Students are reminded that speeding, cutting corners, swerving at others, and passing other vehicles in parking lots is not permitted.

Students are not permitted to drive between the middle school and football field until the buses have left campus after school. Students must use the elementary entrance to the west side of the tennis courts to access the Den parking lot if they are driving there immediately after school.

Students are not permitted to drive between the middle school and soccer field to get to the Den after school. This area is very busy after school with parents picking up their middle school students.

Driving is a privilege, and safe driving is a responsibility that must be taken seriously to avoid serious injuries or worse. Please talk to your student(s) about driving responsibly and contact the high school office if you witness dangerous driving on campus.
