## Notes from Principal Vens

Far too many students and parents see the first link for summer school and give up hope for fourth quarter. In most cases in which a student failed third quarter, however, fourth quarter grades can salvage credit for the semester. Considering that each semester of credit that requires summer intervention costs \$200, some hard work until the end of the year can really pay off.

Because of the 40-40-20 weighted average we use for calculating semester grades, a final semester grade can be determined using the following math...

Double your Q3 grade. Double your Q4 grade. Add them together with your exam grade. If the total is 300 or higher, and you didn't earn more than one F, you pass! Here is an example of how a student could fail 3rd quarter, but still pass for the semester...

Example grade calculation

$$Q3 - 56\% (F) \times 2 = \mathbf{112}$$

$$Q4 - 71\% (C-) \times 2 = \mathbf{142}$$

$$\text{Exam} - 65\% (D) = \mathbf{65}$$

**112 + 142 + 65 = 319.** This student passed the second semester of this class. They would not need to take summer school, even though they failed third quarter.

We hope students will keep this scenario in mind as the end of the year approaches, and it gets very easy to be lazy or to get distracted.

### Why is this important?

#### COMMUNICATION

• EMAIL • PHONE • TEXT • MAIL •

Accurate contact information ensures you receive digital newsletters, notifications, alerts, letters, phone calls and other district/school/teacher communication.

##### Did you know?

When a phone number or email is incorrect, the district doesn't know unless the person receiving the communication contacts us. Please check phone numbers and spelling in email addresses.

#### TRANSPORTATION

• BUSING •

Indicating whether or not your child will ride the bus ensures our Transportation Department has the necessary information to plan bus stops, routes, and timing.

##### Did you know?

Transportation uses the Student Information Form data in the spring to begin the routing process for the following school year.

#### OTHER IMPORTANT INFORMATION

• CONSENT • MEDICAL •  
• EMERGENCY CONTACTS •

Verifying and updating the form each year is vital to ensuring the district has current data for all required information.

• Instructions • Help • Link •

2024-2025 OneView Form

As part of the annual preparation for the next school year, we are asking families to update the 24-25 Student Information Form in OneView by **Tuesday, April 30**. It only takes a few minutes to view, verify and update this important information. The OneView Student Information Form includes emergency contacts, consents, medical information, transportation request, and other necessary information we require annually for each student.

**If you don't know your username:** The parent/guardian who is the OneView account owner will receive an email from the OneView system ([sylvania@esvmail.com](mailto:sylvania@esvmail.com)) with the subject line "24-25 OneView Link & Instructions". The email will include your USERNAME and instructions. We are sharing this so you can expect the email and know that it is not spam or a phishing scam. The emails will be sent throughout the day today and tomorrow.

**Why do this in the spring?** Transportation begins routing for next school year before this school year ends. It is important to know which students will ride the bus.

**This form is for current K-11 students** - This form does not need to be updated for incoming kindergarten students unless there are any changes to your information as this form is completed as part of registration. If you need to enroll an incoming kindergarten student, begin the process through [enroll.sylvaniaschools.org](http://enroll.sylvaniaschools.org).

## Nominate a Teacher...

Our Cougar Pride program is expanding...again. Students can now nominate their teachers for the same monthly recognition they receive from the staff. The only difference is that staff members will not be eligible for any of the monthly prizes. Instead, each staff member who is recognized by a student will receive a certificate that will give details about why they were nominated.

I included the link and QR code in the weekly newsletter so that parents could use the same Google form to [nominate a staff member](https://docs.google.com/forms/d/e/1FAIpQLSdLEG5uCMfRpbEmxbXib9B6t1XCgUmvL_gsqoPjIKv5AmNmZQ/viewform). If you click on the link, you will see ways in which our staff might exhibit the core values--respectful, responsible, and resilient.

If you feel a staff member has exceeded your expectations or exemplified the core values in some way, consider taking a few minutes to type a sentence or two about their performance. The recognition will mean a lot to them!

