1st Grade News

The First Grade classes have been utilizing a student newspaper called Studies Weekly to cover science and social studies curriculum areas. The students preview the newspaper first. Then, the issue is read and discussed together. The students are asked to highlight, circle, and underline important information as the issue is being discussed. The use of the Promethean interactive board makes this much easier as the issue is projected for all to easily view. After the issue is discussed and reviewed, a quiz is taken in Schoology! We are learning many needed test taking skills!
