

BCS Reopening Task Force

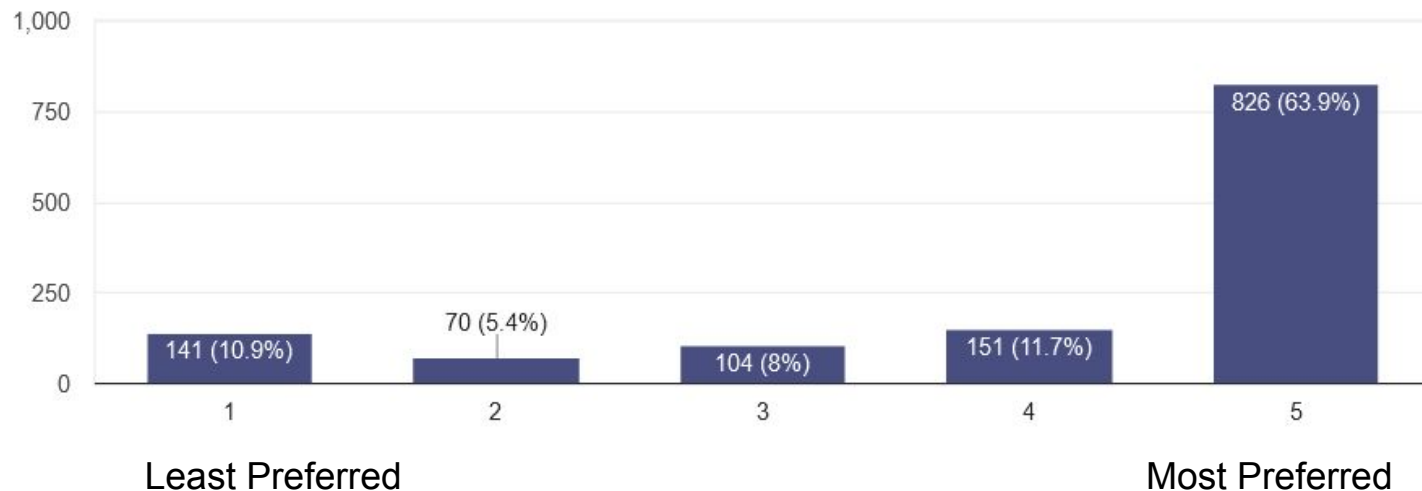

Parents and Staff Survey #2 Results

Parent Responses

ELEMENTARY - For Parents of K-5 Students

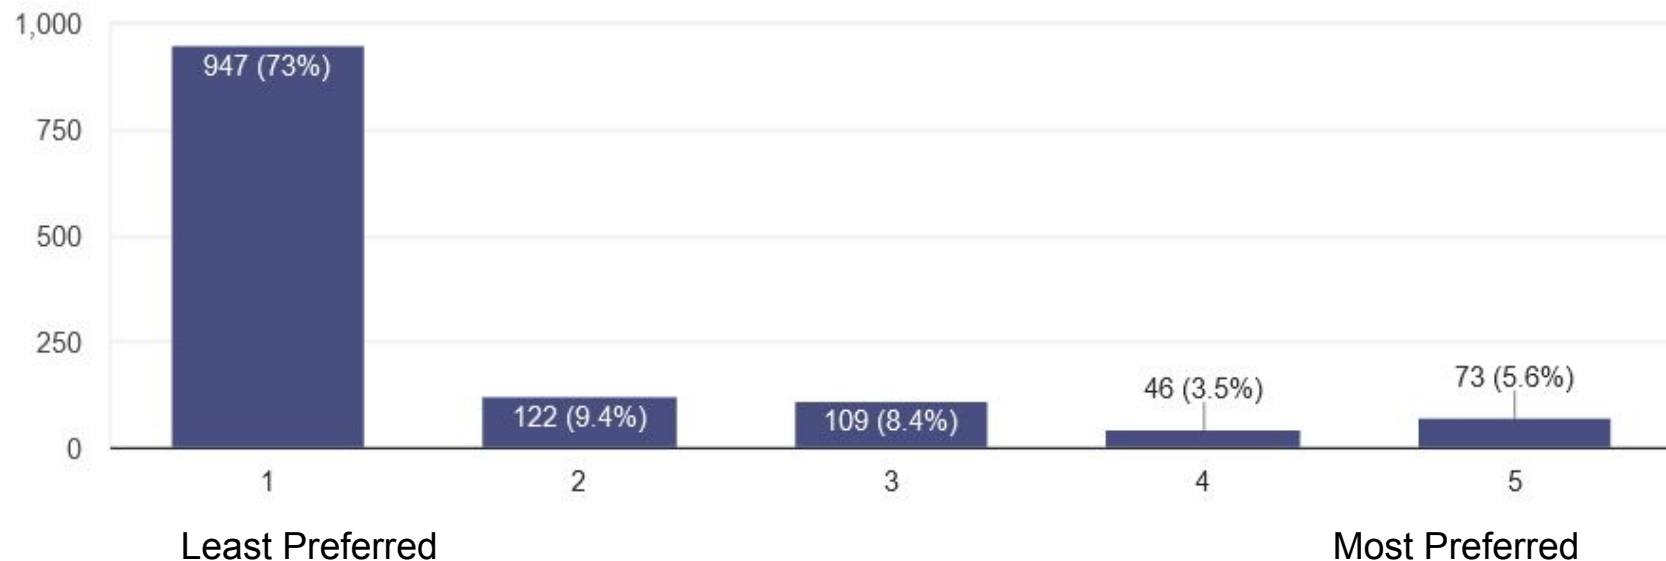

FULL RETURN TO SCHOOL- If permitted by public health, would you prefer a full return to school in 20-21? Students would attend school 5 days a week. Additional cleaning and distancing protocols would be followed to the extent possible with all staff and students in the buildings everyday. To the extent possible, all courses and programs would take place; however, modifications in delivery for some courses may be required for health reasons.

