## INTRODUCTION

Welcome to Mapleton Elementary School! The staff are pleased to have you as a student, and we will do our best to help make your experience here as enjoyable and successful as you wish to make it. To help provide a safe and productive learning environment for students, staff, parents and visitors, we publish this Student/Parent Handbook annually to explain students' rights, responsibilities, and consequences for misbehavior.

In the interest of saving space, portions of this Handbook are shortened versions of the official policies adopted by the Board of Education. Adoption of this Handbook by the Board is not intended to amend those policies. Parents are encouraged to review and discuss the information in this Handbook with their school-age children. Thank you for taking the time to become familiar with the important information in this Handbook. If you have any questions, please contact the building principal:

Breakfast is served from 7:50AM to 8:10AM. Students will be considered tardy to school if they enter the building between 8:15AM and 9:00AM on regular school days.

### MORNING DROP-OFF PROCEDURE

Students that do not ride the bus to school should be dropped off at the back of Mapleton Elementary School as indicated in the diagram. Students should not cross the front drive between the parking lot and the main entrance unless accompanied by a parent. The front drive is utilized by our school's buses in the morning. Please share this drop-off information with any family member that might also drop off your child.

### END-OF-DAY, CAR-RIDER DISMISSAL

The end-of-day pick-up route for parents/ guardians is identical to the morning drop-off route. We understand that many parents like to arrive at school early to wait for their child to be dismissed. Please refrain from using your phone during this time so that your undivided attention is on picking up your child in a safe and orderly manner. There will be no picking up of students in the school Office as a means of regular dismissal. ## MAPLETON ONEVIEW PORTAL

The Mapleton OneView Portal is located as a main tab on the District website (<http://www.mapleton.k12.oh.us/>). Parents must complete enrollment and registration forms for each student/child, each year. Emergency Medical Forms and other permissions are included during the registration process on OneView.

## STUDENT RECORDS & DIRECTORY INFORMATION

The Mapleton Local School District maintains student records in compliance with its obligations under the Family Educational Rights and Privacy Act (FERPA) and the Ohio Student Records Privacy Act. Except for information that is designated as directory information by the student or student's parents, or as authorized by law, student records and personally identifiable information contained within shall not be disclosed without prior permission from the student's parents.

Mapleton Elementary School classifies the following information as "directory" information, and as such, the information will be disclosed without prior consent:

- Name
- Address
- Date/place of birth
- Dates of attendance and graduation
- Telephone number

#### F. Photograph

Parents who want to prohibit or prevent the release of directory information may opt out of such disclosure by providing written notice to the District. Please contact the MES Office for more information.

### **FEES & FINES**

A fee schedule will be provided to Mapleton students at the beginning of each school year. These fees apply toward the cost of consumable materials such as weekly readers, workbooks, folders, science lab consumables, etc. Student fees may be paid at the beginning of the year. If financial constraints prohibit paying fees in full, please contact the Office to work out a payment schedule. Students are not required to purchase school-owned textbooks. If a student damages school property/equipment, they must pay for repair or replacement. If library books/materials are lost or damaged, the student is responsible for the cost of repair or replacement. School fees must be paid in order for students to attend field trips. School fees that are not taken care of each year are carried over to each student's account.

### **FREE & REDUCED-PRICE LUNCH**

A Free & Reduced Lunch Application is included as a component of student registration through OneView at the beginning of each school year. Even if you think you may not qualify, please fill out the application and submit it to the school. If your circumstances change and you need an application form at any time during the school year, please contact the Office. You can also visit the school webpage <http://www.mapleton.k12.oh.us/> and locate the application on the Food Service page. Applications must be completed each school year to qualify.

### **CHANGE OF PHONE NUMBER OR ADDRESS**

If your living situation (i.e. address) or phone number changes at any time throughout the school year, **you must notify the Office and login to your child's online student registration page at the Mapleton OneView Portal to update those changes.** It is imperative that we have a current address and phone number on file at all times. If this change involves you living outside of the Mapleton Local School District, you must enroll at the school district where you reside. You may then seek to complete an Open Enrollment application if it is your desire to remain in the Mapleton District. Open Enrollment forms are available online or by calling the Office. The application is reviewed, and then approved or denied by the building administrator.

### **OPEN ENROLLMENT**

A student from any other Ohio school district may be enrolled as permitted by Board policy. Applications and current policies are available March 1 – June 15 on the District website.

### **DRESS CODE & APPEARANCE**

In general, dress styles and grooming should be moderate in nature and should not be such that it causes undue attention to the student, causes a potential safety hazard, and/or disrupts a positive learning environment. Dress code requirements will be observed on all school sponsored trips. In situations where disagreement exists regarding this dress code, building administrators have the final decision as to the appropriateness of all clothing and attire. A written record of violators will be kept in the Office.

Shorts and capris are permitted when the predicted daily high temperature is 60 degrees or above, or by special permission of the building principal. Shorts cannot be higher than fingertip length. Skirts and dresses must be at least fingertip length. Shorts should be worn underneath dresses for participating in activities such as recess and P.E. class.

Pants should be worn at the natural waist. Holes in pants must be below fingertip length. Spandex, yoga pants, or any other form-fitting material deemed inappropriate by school administration will not be permitted. Shirts may not show a bare midriff and/or be sleeveless with less than a 3 adult finger width on the shoulder. This includes dresses with key holes on the sleeves. Low cut clothing is not permitted. Students will not wear clothing that

advertises, promotes, refers to, or illustrates alcoholic beverages, drugs, tobacco, sex, violence, death, cults/satanic symbols, inappropriate language, is disrespectful or has lewd print.

Footwear is required at all times. Students should wear footwear appropriate for the class activities scheduled for that day and for weather conditions. **No flip-flops are permitted.** Sandals or shoes must have a strap across the heel. This is necessary for playground safety. Shoes with wheels in the sole are also not permitted. Barn boots or rubber boots should be clean and fit the foot.

Except on schoolwide special occasions...

- No sunglasses will be worn in the building unless directed by an eye doctor.
- No hats or hoods are to be worn in the building.

Please note:

- Safety precautions may dictate certain types of dress for some classes.
- No excessive piercings.
- No fish/turtle hooks, wallet chains, or excessive adornments are permitted.

Please keep in mind that recesses and gym activities are often held outside, and your child is required to take part in these activities. Please dress accordingly. Failure to comply with the Dress Code guidelines is considered an insubordinate act and will be treated as such. Following are the procedures for violations of the Dress Code:

- **First Offense:** The student will be sent to the Office and may be asked to change clothes. Parents may be contacted to bring clothing if none are available at school. Inappropriate accessories may be confiscated.
- **Second Offense:** Same as 1<sup>st</sup> offense. In addition, the student may be assigned to a lunch detention or after school detention.
- **Third Offense:** Same as 1<sup>st</sup> and 2<sup>nd</sup> offense. In addition, the parents will be asked to bring clothing for the student prior to the student returning to class.

