Host families are the heart of The Spartanburgers. Since players come from all around the country to play in the Coastal Plain League, we need places for them to stay.

We're looking for families to help us this season and provide housing for our players. In exchange for your unmatched support, host families receive many perks!

Being a Host Family can be a tremendous experience for families with younger children and also empty nesters. You'll play a vital role in each player's summer experience.

These players are here to develop their baseball skills in hopes of playing in the big leagues. By hosting, you are helping them get one step closer to achieving their dreams.