1,292 responses

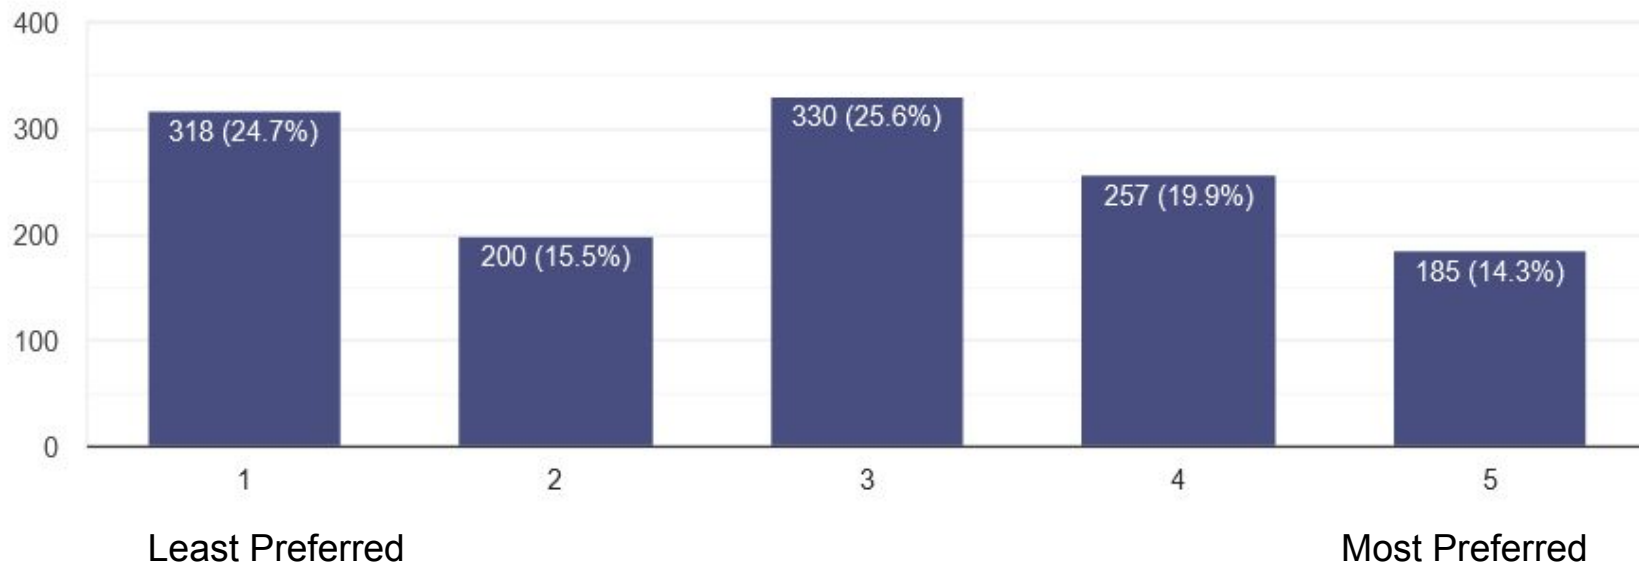

FULL DISTANCE LEARNING- Even if not required, would you prefer your child to learn in a fully distant style? This scenario would be similar to distance learning during fourth quarter but with more time to plan. Also, each student will have a device; this option would include more "face to face" interaction to the extent possible.

1,297 responses

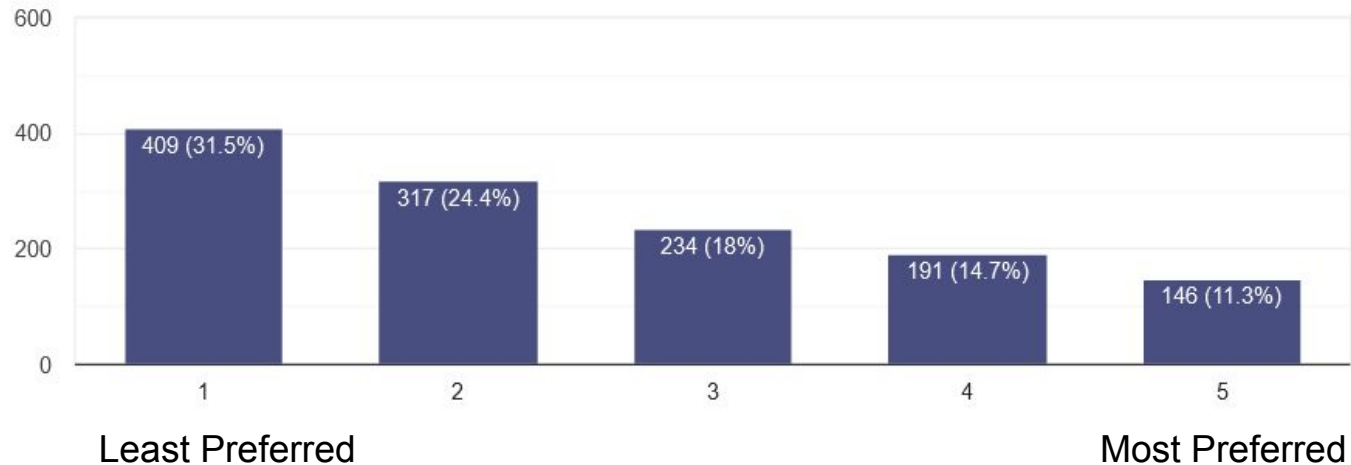

AM/PM HYBRID OPTION - Would you prefer your child to return to school every day, but either in the AM or PM (assignment to be determined later)? This option allows for 6 feet of social distance in classrooms. This option would require some learning online to supplement courses and/or some courses might need to be taught fully online.

1,290 responses