## ATTENDANCE

Regular daily school attendance and punctuality are necessary in order for the learning process to be effective. Frequent absences disrupt the instructional process, which requires a continuity of classroom learning experiences, peer interaction, and study in order to reach the goal of maximum educational benefits for each student. Studies show that students who miss school frequently experience great difficulty in achieving the maximum benefits of instruction. The Board of Education is aware that there are occasions when a student cannot be present and thus may miss an essential learning experience. However, the Board is concerned with each student's total participation which is reflected in the attendance procedures which follow:

### Definition of the School Day

8:15AM - 2:55PM	Regular School Day	(6.17 school hours)
8:15AM - 9:00AM	Tardy to School	
Arriving after 9:01AM	Partial Day Absence	

## NOTIFICATION OF ABSENSE

The responsibility lies with the parent or guardian to notify the MES Office by 8:25AM when their child is absent and state the reason for the absence. Parents/guardians can notify the Office by:

- Call: (419) 945-2188
- E-Mail: MESabsence@imountie.org

**Note:** A parent or doctor's note must also accompany the student upon return to the school. The attendance coordinator begins calling parents who have not contacted the school at 8:25AM. The school is obligated to contact the family of an absent student within the first two hours of a school day.

**All absences and tardies must be confirmed by a parent/guardian's note or doctor's note to excuse the absence within THREE school days of the absence.** If the student fails to provide written verification from the parent/guardian or healthcare provider upon return to school, the absence will be considered unexcused. Parent/ guardian or doctor's notes must include:

- Student's first and last name
- Date of the absence
- Specific reason for the absence
- Signature of parent/ guardian

## PRE-PLANNED ABSENCES

Pre-planned absences are absences that families are aware of in advance of the absence. Examples include family vacation with parent/guardian, court appearances, school-related activities, and Fair Days. Students must submit a Prior Procedural Notification from the parent or guardian two (2) or more days before the absence to the building principal. All assignments must be completed according to the Make-Up Work & Assignments policy. If these procedures are followed, the absence will be excused. Please plan accordingly. These absences count toward students' total hours missed and are reflected in the definition of Excessive Absence.

## TARDINESS TO SCHOOL

Parents/guardians/caregivers should escort their child(ren) into school when they arrive after 8:15AM. Please do not drop your child off at the curb. Students need to be signed into the Office by the adult dropping them off. A secretary will also check your child in upon arrival (i.e. lunch choice, class location). Students will be considered tardy to school if they arrive between 8:15AM through 9:00AM. Students who report to school after 9:01 a.m. will be considered absent. All minutes of tardiness count against your child's attendance hours. We understand that sometimes circumstances occur that are out of your control (car issues, oversleeping, etc.) but efforts need to be made to have your child at school on time each day.

## **EXCUSED & UNEXCUSED ABSENCES**

The building principal will be the final arbiter of whether an absence is to be considered excused or unexcused. According to Ohio law and Board policy, absences will be excused for the following reasons:

- Personal Illness
- Medical, dental or legal appointments
- Quarantine of the home (including head lice)
- Death of a relative
- Observance of Religious Holiday
- Emergency of circumstances which constitute a good and sufficient reason for missing school
- Approved Pre-Planned absence
- Acts of God
- Authorized school-sponsored activities
- Out-of-state travel, not to exceed twenty-four (24) hours per school year that the student's school is open for instruction, for participation in an enrichment activity approved by the Board of Education or an extracurricular activity, defined as a student activity program operated by the District but not included in a graded course of study.
- At the superintendent's discretion, an approved visit with a parent or legal guardian who is an active-duty member of the military (Army, Navy, Air Force, Marine Corps, Coast Guard, or Commissioned Corps of the National Oceanic and Atmospheric Administration and Public Health Service) in connection with deployment or leave, or has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat support posting.

Absence from school for any reason not permitted as listed above, or any absence not confirmed or previously arranged by parent or guardian with the building principal will be considered unexcused. Full, partial, or no credit may be given for missed assignments or tests (at the teacher's discretion) if the absence is considered unexcused. Schoolwork or tests missed due to an in-school or out-of-school suspension will be assessed on a case-by-case basis. Out-of-school suspension will not count against a student's number of unexcused absences.

## **HB 410 REQUIREMENTS**

HB 410 requirements require notification of student absence to parent/guardian, development and implementation of an absence intervention plan, which may include supportive services for students and families, counseling, parent education and parenting programs, mediation, intervention programs available through juvenile authorities, and referral for truancy.

Regular school attendance is important for a students' academic success. Excessive absences interfere with students' progress in gaining necessary skills and knowledge to graduate from high school prepared for higher education or the workforce.

### **EXCESSIVE ABSENCE**

Students absent...

- 38 or more consecutive hours in one school month, with or without a legitimate excuse
  - 65 or more hours in one school year, with or without a legitimate excuse
- are considered excessively absent and will receive a letter of notice from the Mapleton Elementary School Office. Parents/guardians must call the MES Office at (419) 945-2188 to acknowledge receipt of the notice.

### **HABITUAL TRUANCY**

Students absent...

- 30 or more consecutive hours without a legitimate excuse
- 42 or more hours in one school month without a legitimate excuse
- 72 or more hours in one school year without a legitimate excuse

are considered habitually truant. Parents/guardians of habitually truant students will receive a letter notification that an Absence Intervention Team (AIT) has been assembled to develop an AIT plan. Parent/guardian participation on the AIT is required, and a team meeting will be requested.

**NOTE:** If an absence or tardy is accompanied by a doctor's note, it is considered medically excused, and the missed hours will not count toward Excessive Absence or Habitual Truant accretion.

## **ATTENDANCE PLANS**

When a student fails to meet the attendance requirement of MES, the Board of Education, or HB 410, he/she may be put on an Attendance Intervention Plan (AIP). The AIP involves the creation of an Attendance Intervention Team that may include, but is not limited to, the student, the student's parents or guardians, school administration, teachers, and counselors. The details of the AIP will be created with the academic and social-emotional needs of each student in mind. As a result, each AIP is unique to each student. Attendance interventions may include, but are not limited to:

- Specific school attendance requirements
- Specific academic requirements
- Denial of privileges (ex: extracurricular participation, field trips, assemblies, school dances, etc.)

Failure to successfully complete the provisions of the AIP may result in filing a complaint with juvenile court.

## **MAKE-UP WORK & ASSIGNMENTS**

It is the student's responsibility to make arrangements for make-up work and/or tests and quizzes missed upon return to school. No more than one day's make-up time may be permitted for each day of excused absence. Students with unexcused absences must complete all missing assignments. Full, partial, or no credit may be given for these assignments at the teacher's discretion. Parents are required to call the Office at the beginning of the day when their child is going to be absent. During this call, you are encouraged to request assignments for students who are unable to attend school, or if the absence is for several days. The request will be communicated to the teacher. Assignments may be picked up at the end of the school day in the Office, if prior notice was given in the morning, or arrangements can be made to send materials home with a sibling.

