FRESHMEN PRACTICE CPR IN MRS. JONES’ CLASS

PARENTS - OTTOVILLE ALERT SYSTEM CHANGE

We are excited to share that Ottoville Schools will be moving from the Ohio Alert system to Remind at the beginning of June 2021. Remind is a classroom communication tool that makes it easy for parents to stay involved with their child’s school information and receive school-wide notices. Remind is free to use and individuals are able to receive and send messages on any device. Messages can be received via text, email or the Remind app.

In June parents and students will automatically be enrolled with the email/cell phone number the district has in our system. If you are a parent that has been using the free version of Remind with your child’s teacher/coach all account information will be deleted so that we can begin fresh with the paid version.

For everyone in the community, the “join codes” will be provided via an Ohio Alert, as well as, a post on the school webpage so that any individuals interested can enroll with the weather alerts and the sporting alerts.

A video demo of Remind can be found at https://www.youtube.com/watch?v=W3_UQAC9hro

Updates and more information will be posted on the school website www.ottovilleschools.org

We are excited to provide our parents and community with this way to stay in touch with the school and your child’s teacher. If you have any questions please feel free to contact us at 419-453-3012.

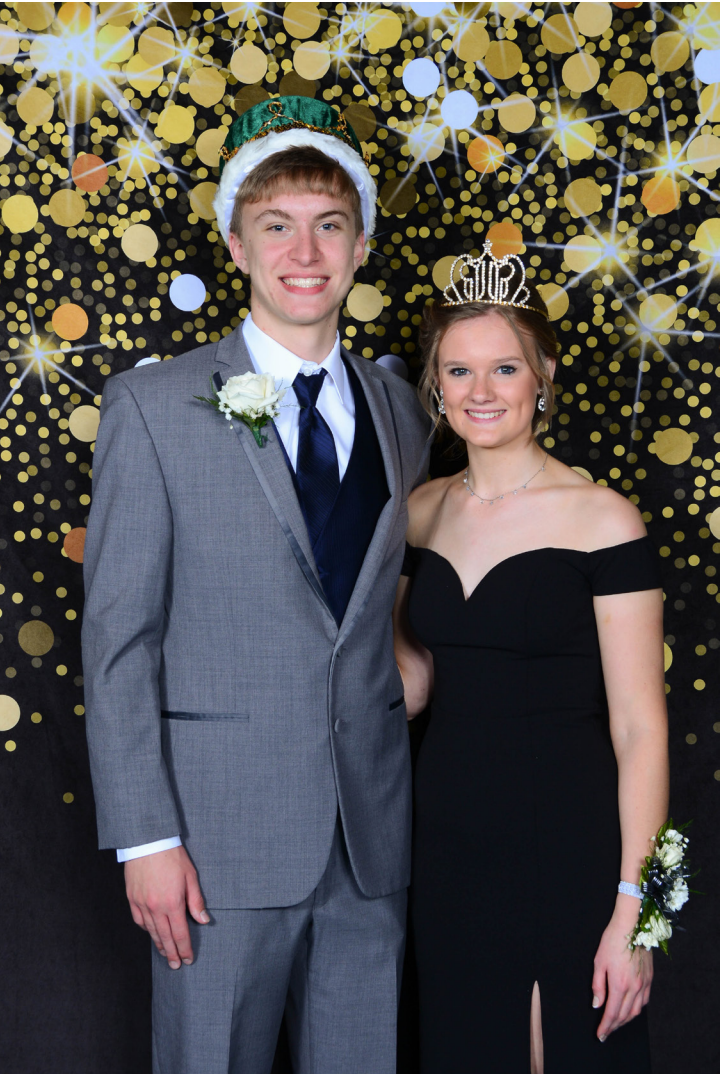

Enjoy your summer !