2 DAYS A WEEK HYBRID OPTIONS- Would you prefer your child to attend school in person 2 days a week and from home 3 days a week? This option could mean attend school Mon/Tues and home learning the rest of the week. Another group could attend Wed/Th or Th/Fri in person and at home the other three days. Days of attendance could also alternate on an every other day rotation. If this option for hybrid is selected, we will need additional input to determine the format of days. This option would allow for 6 feet of social distance in classrooms and provide a day for custodians to do a deep cleaning and sanitizing of our spaces. This option would have an impact on the manner in which some courses are taught.

STUDENTS AT MULTIPLE LEVELS

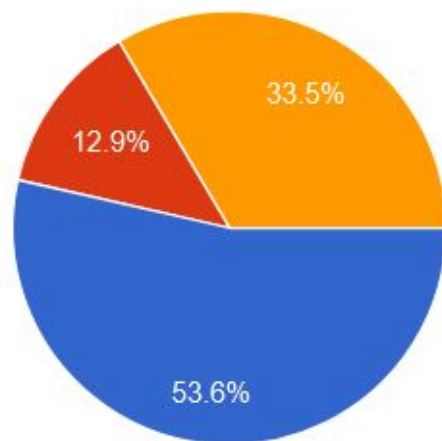

I have children at the following levels (check all that apply)

1,450 responses

How do you feel about different hybrid options at the different levels of school?

