## MITR XV Beneficiaries

### **The Kirk Horn Fund for Music** at The Columbus Foundation

Kirk put an enormous amount of heart into Music in the Round, serving on the planning committee and acting as emcee for many years. He was a visionary member of Short North Rotary, responsible for many of the club's shenanigans—including a concert in Africa benefiting the Rafiki kids. His vision was to take music to kids at home and abroad—it's only right that we help carry on the vision he established through Music in the Round! The program has been giving music lessons to kids from Columbus Boys & Girls Clubs (Reeb Avenue and Milo-Grogan) and plans to expand the program with your sponsorship.

### **Tanzania Book Project**

The Short North Rotary Club worked with the Machame Rotary Club and Hai School District in Tanzania to develop a supplemental science book for primary schools (Grades 4-7) about how the climate on Mt Kilimanjaro affects the communities at the base of the mountain. The Byrd Polar Research Center at The Ohio State University partnered in the project and offered scientific research for the science book. The first phase of the education project involved twenty-five (25) primary schools with over 5,000 students. Two teachers in each building received training in how to teach the contents of the science book and 3,000 books were printed. The Hai School District is in the second year of the implementation of the addition to the science curriculum. Phase Two will add at least twenty-five primary school buildings to the project in the Hai School District.

### **Rafiki AIDS Orphanage**

The Rafiki orphanage, located just outside of Nairobi, Kenya, provides food, shelter, medical care, education, a safe living environment and loving support to children who have been orphaned by HIV/AIDS. Short North Rotary has led two trips to Rafiki and is in the planning stages of a third in March 2021. The more recent visit marked the founding and groundbreaking of the music school. Rafiki intends to use funds raised at Music in the Round for teachers' salaries while the music school develops into fully self-sustaining program.

### **Freedom a la Cart**

Freedom a la Cart is a community-based support program for adult survivors of human trafficking. The organization fills the void between restoration and economic independence by giving survivors a job and means to live. Freedom became the vehicle – literally – through which survivors began the ever important first steps to self-sufficiency. What was once a single food cart is now a bustling box lunch and full-service catering company, grown from the hearts and hard work of the women who sustain us. Freedom also organizes lunch and breakfasts for CATCH Court – a specialty docket court for survivors of sex trafficking.

### **Short North Rotary Foundation**

Short North Rotary's Capital Square Rotary Foundation (CSRFB) is a 501(c)(3) which supports projects locally (Dream Center, Women's Shelter, Ronald McDonald House, CATCH Court/Freedom a la Cart) and around the world (Honduras, Kenya, Philippines, Egypt, Tanzania). These projects have improved the lives of people by providing clean water, computers, books, and shelter, food, independence and kindness to those in need.
