9. CODING (11)

9. PHYSICAL EDUCATION (11)

Spartanburg School District 3 - High School Student Survey

ANSWER CHOICES

RESPONSES

Spartanburg School District 3 - High School Student Survey

FLEXIBLE FURNITURE The classroom environment must be modifiable in the short-term, and each time it needs to fit a specific purpose – from a large circle of chairs to small-group work, from teacher-centered talk to concentrated quiet work. Flexible, comfortable classroom furniture on casters can support interaction among you and your classmates and positively impact your school performance.	42.48%	65
MENTORSHIP PROGRAM A mentorship program matches high-performing students at your school with mentors who are one or two grade levels above them and may be interested in different subjects. (Seniors will work with teachers.) The goal is to give you access to a broader network of students from whom you can learn.	24.84%	38
ATHLETICS Being involved in athletic programs in high school is an effective way to make new friends, polish teamwork skills, and stay fit and well. Your high school athletic experiences can also help you get accepted to the college of your choice or land a top job.	55.56%	85
PERFORMING ARTS Being involved in the performing arts in high school is an effective way to make new friends, polish ensemble skills, and expand your repertoire. Your high school performing art experiences can also help you get accepted to the college of your choice or land a top job.	33.99%	52
EXTRA-CURRICULAR ACTIVITIES Being involved in a wide range of extracurricular activities in high school — like journalism, cheerleading, or staffing the school store — can help you make new friends and get accepted to the college of your choice or land a top job.	36.60%	56
SUMMER ACADEMIC PROGRAMS Many colleges and employers will expect you to do something productive and meaningful with your summer breaks, even if you are still an underclassman. An activity that falls into this category is participating in a summer educational program at a college. High school summer study programs can offer you the opportunity to study a variety of courses alongside undergraduate students.	18.30%	28
INTERNSHIPS Paid and unpaid high school internships give you a chance to gain valuable experience in a field or career you may want to pursue. They also allow to you begin collecting a network of business contacts who can help you once you graduate.	44.44%	68
COMMUNITY SERVICE There are many types of volunteer opportunities in your community, from helping the staff in your library to reading to children in a hospital. After you and a mentor explore what's available, try to pick one activity that lasts the entire summer. This will show admissions or a potential employer your willingness to commit to a project and see it through.	29.41%	45
ELECTIVES A wider range of electives shows employers and competitive colleges that you had a rigorous course load throughout high school. Choose honors or AP courses for electives, or courses such as higher-level foreign language classes.	54.25%	83
COLLABORATIVE LEARNING Collaborative learning is an educational approach to teaching and learning that involves groups of students working together to solve a problem, complete a task, or create a product.	19.61%	30
STEM PROGRAM STEM is a curriculum based on the idea of educating you in four specific disciplines — science, technology, engineering and mathematics — in an interdisciplinary and applied approach.	21.57%	33
STEAM PROGRAM STEAM is an educational approach to learning that uses Science, Technology, Engineering, the Arts, and Mathematics as access points for guiding you in inquiry, dialogue, and critical thinking.	19.61%	30
EARLY COLLEGE Attending an early college program while still in high school is a proactive way to place you on a clear path towards obtaining a college degree. The Early College High School Initiative allows students to receive a high school diploma and an associate degree, or up to two years of college credit, by taking a mixture of high school and college classes.	42.48%	65
Total Respondents: 153