1,352 responses

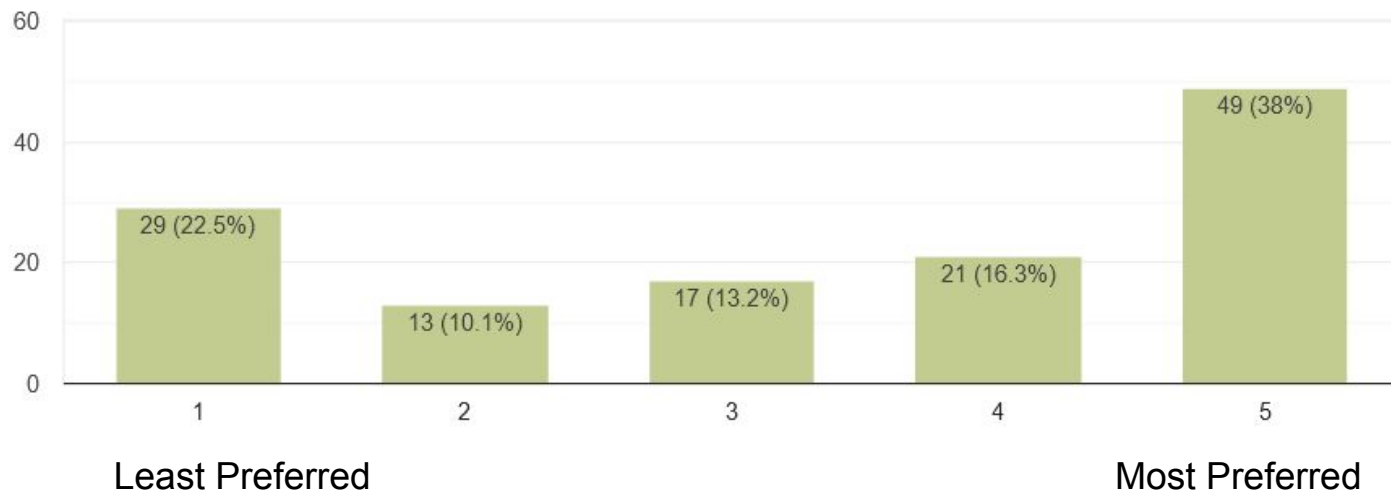

- I would support different approaches at each of the three levels (K-5, 6-8, and 9-12).
- I would support different approaches at two levels: elementary (K-5) and secondary (6-12)
- I would prefer one approach at all levels.