# LEARNING

## CODE OF ACADEMIC INTEGRITY

It is the goal of the Mapleton Local School District to maintain high standards for academic excellence. This goal will be achieved through high levels of student performance and achievement. Although standards are set for groups of students, performance levels are attained by individuals.

Each student at Mapleton Elementary School is responsible for his or her own academic achievement. Each student is expected to be honest and to avoid any violation of academic trust such as:

- Giving or receiving aid during an examination, test, quiz, or similar type of evaluation.
- Using unauthorized learning aids, study materials, cheat sheets, etc. during a test. Proper test taking procedures dictate that students must put all study materials, learning aids, textbooks, etc. out of sight and reach prior to the beginning of testing. A violation of academic integrity may occur if any items such as those described above are found to be in close proximity to the student during testing, to the extent that the test proctor may be led to believe that cheating may have occurred.
- Obtaining, circulating or using an examination, test, quiz, answer key, etc. without permission.
- Plagiarizing- "To use the ideas or writings of another as your own, or to appropriate passages or ideas from another and use them as your own" is plagiarism and dishonest.
- Submitting work prepared by another; copying work prepared by another.
- Defacing books or other instructional materials.
- Removing library and department resource materials without authorization.
- Any other action which would not be representative of a student's own academic effort.

Should violations of this Code of Academic Integrity occur, students may expect prompt disciplinary action. A student's status and reputation may be seriously damaged by violations of this nature.

Individual teacher expectations must be explained by the classroom teacher. Since study habits, "paper trail" requirements and procedures, documentation procedures, the kind of collaborative work, etc, may vary from teacher to teacher, these expectations need to be clearly delineated so that students are clear on the Code of Academic Integrity.

Note: In cases involving writing, students are expected to document their work by maintaining a "paper trail" of their notes and rough drafts.

## CONSEQUENCES FOR ACADEMIC INTEGRITY VIOLATIONS

Violation of the Code of Academic Integrity must be reported to the principal, who will record this information in the student's discipline record. The teacher or building administrator is expected to notify the student's parents of the violation and academic consequences.

In cases where a suspected violation of the Code of Academic Integrity occurs, a consultation meeting with the faculty member and the principal will take place. Decisions regarding disciplinary measures will be made after the meeting with the principal, the teacher, and the student. Possible consequences for Code of Academic Integrity violations may include lunch detention, after school detention, in-school suspension, or out-of-school suspension.

When it has been judged that plagiarism has occurred, the offending student, in the case of a first offense, may be assigned to an after-school detention. A second offense of plagiarism may result in suspension. Students involved with plagiarism will also be expected to properly complete the plagiarized class work. Failure to complete this work will result in course failure for the quarter. Even though the assigned work will be completed, the assignment grade will be a failing grade. Repeated violations could result in lengthened periods of suspension.

Since academic integrity is viewed as an essential student quality, a student's discipline record, while held in confidence by the administration, will be considered when determining eligibility for special honors and recognition.

## PARENT & STUDENT PROGRESS BOOK ACCOUNTS

Each student and parent will be able to track student progress throughout the grading period via the web-based software called Progress Book. Mapleton Elementary School will provide usernames and passwords to both the student and the parent to access the software. If a new username or password is needed, call the MES Office and make that request. To access Progress Book, go to the [Mapleton Home Page](#), and click on the Progress Book link under the Quick Links tab.

## **INTERIM REPORTS & GRADE CARDS**

Interim reports may be accessed in Progress Book at the mid-point of each nine weeks/ quarter. Grade cards will be sent home at the end of each grading period.

## **POSSESSION OF STUDENT ASSIGNMENT BOOK**

**3rd, 4th & 5th grade students must bring their student assignment book to every class, every day.** These books will be used for assignments, student handbook issues, and/or for recording hallway and restroom use. Failure to possess this book in class may result in forfeiture of classroom points, hallway and restroom privileges, and other consequences deemed by the individual classroom teacher. Students are not to destroy, tear out pages, or alter the appearance of the book. As a result of destroying the book, etc., the student will be required to purchase a replacement book. A replacement book may be purchased in the Office for \$5.00. The teacher will set their individual rules on the number of passes a student will receive for handbook passes.

## **INDEPENDENT LEARNING ACTIVITIES PROCEDURES**

Independent learning activities, defined as homework and in-class activities that are not intended to be a final measure of student learning on a topic or standard, are often a necessary part of a student's education. Because these are often necessary, the Mapleton Local School District aims to ensure that practices and procedures related to independent learning activities are evidence-informed and meet the needs of all students. Evidence shows that assigning grades to such activities can artificially inflate or deflate a student's achievement record and can harm student motivation. Alternatively, evidence shows that providing a student with prompt and meaningful feedback on such activities, instead of a grade, has a positive impact on student achievement.

### **INDEPENDENT LEARNING ACITIVITIES STATEMENT**

*Independent learning activities such as homework and in-class activities that are not intended to be the final measure of student learning on a topic or standard, are considered an opportunity for students to practice newly learned skills or review previous skills. Because these activities are intended as practice, students should not be judged on the success or failure of that practice. Instead, students should receive timely and meaningful feedback on these activities. Therefore, independent learning activities will not be graded.*

## **AMOUNT OF HOMEWORK**

Evidence and recommendations from various organizations regarding the amount of work that is sent home with students is consistent. Both the evidence and recommendations regarding homework show that students at the lowest grade levels should receive little to no homework, with the acceptable amount increasing with the age and grade level of the student. Based on the evidence and recommendations, Mapleton Local Schools has developed the following procedures:

Grades K-5: Not more than 30 minutes total for all classes combined

Grades 6-8: Not more than 60 minutes total for all classes combined

Grades 9-12: Not more than 20 minutes per class period

Teachers may choose to mark homework as completed or not completed in the gradebook. However, in no circumstance should homework be graded or impact a student's overall grade for the class.

## **LATE OR MISSING WORK**

Students are expected to complete all work assigned to them, which includes independent learning activities. Teachers may assign a "due date" for such activities, but the district recognizes that not all students learn at the same pace. The District also recognizes that factors outside of the control of the teacher or school may impact a student's ability to complete these activities. Since these activities are not graded, students will not receive lower marks because of late or missing work. However, the consequences for late or missing work are sometimes necessary. The most important consequence of late or missing work is the requirement to complete and turn in the work. Because independent learning activities are important to the education of a student, a teacher may establish a "deadline" for turning in these activities. This is different from the due date and allows a student sufficient time to complete and turn in the activities. Students who fail to meet these deadlines will receive the appropriate intervention to help eliminate any current or future barriers or problems.

## **EXTRA CREDIT, BONUS POINTS, COMPLIANCE POINTS**

Extra credit, bonus points, and compliance points do not demonstrate a student's level of learning toward a specific standard. These items lead to a breakdown in the accurate communication of student learning to parents and change the focus from achieving higher levels of knowledge and skills to the accumulation of points. Extra credit, bonus points, and compliance points awarded for acts such as bringing items for the teacher, bringing classroom supplies, turning something in on time (or losing points for late work), attending events or other activities unrelated to learning, turning in a syllabus, or completing a reading log do **not** represent a student's mastery of a standard and will not be included in the calculation of a student's grade.