# SENIOR SPOTLIGHT

## Diontaye Walton

Our Senior Spotlight this week is Diontaye Walton. Diontaye attended Old Orchard Elementary, then Springfield Middle School before enrolling with us to join Cougar Nation. Diontaye is a part of the Honors Computer Programming Career Tech cohort at SV and is a teacher aide in the guidance office and for Mr. Keiper. Mrs. Yoshino in guidance shared that Diontaye is always polite, respectful, and kind. He is willing to take on any tasks and is quick to offer positive encouragement to other students coming and going from the office area. Diontaye shared the following:

**Q:** Tell me a little about your family & homelife.

**A:** I have a lot of aunts and I have the best Grandmother in the world. From the first moments of my life they took me in like one of their own. Them and my parents help make me the person I am today. I stay with my auntie on weekends and either go out to eat, play games with her or enjoy each other's company. My dad and I shoot pool, play cards and video games as well. Last but definitely not least is my grandmother and she is the coolest. We would sing, cook, and do puzzles together, she is the main reason for my manners and the way I treat people. These people are me and I carry the lessons to try to bring a smile to everyone I meet.

**Q:** What has been your favorite memory of high school so far?

**A:** I have too many to specify, each teacher has a certain way of getting to you as a student. Mrs. Stefango, Mr. Keiper, Mr. Jones, Mrs. Yenrick, Mrs. Schoch, Mr. Carr, Miss Bielak, Mrs. Jurski, and Mrs. Sobb have all brought enjoyable experiences to my high school career. I don't think I would have it any other way, they are just the best.

**Q:** What are you looking forward to most in your senior year?

**A:** Honestly, I look forward to just enjoying the rest of the year. Some friends I won't see again and others will be distant. High school was never terrible for me so I will like to sit back and enjoy the time I have left.

**Q:** What are your plans after high school?

**A:** I plan on working in computer engineering and building a bakery once I make enough money. Other than that, traveling the rest of the US and other countries will be on my to do list.

**Q:** What advice would you give to underclassmen?

**A:** I know we are taught this at a young age but it is important, really THINK before you say things to others. Countless times people have misunderstood and complicated situations just from what you say. Words do have power and the way we should use them must be positive. Community is important here so make sure we stay strong as a family and keep our years at Southview fun.

**Q:** What do you enjoy doing in your free time?

**A:** I play videogames, card games, read, watch movies/shows, and other activities that require strategy or heavy thinking.

**Q:** Who is one teacher who has inspired or supported you throughout high school?

**A:** Mrs Jurski kept me positive and strong throughout the rest of high school. Mr. Keiper inspired me to continue questioning everything and keep striving for knowledge. Mr. Jones inspired me to reach for the goals that I set. Mrs. Stefango inspired me to be more open and active in situations. I give a great thanks to these teachers for making my years great at Southview.

Mr. Euler has great admiration for her passion, enthusiasm, creativity, strong work ethic, and inquisitive mind. I would support her in any career endeavor she chooses, says Mr. Euler. Faye is in early every morning to check on her plants, plant seeds, and build creative projects out of wood. Mr. Euler says she is always busy doing something new or caring for something old. The Ronald McDonald Care Mobile is staffed with medical professionals from ProMedica Russell J. Ebeid Children's Hospital. The team may include a physician assistant, nurse practitioner, medical assistant and a driver.

The Ronald McDonald Care Mobile was made possible by a generous grant from Ronald McDonald House Charities Global to deliver on Ronald McDonald House Charities of Northwest Ohio's mission of providing access to quality healthcare for children in our community.

The target demographic is ages 0 – 6 years old, but we will not turn any child away under 18 years of age.

While this program is not meant to replace regular visits to a doctor, it does provide an entry point into a regular pattern of health care for children. All individuals will be given multiple providers that they can choose from in the community.

#### Items to bring :

- Insurance card.
- Identification.
- Primary care provider information.

#### How are health care services by The Ronald McDonald Care Mobile paid for?

We will bill insurance just like a routine visit to a provider's office or clinic. We will treat any patient regardless of their insurance status or ability to pay and will follow ProMedica Toledo Hospital's standard billing processes. We can also connect uninsured patients to resources to help them enroll in Medicaid or other insurance programs.