Staff Responses

Elementary - You work at K-5 Building

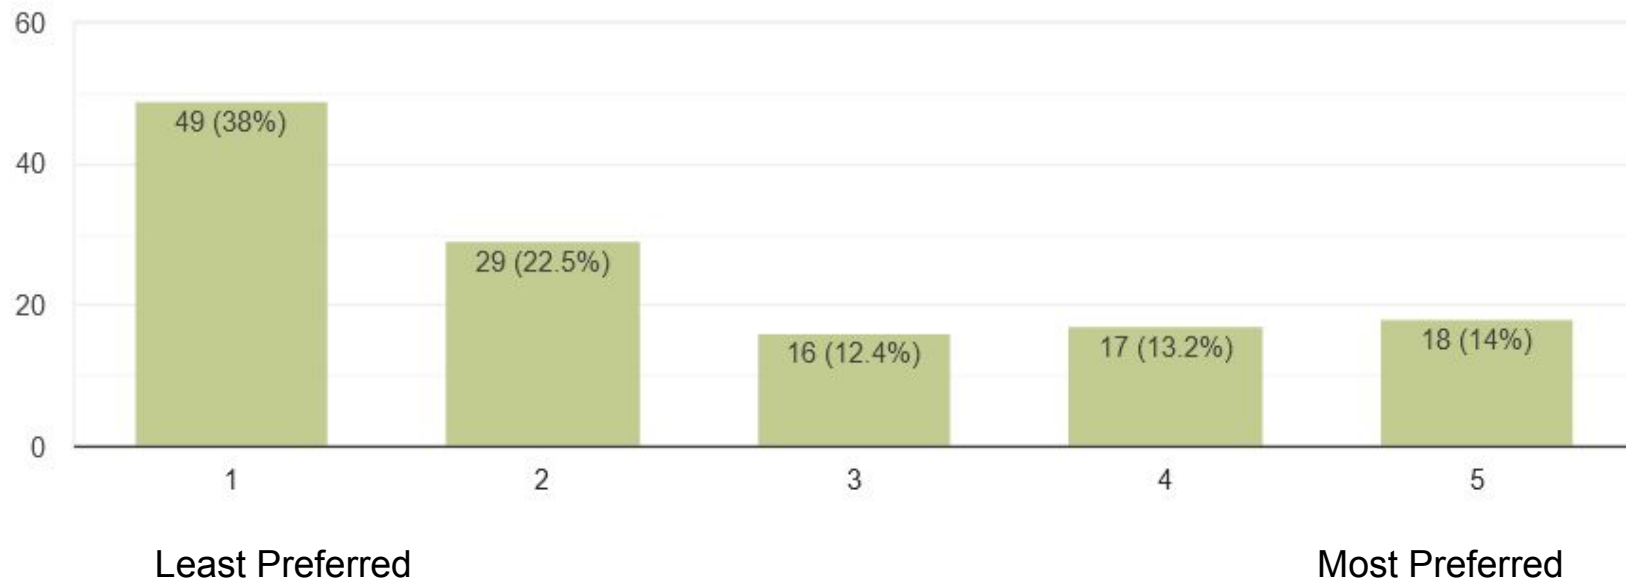

FULL RETURN TO SCHOOL- If permitted by public health, would you prefer a full return to school in 20-21? Students would attend school 5 days a week. Additional cleaning and distancing protocols would be followed to the extent possible with all staff and students in the buildings everyday. To the extent possible, all courses and programs would take place; however, modifications in delivery for some courses may be required for health reasons.