## **PROJECTS, REPORTS, ESSAYS, PRESENTATIONS, & AFTER-SCHOOL EVENTS RELATED TO LEARNING**

Projects, reports, essays, presentations, and other similar activities often require students to complete work over an extended period of time. This may result in the need for a student to work on items at home, outside of the regular school day. These types of items are not considered independent learning activities and may be graded by the teacher. Similarly, it may be necessary for a student to participate in an after-school event, such as a school play or choir/ band concert. Participation in these types of events may be graded by the teacher.

## **MUSIC PROGRAMS**

Music programs are considered part of the music curriculum and standards. All students enrolled in vocal or instrumental music classes are expected to attend and participate in their respective music programs. If a student does not attend, he/she can expect his/her music grade to be lowered. In cases of emergencies, parents must notify the music teacher, in writing, for an absence to be excused.

## **PHYSICAL EDUCATION REQUIREMENTS**

Should it become necessary for a student to be excused from participation in physical education or going outside for recess, the school will need a note from a physician to not participate due to medical reasons.

Dress for physical education should consist of jeans, athletic pants, or shorts, T-shirts or blouse, and gym shoes. Students without proper footwear will have limited opportunities to participate in physical education activities, due to safety concerns. Efforts will be made to secure proper shoes.

## **TEXTBOOKS**

Textbooks are loaned to students for their use. They are very expensive and must be cared for properly. The fine for a lost book will be the replacement cost of that book. Students will be issued another textbook upon payment of the determined replacement cost. Damage to a book will also result in a monetary fine equal to the amount needed to repair the book. This fine will be set by school officials.

## **ONLINE SCHOOLING/ CLASSES**

Online programs and classes will be available to students for the following conditions/reason during the academic calendar year: students who are seeking courses not offered at Mapleton in the course of study; students with extreme circumstances (such as medical issues). The online program is not a substitute for courses offered at Mapleton. The administrative team will have all final decisions concerning online registration and approval.

## **HOME SCHOOLING**

Parents interested in home schooling their children should contact the superintendent of schools to complete the proper procedures. Parents who want their children to return to Mapleton after being home schooled should contact the school Office to learn about the entry procedure.

## **STUDENT RETENTION PROCESS**

1. Recommendation from teacher or parent to principal by end of third grading period.
2. A Multi-Tiered System of Support (MTSS) Team is formed, and a meeting is scheduled to put together a plan of intervention.
3. The MTSS process is continued into the fourth grading period.
4. Parent recommendations, final grades, progress monitoring, local and state test scores, MTSS recommendations, and other assessments will be used by the team in determining student retention.
5. Parents will be informed of the principal's decision in writing.

Note: All students who have unexcused absences for more than 10% of the required school attendance hours and who are failing two (2) or more core classes will be under review for retention.

# **COMMUNICATION & PARENT INVOLVEMENT**

## **CHAIN OF COMMAND**

We take the education of your child seriously. If your child has a problem during the school day, he or she needs to talk with the teacher that is involved. If you, the parent, become involved, you may seek a meeting or phone conference with the teacher. Often times problems can be resolved by discussing them directly with the teacher first. If after meeting/discussing the issue with the teacher, you are not satisfied, you are encouraged to contact the building administrator.

## **VISITORS**

Parents and other visitors must first report to the MES Office and sign in upon entering the building. Volunteers need to be acknowledged by the Office staff before leaving the Office. This is required by Board policy and is for every student's safety and protection. All visitors will wear a visitor's ID while in the building. Parents are welcome to visit their child's class or lunch at any time so long as they have planned with the school at least 24 hours in advance. Visiting the classroom is at the teacher's discretion and they have the final say as to whether a visit to the classroom is feasible. We ask that you do not bring other children along when you visit the class. Student visitors from other schools cannot always be accommodated, and permission must be received from the building principal. Pursuant to Ohio Revised Code Section 2923.122 no persons shall knowingly possess or have under the person's control, convey or attempt to convey, a deadly weapon or dangerous ordnance onto the premises.

## **VOLUNTEERS**

One of the goals of our school is to utilize parents and the community to support our curriculum. Sharing travel experiences, hobbies, special talents, experiences, and information makes our total curriculum become a more meaningful learning experience. Please contact your child's teacher if you are willing to be a resource. Welcomed areas of volunteer support include but are not limited to reading with students, chaperoning field trips, and helping with class parties or activities. All volunteer experiences are to be arranged with the teacher and are at the teacher's discretion. Volunteers that are in the unsupervised presence of students must complete a Bureau of Criminal Investigation (BCI) check. New volunteers can make an appointment with the Board Office to be fingerprinted. Current volunteers that haven't left the state of Ohio have to have a Federal Bureau Investigative (FBI) background check done every 5 years.

## **PARENT/TEACHER CONFERENCES**

Each year, two days are set aside for parent/teacher conferences. Parents are highly encouraged to meet with their student's teachers these days. However, should you wish to meet with a teacher at any time, simply contact your child's teacher or call the school to arrange a mutually convenient appointment.

## **FIELD TRIPS**

Field trips are an extension of the classroom; however, field trips are considered a privilege and not a right of the student. Students with attendance problems, behavior problems, or poor grades may not be permitted to participate in field trips. All school fees must be paid for students to participate in field trips.

## **CLOSING/DELAY OF SCHOOL**

In the event of inclement weather or emergency, the superintendent of schools, or his designee, will notify the following media organizations and put an instant alert out to communication devices utilizing the OneView Message System:

iHeart Radio (WNCO & WYHT)

WMFD

WVNO

Cleveland TV Stations: 3, 5, 8, 19

## **ONEVIEW MESSAGE SYSTEM**

Families will receive a phone call from the superintendent or his designee informing them of delayed starts, school closings, and/or important school information or reminders. Your contact information is gathered from the online registration OneView Portal. Please keep this information updated.

## **SCHOOL-SPONSORED PUBLICATIONS**

Student publications or dramatic productions can be valuable educational experiences within the District's curriculum. Student publications or productions that are sponsored must be generally suitable for all students. Adherence to copyright restrictions is required in all school sponsored publications. Materials that violate or may violate the rights of others may not be published, including, but not limited to, those which:

- Discriminate or harass an individual or group of individuals on the basis of race, sex, age, ethnicity, national origin, disability, or other protected group under Board policy;
- Are false or libelous;
- Seek to establish the supremacy of a particular religious denomination, sect or point of view over another;
- Advocate the use or advertise the availability of drugs, alcohol, or any other substance that may pose a danger to students;
- Contain material that may be deemed to be harmful to impressionable students who may receive them;
- Incite violence or urge the violation of law or school regulations;
- Threaten a material and substantial disruption of the educational program of the school;
- Are obscene, indecent, vulgar, or constitute insulting or fighting words;
- Advertise goods or services for the benefit of profit-making organizations;
- Fail to identify the student or organization responsible for the distributions;
- Solicit funds for non-school organizations or institutions when such solicitations have not been approved by the Board;
- Associate the District with any position other than neutrality on a matter of political or social controversy; or
- Fail to meet generally accepted standards of style, grammar, format, and suitability of materials.

