL WEBSITES

The superintendent may use any means available to request the removal of personal websites that substantially disrupt the school environment or that utilize school system or individual school names, logos or trademarks without permission.

TITLE I PARENT AND FAMILY ENGAGEMENT *(Policy 1320/3560)*

The board of education recognizes the value of family engagement in a child's academic success and believes that the education of children is an ongoing cooperative partnership between the home and the school. Parents and other family members are their children's first teachers; therefore, the continued involvement of parents and other family members in the educational process is most important in fostering and improving educational achievement. School system officials shall strive to support parents and provide parents and other family members with meaningful opportunities to become involved in the programs offered by the Title I schools. The board encourages parents and other family members to participate in the design and implementation of the programs and activities in order to increase the effectiveness of the school system's Title I program in helping students meet state and local achievement standards.

DEFINITION OF PARENT AND FAMILY ENGAGEMENT

For the purposes of this policy, the term "parent and family engagement" means the participation of parents, ~~and~~ guardians, and other family members in regular, two-way and meaningful communication involving student academic learning and other school activities, including ensuring the following:

1. that parents and family members play an integral role in assisting their child's learning;
2. that parents and family members are encouraged to be actively involved in their child's education at school;
3. that parents are full partners in their child's education and parents and family members are included, as appropriate, in decision making and on advisory committees to assist in the education of their child; and
4. that the school system utilizes activities to support parent in the Title I programs.

PURPOSE AND OPERATION OF TITLE I PROGRAM

The Title I program is a federally supported program that offers assistance to educationally and economically disadvantaged children to help ensure they receive an equitable, high-quality, well-rounded education and meet the school system's challenging academic standards. The Title I program provides instructional activities and supportive services to eligible students over and above those provided by the regular school program.

Qualified Title I schools will operate as school-wide programs or targeted assistance programs based upon federal eligibility criteria. School-wide programs will provide a comprehensive support to offer improved opportunities for all students in the school to meet the school system's academic standards. Targeted assistance programs will provide services to eligible students most in need of assistance in the school as determined by objective criteria established by the superintendent or designee. Eligibility criteria may include, for example, standardized test scores, teacher judgment, and results of preschool screening and home-school surveys.

Both school-wide and targeted assistance programs shall be based on effective means of improving student achievement and shall include evidenced-based strategies to support parent and family engagement.

PARENTAL AND FAMILY ENGAGEMENT EFFORTS

The board believes that the involvement of Title I parents and family members in the design and implementation of the Title I program will increase the effectiveness of the program and contribute significantly to the success of the children. The Title I staff and all school system personnel shall strive to conduct outreach to parents and family members and involve them in activities throughout the school year.

In addition, school system officials and Title I school personnel shall do the following:

1. involve parents and family members in the joint development of the Title I program and school support and improvement and the process of school review and improvement by including parents on the school advisory committee and any committees that review the Title I program;
2. provide coordination, technical assistance and other support from various central office departments necessary to assist and build the capacity of all participating schools in planning and implementing effective parent and family engagement activities that are designed to improve student academic achievement and school performance;
3. coordinate and integrate parent and family engagement strategies in the Title I program to the extent feasible and appropriate with parent engagement strategies established in other federal, state, or local laws and programs;
4. with the meaningful involvement of parents, conduct an annual evaluation of the content and effectiveness of the school system parent and family engagement policies and program in improving the academic quality of the school and assisting students to meet the school system's academic standards;
5. strive to eliminate barriers to parental participation by assisting parents who have disabilities and parents who are economically disadvantaged, have limited English proficiency, are migratory, or have other backgrounds or characteristics that may affect participation;

6. provide outreach and assistance to parents and family members of children who are participating in Title I programs in understanding the state's testing standards, the assessments used, Title I requirements and all national, state and local standards and expectations through such efforts as community-based meetings, posting information on school websites, sending information home, newsletters, workshops and newspaper articles;
7. design a parent–student–school staff compact that sets out respective responsibilities in striving to raise student achievement and explains how an effective home/school partnership will be developed and maintained;
8. with the assistance of parents, ensure that teachers, specialized instructional support personnel, principals and other staff are educated in the value of parents as partners in the educational process and understand how to work with, communicate with and reach out to parents as equal partners in education;
9. distribute to parents information on expected student proficiency levels for their child and the school's academic performance, and provide materials and training to help parents monitor their child's progress and work with educators to improve achievement through such methods as literacy training or using technology, which may include education about the harms of copyright piracy;
10. coordinate and integrate, to the extent feasible and appropriate, parental involvement programs and activities with federal, state, and local program including public pre-school programs and conduct other activities in the community that encourage and support parents to more fully participate in the education of their child;
11. strengthen the partnership with agencies, businesses and programs that operate in the community, especially those with expertise in effectively engaging parents and family members in education;
12. ensure that parents are involved in the school's Title I activities; and
13. provide such other reasonable support for Title I parental involvement activities as requested by parents.

USE OF PERSONAL ELECTRONIC DEVICES

(Policy 4318)

Personal Devices are an important tool used by students for communication with parents and guardians. Board Policy 4318 governs the use of wireless communication devices. View the complete policy under Board Policies on the Asheboro City School Website at www.asheboro.k12.nc.us. Students are permitted to possess personal devices on school property as long as local school rules and directions from school personnel are followed.

Authorized Use

Personal or instructional use of a personal device during the school day must be authorized by appropriate school personnel. Use before or after school is generally permitted. Use may be prohibited if interfering with safe operation of a school bus or if a student is participating in an elementary or middle school after-school program.

Consequences of Unauthorized Use

School employees may immediately confiscate any device if suspected of unauthorized use. Disciplinary consequences for unauthorized use will be consistent with Section D of policy 4300, Student Behavior Policies.

The following factors should be considered when determining appropriate consequences: whether the wireless communication device was used (1) to reproduce images of tests, obtain unauthorized access to school information or assist students in any aspect of their instructional program in a manner that violates any school board policy, administrative regulation or school rule; (2) to bully or harass other students; (3) to send illicit text messages; (4) to take and/or send illicit photographs; or (5) in any other manner that would make more severe disciplinary consequences appropriate.

Search of Wireless Communication Devices

Search of a student's personal device may occur if a school official has reason to believe the search will provide evidence that the student has violated or is violating a law, board policy, the Code of Student Conduct, or a school rule. Student Searches are governed by policy 4342, Student Searches. View the complete policy under Board Policies on the Asheboro City School Website at www.asheboro.k12.nc.us.

Liability
