4 REASONS FOR 4K

- Young children benefit from social, emotional and academic supports provided in 4K.
- Young children learn through play and social interaction, putting them on an early pathway to school success.
- Young children thrive in supportive environments where they can explore new concepts, build independence and interact with peers.
- Young children benefit from language rich environments where they can listen, speak, read and write.

PROGRAM DETAILS

We offer free, full day pre-kindergarten for 4-year-olds. The program is voluntary and space is limited.

Your child must be 4 years old by September 21, 2022 to register for next school year.

Our state-approved curriculum is "Creative Curriculum."

Our 4K programs use multiple assessments to plan for instruction to meet your child's needs across language, math, social-emotional and motor domains.

These assessments include:

- DIAL IV (Developmental Indicators for the Assessment of Learning-4th edition)
- PALS Phonological Awareness Literacy Screening)

We engage parents through a variety of ways including parent orientations, conferences, and family nights at each school.

HOW TO REGISTER MY STUDENT

To register your child:

1. View the virtual parent information session video on the district web page.
2. You can verify your attendance zone on spartanburg3.org/4k5kregistration.aspx

If you have a school choice preference outside your assigned school, please register at your assigned school and we will work to meet these requests, if possible.

Complete your registration survey for your child's school on the website listed above.

Your child's school will contact you for a screening appointment.

Please bring:

Birth certificate

Immunization record

3 proofs of residence with a District 3 address (water bill, lease, car tax, etc.)

Driver's license

Your child's Medicaid card OR proof of income for the household (pay stub, W-2, income tax return)

Your child

At the screening appointment, additional forms or documents may be required by your child's school.

Once your child's file is complete, it will be verified and reviewed. Acceptance is based on the successful submission of the required documents, and screening results. You will receive a letter notifying you of your child's acceptance or placement on a waiting list. Students who are not accepted based on their application information or screening results will be placed on a waitlist and contacted as spots become available.

NOTE: Unless you are the parent listed on the birth certificate or have custodial rights, you cannot register a child or complete the application process.

SPECIAL SERVICES

If you have concerns about your child's learning or development, they may qualify for special services. Pre-K Special services are available to children, ages 3-5 years.