129 responses

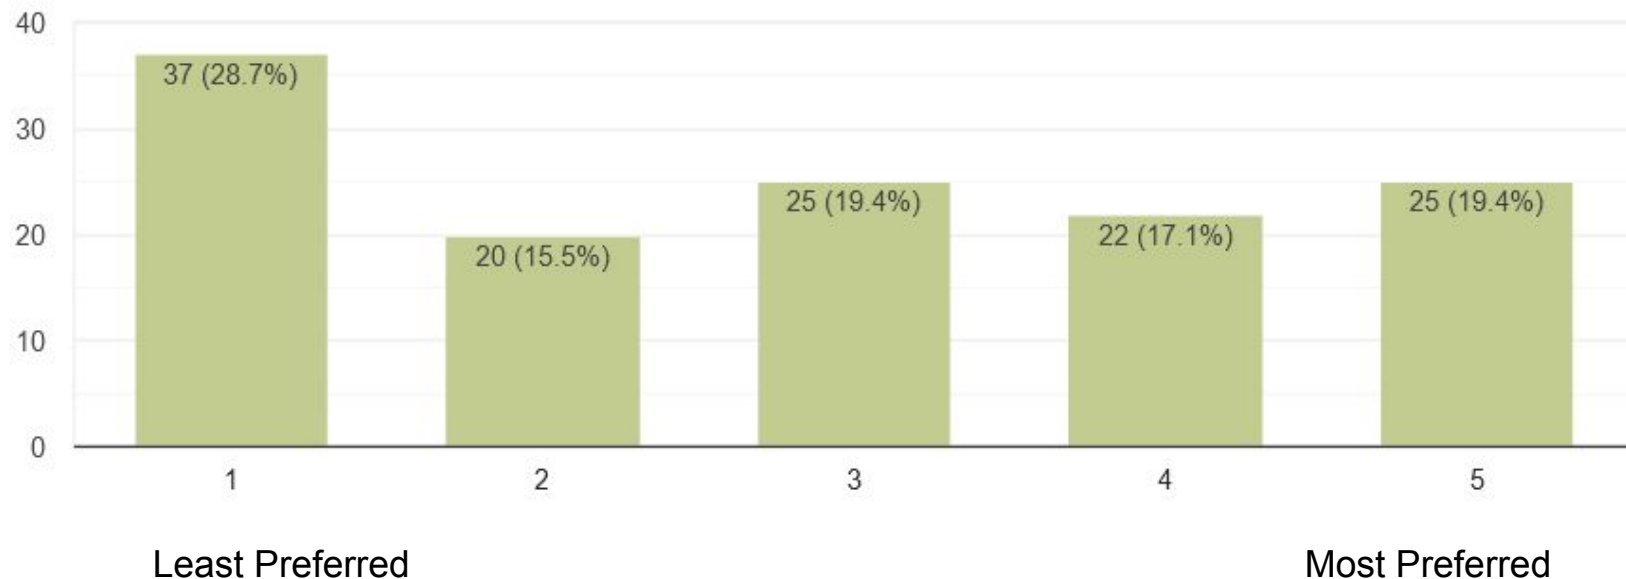

FULL DISTANCE LEARNING- Even if not required, would you prefer a fully distant style? This scenario would be similar to distance learning during fourth quarter, but we have more time to plan and would focus on new instruction for all students. Also, each student will have a device; this option would include more "face to face" interaction to the extent possible.

AM/PM HYBRID OPTION - Would you prefer students to return to school every day, but either in the AM or PM (assignment to be determined later)? This option allows for 6 feet of social distance in classrooms. This option would require some learning online to supplement courses and/or some courses might need to be taught fully online.

129 responses

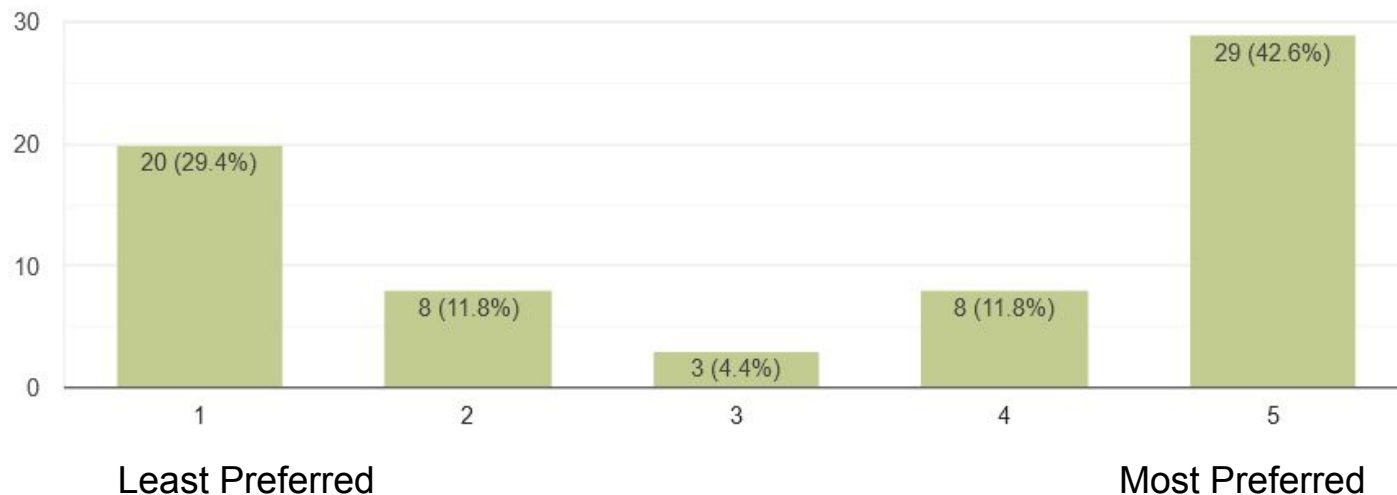

2 DAYS A WEEK HYBRID OPTIONS- Would you prefer students to attend school in person 2 days a week and from home 3 days a week? This option could mean attend school M/T and home learning the rest of the week. Another group could attend W/Th or Th/F in person and at home the other three days. Days of attendance could also alternate on an every other day rotation. If this option for hybrid is selected, we will need additional input to determine the format of days. This option would allow for 6 feet of social distance in classrooms and provide a day for custodians to do a deep cleaning and sanitizing of our spaces. This option would have an impact on the manner in which some courses are taught.