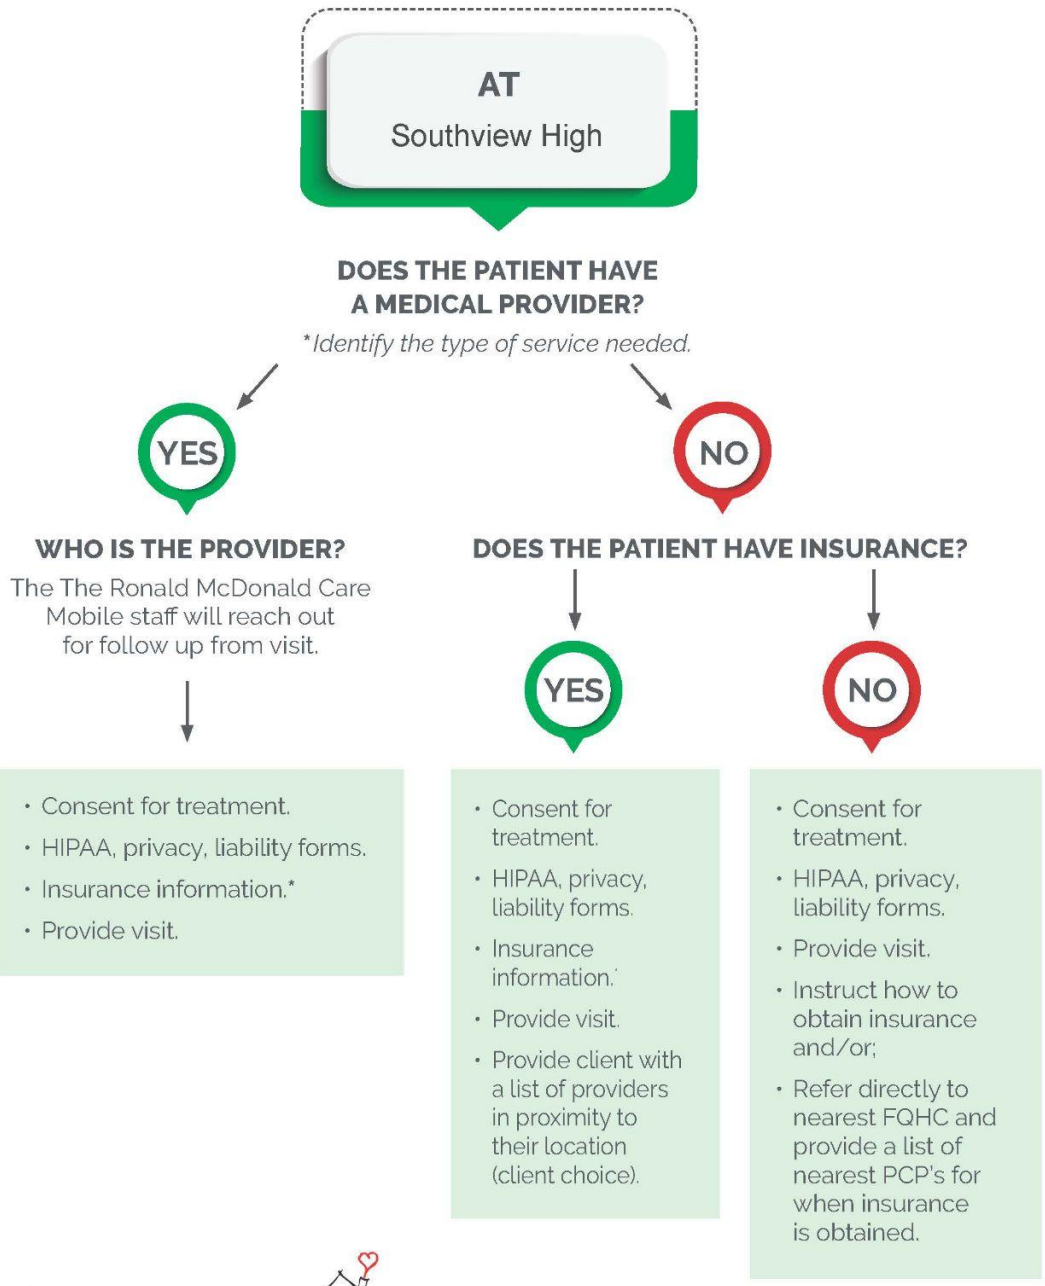

#### More information:

- The visit will take about 40 minutes from start to finish.