School-sponsored publications may be distributed according to guidelines established by the faculty advisor. The faculty advisor shall advise on matters of style, grammar, format, and suitability of materials. The final decision as to the suitability of material shall rest with the building administrator after consultation with the student editor and faculty advisor, if there is one, subject to appeal to the superintendent.

## **NON-SCHOOL SPONSORED PUBLICATIONS**

Students/Parents who wish to distribute non-school sponsored handwritten, printed, or duplicated matter at school must secure permission in advance from the building principal for distribution according to reasonable time, place and manner restrictions. A publication will not be approved for distribution if it contains expression which:

- Is obscene to minors;
- Is false and/or libelous;
- Is pervasively indecent or vulgar;
- Advertises any product or service not permitted to minors by law;
- Constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, ethnic origin, or other protected group);
- Presents a clear and present likelihood that, either because of its content or the manner of distribution or display, it will cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act; or
- Is otherwise prohibited by state or federal law. Distribution or display of written matter in any of the above categories is prohibited on school premises, on any property owned or controlled by the Board, or at any school-related event.

Note: Invitations for parties or events may not be passed out at school unless the entire homeroom class is invited.

## **SALES**

Only school-approved fundraisers are permitted at school. No personal sales are permitted. All school fundraisers must have prior administrative approval. Any student who participates in a school-sponsored fundraiser is responsible for any material used for that fundraiser. Failure to follow regulations is the fault of the participant, who may be denied participation in the activity and will be held financially responsible for any and all material used for the fundraiser.

## STUDENT WELLNESS

### GUIDANCE DEPARTMENT

The Guidance Office provides information and counseling services for the students at Mapleton Elementary School. During the school day, the guidance counselor is available for one-on-one and small group social-emotional support of all students. In addition, the guidance counselor can provide testing information and connections to community resources as needed.

### PARTICIPATION IN EXTRACURRICULAR ACTIVITIES

All social activities sponsored by a school organization are intended for the enjoyment of students. Extracurricular activities are considered privileges and not a right of the student. School rules apply to all school-sponsored activities at school and other locations. Students who have field trips and/or pre-planned absences approved by the building principal will be permitted to participate in extracurricular activities.

For a student to be eligible to participate in any extracurricular activities outside of the school day, he/she must be in attendance by 11:30AM on the day of the event. Students who leave school due to illness at any time during the day are not permitted to participate in any activities on that day unless they have prior permission from the principal.

### CAFETERIA PROCEDURES

A closed lunch period will be observed with all students eating in the cafeteria whether their lunch is purchased or brought from home. Students are not permitted to go home for lunch. Students packing may purchase milk daily. It is the student's and parent's responsibility to see that the student has a lunch or lunch money before he/she leaves for school. Lunch money does not need to be sent in daily and can be preloaded on students' lunch accounts instead. To add money to your child's lunch account, you can send cash or check (made payable to Mapleton Local Schools) to school in an envelope marked with your child's name and "lunch money" or add funds to the account in person at the MES Office.

**Parents are encouraged to visit the Food Service page on the school website and follow the PaySchools link to set up an account on PaySchools Central.** Through this account, parents are able to add funds to a lunch account as well as view purchase history and enable alerts and notifications about student account status. Students are not allowed to accrue charges of more than \$15. Any time the amount owed goes over this amount, a milk and cheese sandwich will be given to the student. Please make every effort to put lunch money into your child's account on a regular basis. Notices are sent home weekly to students that owe money.

### PLAYGROUND TEMPERATURE

Students will go outside for recess when the temperature is above 20 degrees and/or the windchill is above 15 degrees. Please dress appropriately for the weather.

### UNLAWFUL HARASSMENT

Harassment on the basis of race, color, national origin, religion, sex, disability, age, or economic status is prohibited. No student shall be involved in the use of insulting, degrading, or ridiculing language, signs, or symbols that are intended to harass or intimidate another person on school property or at school functions. Such slurs may come through the use of written word, verbal statements, aggressive actions, symbols or other forms of communication. Students who witness or believe they are the victim of an intimidating or harassing act should report it to school personnel or the School Resource Officer.

### MEDICAL INFORMATION

Minimum standards of immunization for students entering as a kindergartener or providing proof as a new student are:

- DTap – 4
- Polio – 3
- MMR – 2
- HEPATITIS B –3
- Varicella – 1 (2 doses before 6th grade)
- One TB survey paper (TB skin test, including date of test, type, and result if answered yes to any questions on survey)

Note: Tdap and MCV4 immunizations will be required before 7th and 12th grades.

Children are required to be excluded from school until meeting the immunization requirements. (ORC 3313.671) Students are required by law (ORC 3313.712) to have an Emergency Medical Authorization Form filled out by the parent/guardian on file in the office. (The Emergency Medical Authorization Form is included in students' annual registration process via the OneView Portal.) Changes in contact persons or physicians should be reported immediately to the school office.

If a student is injured or becomes ill at school, the parents will be notified. If the parents are not available, then the person designated to be called in an emergency will be contacted. Be sure to keep the school notified of any changes in telephone numbers, addresses, places of work, and emergency contacts by updating at Mapleton OneView Portal.

We understand that there are times when your child may not be able to come to school, especially when they are sick. Please keep your child(ren) home if they have a fever (a temperature over 100.4), is vomiting or has diarrhea. They need to be symptom free (without the help of a fever reducer) for 24 hours before returning to school. If your child has an unknown rash, please keep him/ her at home until the rash is clear or is identified by a physician. Please notify the school about the rash as soon as possible.

Parents are responsible for informing the school of their child's allergies, medical diagnosis, and/or medications pertinent to their school day and education. Students are not permitted to carry medications. Rescue inhalers and EpiPens may qualify for self-carry with physician's order. By law, school personnel are not permitted to provide medication of any kind, including Tylenol or Ibuprofen, without written authorization. All medications require the following stated procedures.

### **Medication at School**

Many students are able to attend school regularly only through effective use of medication in the treatment of disabilities or illness. When possible, parents should plan to bring and administer medication. When possible, parents should administer medication at home. If this is not possible, the dispensing of medication during the school day will be done in accordance with the following procedure.

