NEWS LETTER

APRIL 2021

BEHIND THE GREEN DOORS

SUPERINTENDENT’S MESSAGE

It’s starting to look a little more normal around school.

The Ottoville Local School DIstrict has been on a roller coaster ride through this pandemic. We started the year with 1-5 students out for a week and then in November we had as many as 94 students out. During the last few weeks, we have maintained less than 5 students out. With this data, we have begun to loosen the restrictions. We are now letting our Middle School and High School crossover into our Elementary. These pictures show what we have been missing for most of the year, students helping students. These pictures show our Middle School students helping out the Elementary students with their academics. This is a huge part of our education at Ottoville and something we are glad to have back.

We are currently working on Graduation and Prom plans. It looks like we will be able to have both of these very important activities this year. We have not received an exact number of attendees allowed at graduation, but feel confident that each graduate will be able to have 10 guests each.

Prom will also go on this year. Students and guests will be invited to the School on April 24th

for a meal followed by a dance. The dance will be one hour shorter than normal, but the rest of the night will go on as in the past.

Athletic events will continue this Spring with little change in attendance. We just ask that you follow appropriate protocols when attending these events.

I would like to thank all involved with allowing this school year to proceed with little interruption. It is hard to believe that there are so many districts who have not been able to be in the building at all this year. It is because of all of you that we have been able to be here, in person, and for that, I am very grateful.
