Skyward Family & Student Access Overview

Dickson County High School is dedicated towards helping all parents and guardians to be easily involved with their child's educational team. In our ongoing effort to increase communication between school and home, we are pleased to offer Skyward Family Access to our families. Skyward is our statewide student information system, and all families have access to the system. With this online ability, you will be able to view your child's schedule, daily attendance, quarter/semester grades and grade books, and general and emergency information. The information is on a secure server, and you will access the information using a unique login and password. Your Family Access login will work for all children who live in your household, regardless of grade level or school of attendance. Please contact your child's school for instructions on how to obtain your login.
