

Senior ACT Attendance Requirements for September 22, 2020

Parents & Students,

In the spring of each school year, juniors in Dickson County Schools have the opportunity to take the ACT test at their zoned school. This past spring the juniors did not have the opportunity to take the ACT due to closure of schools because of the COVID pandemic.

To rectify this missed opportunity, SENIORS, whether attending school in person or remotely, will be reporting to their zoned schools to take the ACT test. On Tuesday, September 22, seniors report to Dickson County High School to take the ACT test. This is a paper and pencil test. Please bring #2 lead pencils (no mechanical pencils) your ACT approved calculator. (Look on ACT website for this information)

In order to follow CDC guidelines with proper distancing within the classrooms for administering the test, ONLY SENIORS will report school on September 22. Our goal is to have ten or fewer students in a classroom. On this date, freshmen, sophomores, and juniors will work remotely from home.

The elementary and middle schools are not changing schedules, and instruction will continue as normal.

We will share more details prior to September 16th
