Interpretation of appropriate dress is determined by School Administration. If questions exist, check with specific school **BEFORE** shopping for clothes. Fair and consistent application of this dress code will be applied at each campus. Slight variations may exist due to age differences. For example: **Elementary School children are required to wear a school polo shirt on field trips.** Polo shirts can be ordered from the school office. Students should be groomed in a manner that does not draw attention to themselves. Students found in violation of dress code may/will be asked to call home for the appropriate attire to be brought to them so they can change and return to classes for the day.
