

What We Do

As the nation's highest award for excellence in Career and Technical Education, we work with our member schools to celebrate and induct those students who meet national and local standards. We annually award over 275 scholarships to eligible students and alumni. To date, NTHS has granted over two million dollars to our members who intend to further their education.

NTHS membership is an important milestone, one that offers lifetime benefits. We're passionate about providing an exclusive level of student acknowledgement, while granting access to many unique member privileges.

Who We Are

Since 1984, the National Technical Honor Society has been the acknowledged leader in recognizing outstanding student achievement in Career and Technical Education (CTE). Serving thousands of schools and colleges across the country, we encourage educational excellence, skill development, and workforce readiness. We're dedicated to supporting our members as they excel in their studies, make a difference in their communities, and position themselves to succeed in their chosen careers. NTHS Headquarters is located in the mountains of Western North Carolina.

Where to Start

From agriculture to website development, there are over one hundred programs recognized as CTE. And as technology advances, opportunities in career and technical pathways are ever growing.

There is no cost to establish a chapter at your campus. Faculty members simply need to visit www.nths.org to submit their chapter application and assign advisors.

NTHS member and advisor resources are available online, and our staff is ready to assist every step of the way. Recognize outstanding students with NTHS today!
