

Avonworth School District is ready to push messages to you with School Rush!

Your School District will be using a new APP for parent communication. We hope you will join in and try this option with the SchoolRush APP to receive updates and reminders from your child's class.

Let's get started!

Parents should receive an email/text from SchoolRush containing their password and information with instructions to download the SchoolRush App.

If you do not receive the email from SchoolRush by 08/27/2018, please follow the steps below:

- 1) Check your SPAM/Junk folders_for email from support@schoolrush.com.
- 2) If it is not in your SPAM or junk folder, contact the building office to make sure that your contact information is accurate.
- 3) If it is not in your SPAM/junk folder and your email is correct, please send a support request to support@schoolrush.com and they will push another password.

What does the SchoolRush APP do?

SchoolRush provides direct push communication and text messages from the school district to you. For example, about bus delays or if we have to cancel school.
