Let’s take a look at planwithease.com

The **planwithease.com** homepage allows you to login to view your consolidated account information, access financial education information or use the tools and calculators designed to help you become “retirement ready”. You don’t have to be enrolled in the plan to access the educational tools, but you do in order to log in to the system and manage your account. Here is an overview of the information you can access from the homepage:

Saving through a tax-deferred plan provided by your employer can offer you some great advantages. Be sure to talk to your plan's approved investment providers for more information.

If you are enrolled with an investment provider, you will have access to the following information:

Dashboard

You will be able to view a summary of your account, showing each of your investment provider(s) and your contract information. Values shown are based on information sent to planwithease.com by each of your investment providers.

Contribution Information

You can update your retirement plan contributions online at any time if your plan sponsor has elected the online contribution service. If not, you can use the *Salary Reduction Agreement* available from the Forms menu to make contribution changes. The *salary Deferral Calculator* can help you decide how much you want to defer into the plan. Keep in mind that you must allow at least one payroll cycle for your contribution changes to take effect.

Distribution Transactions

If you are at a stage in your life where you need to access funds from your retirement plan through a loan, hardship or other type of withdrawal available under your plan, planwithease.com is the central location through which you will obtain the approvals your investment provider needs to complete the transaction.

For example, if you are eligible to take a distribution from your account, you simply complete this screen to start the process.

After completion, click on the “Submit” button. You will receive confirmation of how much you wish to withdraw from each investment provider, not to exceed the maximum amount available.

Once you select “I Agree” – confirming the screen shows the correct information – you will receive notification your request has been approved or denied. If approved, an Approval Certificate will be available to download as a PDF file.

You will need to print the certificate from planwithease.com. The certificate must be sent to your investment provider along with their completed paperwork. The certificate provides the authorization needed to proceed with your request and to disburse the funds.

The process is the same for many other requested transactions, except for a birth or adoption withdrawal request, some hardship withdrawals, residential loan requests and Qualified Domestic Relations Order (QDRO) account segregation requests, which may require documentation be sent to planwithease.com for review before approval can be granted.