No drug prescribed for a student shall be administered pursuant to this Policy or federal law, which includes but is not limited to the Individuals with Disabilities Education Act, until the following occur:

- 1) The nurse receives a written request, signed by the parent, guardian, or other person having care of or charge of the student, that the drug be administered to the student.
- 2) The nurse receives a written statement, signed by the prescriber who prescribed the drug, this includes all the following information:
  - a) The name and address of the student;
  - b) The school and class in which the student is enrolled;
  - c) The name of the drug and the dosage to be administered;
  - d) The time or intervals at which each dosage of the drug is to be administered;
  - e) The date the administration of the drug is to begin;
  - f) The date the administration of the drug is to cease;
  - g) Any severe adverse reactions that should be reported to the prescriber and one or more telephone numbers at which the prescriber can be reached in an emergency;
  - h) Special instructions for administration of the drug, including sterile conditions and storage.
- 3) The parent, guardian, or other person having care or charge of the student agrees to submit a revised statement signed by the prescriber if any of the information previously provided by the prescriber changes.
- 4) The nurse must receive a copy of all statements and revisions of any statement(s) required by this Policy.
- 5) The drug is received by the nurse, building principal or other designated person authorized to administer the drug to the student for which the drug is prescribed in the container in which it was dispensed by the prescriber or a licensed pharmacist. The parent is required to bring all medication to school.
- 6) Any other procedures required by the Board of Education are followed.

The building principal shall establish a location in each school building for the storage of drugs to be administered under this policy. All such drugs shall be stored in that location in a locked storage place, with the exception that drugs that require refrigeration may be kept in a refrigerator in a place not commonly used by students.

In the case of over-the-counter drugs, the same procedures as outlined in the above policy are to be followed except for those procedures referring to the prescriber's permission and procedures. In the case of over-the-counter drugs, the parent is responsible for complying with all procedures in lieu of the prescriber and assumes liability for the above.

If written approval from a physician and parent is submitted to the nurse in compliance with Board Policy, a student may bring to school and use an asthma inhaler to alleviate or prevent asthmatic symptoms, or may bring to school and use an epinephrine auto injector to treat severe allergic reactions. The District retains the discretion to reject requests for administration of medication.

### **CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES**

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The school's professional staff may remove or isolate a student who has been ill or has been exposed to a communicable disease or highly-transient pest, such as lice or bed bugs.

Specific communicable diseases include diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments.

### **CONTROL OF NON-CASUAL-CONTACT COMMUNICABLE DISEASES**

Mapleton Local School District has an obligation to protect staff and students from non-casual-contact communicable diseases. When a non-casual-contact communicable disease is suspected, the student's health will be reviewed by a panel of resource people, including the County Health Department. The school will protect the privacy of the person affected and those in contact with the affected person. Students and staff will be permitted to remain in school unless there is definitive evidence to warrant exclusion. Non-casual-contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex, HIV (Human Immunodeficiency), Hepatitis B, and other disease that may be specified by the State Board of Health.

### **ALCOHOL/ CHEMICAL USE/ ABUSE POLICY**

The distribution, possession, use, concealment, or being under the influence of alcohol or a drug substance is explicitly prohibited and will be dealt with severely. This includes extracurricular events, school events and business on and off school property, and school buses. This policy also applies to caffeine tablets, look-alike substances, and any other item represented to be a drug or any paraphernalia or instruments related to any of the items in this policy. While student drug education and referral to counseling resources may be made available, such measures should be viewed as instructional or rehabilitative and will not be considered as an alternative to disciplinary measures. Ohio Revised Code (3321.13) requires the school to report suspensions or expulsions of any student for use or possession of alcohol or drug abuse to the Division of Motor Vehicles for possible revocation of driving privileges.

## **SAFETY**

### **FIRE DRILL/ EXIT PROCEDURES**

Fire exits for each classroom are prominently posted. Teachers are to familiarize students with the exit routes from each classroom and procedures. Periodic drills will be held. Students are to leave all books and personal effects in the classroom, walk in an orderly fashion—do not run or yell, and stay with your class.

### **TORNADO DRILL PROCEDURES**

Periodic tornado alerts and drills will be held. Each room has its designated safe spot and procedures posted. Teachers are to familiarize students with the safe spot for each of their classrooms and the appropriate safety precautions.

### **LOCKDOWN PROCEDURES**

Periodic lockdown drills will be held. The building administrators and teachers will communicate all procedures to the students.

### **INSURANCE**

A student accident insurance plan selected by the Board of Education is made available on an optional basis to all students. At the beginning of the school year on the district website, the school will post information about the student accident insurance plan selected. The information will contain an application form which, when completed, must be sent directly to the company.

### **SEARCHES**

A student's person or personal property may be searched any time there is reasonable cause to believe that a search will result in obtaining evidence that the student may have violated the law or school rules or may be a threat to the safety or security of the student or others. Students shall have no expectation of privacy in any in-school storage and materials, including, but not limited to, desks, computers, books, or cubbies, supplied by the Board. The cubbies supplied by the Board and used by the students are the property of the Board. Therefore, the cubbies and contents of all cubbies are subject to random searches at any time, without regard to whether there is a reasonable suspicion that any cubby or its contents contains evidence of a violation of a criminal statute or a school rule. Items which are found to be a threat to the safety of the student or others may be seized by school officials. Illegal items may also be seized.

### **SMOKING/ USE/ POSSESSION OF TOBACCO**

Ohio law and Board policy prohibit students from smoking, using, or possessing any substance containing tobacco in any area under control of the school district or at any activity supervised by any school operated by the Board. This includes the possession of substances containing tobacco, e-cigarettes, and/or vapor cigarettes within cubbies, book bags, purses, clothing, etc., and their use or possession at any school-sponsored event in any location. Ohio R.C. Section 2151.87.

### **VANDALISM/ DESTRUCTION OF SCHOOL PROPERTY**

Any acts of vandalism or destruction of school property will result in fines, suspension, or expulsion from school and referral to appropriate law enforcement agencies.

# TRANSPORTATION

## BUS

School bus transportation is a service provided by the Mapleton Local School District and should be considered a privilege by students and parents. If a student's behavior on the bus is such that it puts the safety of others in jeopardy, or when a student repeatedly violates bus rules, he/she may be suspended from riding the bus by the principal. It is expected that those who ride the bus will observe classroom conduct at all times. Students and parents are expected to respect and exercise these rules established to ensure the safety of all students. These rules and regulations apply to all school related activities that require bus transportation. For your safety, you may be recorded by a video surveillance system which may also include audio recording. Due to crowding on our buses, students are not allowed to go home with friends before or after school. Other arrangements must be made.

### Students

1. Observe the same conduct as in the classroom.
2. Follow directions from the bus driver the first time they are given.
3. Do not eat or drink on the bus.
4. Keep the buses clean—use a wastebasket.
5. Do not be destructive.
6. Do not stand while the bus is in motion.
7. Remain seated in a forward-facing position, off the floor and out of the aisle.
8. Keep out of the aisle and face the front of the bus.
9. Be absolutely quiet when stopped and while crossing railroad tracks or other places of danger as specified by the driver.

