

# DICKSON COUNTY HIGH SCHOOL

## 2022 SUMMER LEARNING INFORMATION

---

For students in grades 9-12, Dickson County High School is offering a Summer Credit Recovery Program that will begin on June 6 and will run through June 28, 2022 from 8:00am until noon. Courses are self-paced and virtual through the Edgenuity system, with support from Dickson County School teachers. All students are expected to attend Summer Credit Recovery for the first ten days. After that, the school will determine whether students can complete the remainder of the course at home.

**Orientation is June 6, 2022 at 8:00am in the DCHS Auditorium** (parents are not required to attend). School rules and policies still apply during summer school.

Students who had an original final grade in the range of 60-69% tend to have the most success completing Summer Credit Recovery Courses due the time constraints.

School counselors will contact students/families to offer credit recovery to potential students. Once a commitment from the student/families is in place, student will be enrolled in the needed course. If you have not heard from your child's school counselor by June 1, 2022. Please contact the school at 615-446-9003.

New Course Credit Courses will require school counselors' approval and are not available for courses with EOC Test Requirements.

***Students may register for a maximum of two credits. After these courses are completed and if time permits the student may discuss taking additional courses with the summer counselor, Ms. Holt.***

If you have any questions about the DCHS Summer Learning Program, please email your school counselor and include your student's full name, grade, and courses you are inquiring about, so that we may best assist you.