### Parents

1. Parents are responsible for the safety and discipline of students while going to and from the bus stop.
2. Parents are urged to have students at the bus stop five minutes ahead of time because buses operate on a schedule.
3. Parents will be held responsible for any damages incurred by their child(ren) and will pay monetary damages.
4. Parents will be requested to sign a form to acknowledge receipt of transportation guidelines.
5. Please call the Transportation Supervisor to discuss any bus problems.

## BUS DISCIPLINE

Proper conduct on a bus is necessary to ensure the safety of the students and drivers. When a student does not display proper conduct on a bus, suspension or expulsion from the bus may be the result. The following types of misbehavior will not be tolerated on the school bus: fighting, eating, improper sitting, failure to stay in seat, obscenities, profanity, vulgarity, immoral acts, possession or use of potentially dangerous or destructive objects, threats and intimidation to the driver or other students, disruptive safety hazards, destruction of property, harmful substances such as alcohol, drugs (narcotics or any form of tobacco, e-cigarettes or vapor cigarettes), insubordination, disrespect, and injuring others.

## BUS CONDUCT REPORT(S)

Violations of any bus rules or regulations will result in:

- Driver will issue bus conduct reports for minor offenses. Driver will follow up with a phone call to parent/guardian. These conduct reports are to be signed by parent/guardian and returned to the driver.
- Office Referrals will be issued for repeated minor offenses or any major offenses. Office Referrals will be handled by the appropriate building principal and consequences may include any of the following:
  - Lunch Detention
  - Friday School
  - In school suspension
  - Out of school suspension
  - Bus suspension or permanent exclusion from transportation services.

Severe Clause: A severe incident could result in immediate suspension from bus. A parent/guardian of a student may appeal a bus suspension by contacting the building principal within 24 hours.

## **DISCIPLINE**

### **DETENTION/ STUDY SESSIONS**

Teachers may assign detentions and/or study sessions after school which they will individually supervise. Afternoon detentions or study sessions will be served from 3:05-4:00PM. Study sessions are given to those students who fall behind in their regular class work and need assistance. Study sessions are used to initiate immediate intervention to students. Parents will be contacted by the teacher to discuss concerns before a detention or study session is issued. A student who fails to comply with established school rules or with any reasonable request made by school personnel in accordance with Board policy is subject to approved student discipline regulations. Students and parents shall annually receive, at the beginning of the school year or upon entering during the year, written information on the rules and regulations to which they are subject. The information includes the types of conduct which are subject to suspension or expulsion from school or other forms of disciplinary action. The board directs the administration to make all students aware of the student code of conduct and the fact that any violations of the student code of conduct are punishable. The Board will not tolerate violent, disruptive, or inappropriate behavior. The superintendent or designee shall develop strategies ranging from prevention to intervention to address such misbehavior. If a student violates this policy or the code of conduct, school personnel, students or parents should report the student to the appropriate principal. The administration cooperates in any prosecution pursuant to the criminal laws of the State of Ohio and local ordinances. The student code of conduct is made available to students and parents and is posted in a central location within each building.

### **CODE OF STUDENT CONDUCT**

The items in this Code are applicable to misconduct by a student that occurs on property owned or controlled by the District and off of property owned or controlled by the District but that is connected to activities or incidents that have occurred on property owned or controlled by the District and misconduct by a pupil that, regardless of where it occurs, is directed at a school District official or employee or the property of such official or employee and all students when properly under the authority of school personnel during a school activity, function, or event whether on property owned, rented, or maintained by the Board of Education or property owned, rented, or maintained by another party. A student may be suspended pending the outcome of expulsion proceedings.

If a student is removed

only from a particular class or activity, the student may not attend the class or participate in the activity for the duration of the removal. A suspension or expulsion shall result in the student's total removal from the education program. Credit may be given for work missed due to out-of-school suspension. For an in-school suspension, credit will be given for all classroom assignments that can be completed during the in-school suspension, or as homework if the student collects the assignments.

Teachers, school bus drivers, and other employees of this Board having authority over students may take such action as may be necessary to control the disorderly conduct of students in all situations and in all places where such students are within the jurisdiction of this Board and when such conduct interferes with the educational program of the schools or threatens the health and safety of others. - Whenever an incident occurs that may lead to an expulsion, the principal may suspend a student prior to the expulsion hearing.
- The Superintendent shall give the pupil and his/her parent, guardian, or custodian written notice of the intention to expel the pupil and provide the pupil and his/her parent, guardian, custodian, or representative an opportunity to appear before the Superintendent or designee to challenge the reasons for the intended expulsion or otherwise explain his/her actions.   - b) Notification of the right of the pupil and the parent, guardian, custodian or representative to appear on request before the Superintendent or designee to challenge the reason(s) for the intended expulsion or to otherwise explain the pupil's action. This hearing cannot be compelled by the administrator. The Superintendent or designee may utilize the service of counsel if deemed appropriate.
  - c) The date, time and place to appear must not be earlier than three (3) nor later than five (5) school days after the notice is given unless the Superintendent grants an extension of time. Whenever a student has attained eighteen (18) years of age, the right accorded to the parent of the student shall thereafter only be required of and accorded to the student. - The Superintendent or designee may grant an extension of time if requested on behalf of the student. If granted, the Superintendent must notify all parties of the new date, time, and place of the hearing.

- The Superintendent or designee shall conduct the hearing at the appointed time and place. The purpose of the hearing is for both sides to give their side of the story.
- The student may waive his/her right to a hearing. This waiver is to be in writing and signed by both student and parents. Additionally, the student can waive the hearing by not appearing or by his/her representative not appearing at the scheduled hearing.
- If the Superintendent decides to expel, within one (1) school day of the decision to expel, the Superintendent must notify the parent, guardian, or custodian of the pupil and the Treasurer of the Board of Education of the action to expel in writing. If at the time an expulsion is imposed there are fewer school days remaining in the school year in which the incident that gives rise to the expulsion takes place than the number of days the student is to be expelled, the Superintendent may apply any remaining part or all of the period of the expulsion to the following school year. The notice of expulsion must include:
  - a) The reason(s) for the expulsion.
  - b) Notification of the right of the pupil, parent, guardian, or custodian to appeal to the Board of Education or its designee within fourteen (14) days after the date of the expulsion notice by sending notice by mail to the Board or its designee.   - g) If the Superintendent expels a student for more than twenty (20) school days or for any period of time if the expulsion will extend into the following semester or school year, the notice of expulsion shall also include the names, addresses, and phone numbers of any public or private agencies that may offer services or programs that work toward improving those aspects of the student's attitudes and behavior that contributed to the incident that gave rise to the student's expulsion.
- An appeal of the expulsion must be made within fourteen (14) days of receipt of the notice of expulsion.
- A pupil or his/her parent, guardian, or custodian may appeal the expulsion to the Board of Education or its designee. The pupil or the parent, guardian, or custodian may be represented in all such appeal proceedings and shall be granted a hearing before the Board or its designee, which may be in executive session upon the request of the pupil, parent, guardian, custodian or representative.
- A verbatim record shall be made of the hearing.
- The Board of Education or its designee can act only after a hearing, if requested, has been held. The Board or its designee may affirm, reverse, vacate, or modify the expulsion.

This provision does not apply to students expelled for bringing a firearm to a school operated by the Board or onto property owned or controlled by the Board.
- The Superintendent shall initiate expulsion proceedings with respect to any student who has committed an act warranting expulsion under the Code of Student Conduct even if the student withdraws from the Schools for any reason after the incident that gave rise to the hearing but prior to the hearing or decision to expel. If, following the hearing, the student would have been expelled had he/she still been enrolled in the school, the Superintendent shall impose the expulsion for the same length of time as a student who has not withdrawn from school.

- If the administrator decides to suspend, within one school day of the decision to suspend, the Superintendent, principal, assistant principal, or Superintendent's designee must notify the parent, guardian, or custodian of the student of the action to suspend in writing. If at the time an out of school suspension is imposed there are fewer than ten school days remaining in the school year in which the incident that gives rise to the suspension takes place, the Superintendent shall not apply any remaining part or all of the period of the suspension to the following school year. The Superintendent may instead require the student to participate in a community service program or another alternative consequence for a number of hours equal to the remaining part of the period of the suspension. The student shall be required to begin the student's community service or alternative consequence during the first full week day of summer break. The District, in its discretion, may develop an appropriate list of alternative consequences. In the event that a student fails to complete community service or the assigned alternative consequence, the District may determine the next course of action, which shall not include requiring the student to serve the remaining time of the out-of-school suspension at the beginning of the following school year. The Board will not tolerate violent, disruptive, or inappropriate behavior. The superintendent or designee shall develop strategies ranging from prevention to intervention to address such misbehavior.

If a student violates this policy or the code of conduct, school personnel, students or parents should report the student to the appropriate principal. The administration cooperates in any prosecution pursuant to the criminal laws of the State of

Ohio and local ordinances. The Student Code of Conduct is made available to students and parents and is posted in a central location within each building.

It is the goal of the Mapleton staff and administration that discipline should be a tool for building positive character in our students. Our goal is for students to be self-disciplined individuals who function successfully in society.

The development of this self-discipline is a shared responsibility of parents and school personnel. A cooperative working relationship with positive communication must be established between school personnel and parents to develop an attitude of mutual respect. This team effort will help each student grow academically, socially, emotionally, physically and morally.

Students need to learn what is considered to be good behavior through positive teacher reinforcement and influence.

Teachers will post and communicate to the students' proper student conduct in the classroom and other school settings in a firm, but positive way through the use of the schoolwide PBIS expectations. School staff should be consistent and fair in their expectations of the students. The school administration needs to be supportive of the staff, yet fair with the student in handling discipline problems. It is very important that disciplinary action is appropriate and consistent in dealing with all violations.

Listed below are levels of behavior and the possible disciplinary actions that may be used in conjunction with violations of the Student Code of Conduct. It should also be noted that the principal or his/her designee has the right to modify the disciplinary action a student receives.

### STUDENT NETWORK AND INTERNET USE AND SAFETY POLICY

Advances in telecommunications and other related technologies have fundamentally altered the ways in which information is accessed, communicated, and transferred in society. Such changes are driving the need for educators to adapt their means and methods of instruction, and the way they approach student learning, to harness and utilize the vast, diverse, and unique resources available on the Internet. The Board of Education is pleased to provide Internet services to its students. The District's Internet system has a limited educational purpose. The District's Internet system has not been established as a public access service or a public forum. The Board has the right to place restrictions on its use to assure that use of the District's Internet system is in accord with its limited educational purpose. Student use of the District's computers, network and Internet services ("Network") will be governed by this policy and the related administrative guidelines, and the Student Code of Conduct. The due process rights of all users will be respected in the event there is a suspicion of inappropriate use of the Network. Users have no right or expectation to privacy when using the Network (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity while on the Network).

The Board encourages students to utilize the Internet in order to promote educational excellence in our schools by providing them with the opportunity to develop the resource sharing, innovation, and communication skills and tools that are essential to both life and work. The instructional use of the Internet will be guided by Board Policies 6.45 and 6.49.

The Internet is a global information and communication network that provides students and staff with access to up to date, highly relevant information that will enhance their learning and the education process. Further, the Internet provides students and staff with the opportunity to communicate with other people from throughout the world. Access to such an incredible quantity of information and resources brings with it, however, certain unique challenges and responsibilities.

First, and foremost, the Board may not be able to technologically limit access, through the Board's Internet connection, to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted guidelines and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in the world, will open classrooms and students to electronic information resources that have not been screened by educators for use by students of various ages.

Pursuant to Federal law, the Board has implemented technology protection measures, which protect against (e.g. filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or the Superintendent, the technology protection measures may be configured to protect against access to other material considered inappropriate for students to access. The Board also utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable,

inappropriate and/or harmful to minors. The technology protection measures may not be disabled at any time that students may be using the Network, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any student who attempts to disable the technology protection measures will be subject to discipline.

The Superintendent or technology coordinator may temporarily or permanently unblock access to sites containing appropriate material, if access to such sites has been inappropriately blocked by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the technology protection measures.

Parents are advised that a determined user may be able to gain access to services and/or resources on the Internet that the Board has not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents may find inappropriate, offensive, objectionable or controversial. Parents assume risks by consenting to allow their child to participate in the use of the Internet. Parents of minors are responsible for setting and conveying the standards that their children should follow when using the Internet. The Board supports and respects each family's right to decide whether to apply for independent student access to the Internet.

Pursuant to Federal law, students shall receive education about the following:

1. safety and security while using e-mail, chat rooms, social media, and other forms of direct electronic communications
2. the dangers inherent with the online disclosure of personally identifiable information
3. the consequences of unauthorized access (e.g., "hacking") cyberbullying and other unlawful or inappropriate activities by students online, and
4. unauthorized disclosure, use, and dissemination of personal information regarding minors

Staff members shall provide instruction for their students regarding the appropriate use of technology and online safety and security as specified above. Furthermore, staff members will monitor the online activities of students while at school.

Building principals are responsible for providing training so that Internet users under their supervision are knowledgeable about this policy and its accompanying guidelines. The Board expects that staff members will provide guidance and instruction to students in the appropriate use of the Internet. Such training shall include, but not be limited to, education concerning appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response. All Internet users (and their parents if they are minors) are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying guidelines.

Students and staff members are responsible for good behavior on the Board's computers/network and the Internet just as they are in classrooms, school hallways, and other school premises

and school sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. The Board does not sanction any use of the Internet that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines.

Users who disregard this policy and its accompanying guidelines may have their use privileges suspended or revoked, and disciplinary action taken against them. Users granted access to the Internet through the Board's computers assume personal responsibility and liability, both civil and criminal, for uses of the Internet not authorized by this Board policy and its accompanying guidelines.

The Board designates the Superintendent and technology coordinator as the administrators responsible for initiating, implementing, and enforcing this policy and its accompanying guidelines as they apply to students' use of the Network.
