Notes from Principal Vens-

Did you know that Sylvania Schools Superintendent, Tim Zieroff, produces a podcast about interesting items from around the district called '**Inside the Star**'? A recent episode features some young thespians from our production of *You Can't Stop The WROK!!* Listen to it here, or wherever you get your podcasts:

[Inside the Star Homepage](#)

After you listen to theater director, Ms. Shepard, and a couple of her students discuss our theater program and this latest production, join us on Saturday to see it in person. Get tickets here:

[Southview Theater Tickets](#)

The play is family friendly and full of 1980's tropes. For those who are of a certain age and may enjoy reminiscing, here is a synopsis:

It's Homecoming week of 1984 and the students of Rockdale High's popular school radio station, WROK, are busy promoting their "Purple Rain" themed dance and dealing with high school drama. When a corporation threatens to buy their station and cancel their morning broadcasts, the students must rally together to save the station.

COMING SOON - You will soon see new **pedestrian hybrid beacons (PHB)** at three locations:

- Erie St. (Highland Elementary)
- McCord Rd. (McCord JH)
- Sylvania Ave. (Southview HS)**

There are already a PHBs on Harroun Rd. and Main St, so this is not a new type of signal in Sylvania. However, it is helpful to remind both pedestrians and drivers about expectations.

Understanding Executive Functioning

During Parent/Teacher conferences, you may hear teachers talk about your child's executive functioning skills. Understanding executive functioning can help families support their teens as they navigate the demands of high school.

What Is Executive Functioning?

Executive functioning refers to the mental skills that help us plan, organize, manage time, regulate emotions, and follow through on tasks. These skills act like the brain's management system, helping us determine what needs to be done and how to get it done.

For high school students, executive functioning skills are especially important as they balance assignments, tests, extracurricular activities, and other responsibilities.

Key skills include:

- **Organization:** Keeping track of assignments and materials.
- **Time management:** Prioritizing tasks and meeting deadlines.
- **Task initiation:** Getting started on assignments.
- **Planning:** Breaking large projects into manageable steps.
- **Self-monitoring:** Checking work and recognizing mistakes.
- **Emotional regulation:** Managing frustration and stress.

These skills develop over time and continue to mature into young adulthood. A student may be academically capable but still struggle with organization, deadlines, or getting started. These challenges do not necessarily reflect a lack of motivation; students may need additional practice and support with executive functioning in order to be successful.

Interested in CCP

Students who would like to take CCP classes in the spring and do not have a letter of intent on file have until November 1st to submit their letter of intent for spring semester classes only. Please see the [College Credit Plus page](#) for more information.

Wrestling

Any student interested in wrestling this season our practices will begin **Monday** from 3:00 - 4:30 PM in the wrestling room in the auxiliary gym.

ASVAB TEST

The **ASVAB** test is being offered at Northview on **November 3** at 7:30 AM for students in **grades 10 and 12**. This is a free aptitude test and comprehensive career exploration resource that can help students determine their skills and interests and find careers that align with them. For students who score at 50 or above, the ASVAB can serve as a Student Strength Replacement for seniors when auditing for the Honors Diploma. [Register Here](#)

Nominate a Staff Member...

Our Cougar Pride program is expanding...again. Students can now nominate their teachers for the same monthly recognition they receive from the staff. The only difference is that staff members will not be eligible for any of the monthly prizes. Instead, each staff member who is recognized by a student will receive a certificate that will give details about why they were nominated.

I included the link and QR code in the weekly newsletter so that parents could use the same Google form to [nominate a staff member](https://forms.gle/11THMxWduWCtPqbeA). If you click on the link, you will see ways in which our staff might exhibit the core values--respectful, responsible, and resilient.

If you feel a staff member has exceeded your expectations or exemplified the core values in some way, consider taking a few minutes to type a sentence or two about their performance. The recognition will mean a lot to them!

SENIOR SPOTLIGHT

Nyaunna Hodges

Nyaunna moved to Southview at the end of her Sophomore year. She previously attended Spring Hill High School and Summit High School in Tennessee.

Nyaunna shared this about her family: "My family likes to travel together every summer! It's our way of making sure that we all get to spend time together at least once a year because we are a very busy family."

Nyaunna is a welcoming and friendly presence in the school counseling office each morning. She greets both students and staff with warmth and kindness, helping create an environment

where everyone feels welcome and included at Southview. Nyaunna goes out of her way to connect with new students, making them feel comfortable by striking up conversations or inviting them to sit with her at lunch. Her thoughtfulness and inclusive spirit make a positive difference in our school community!

Q:What has been your favorite memory of high school so far?

A:My favorite memory so far was my senior night against Northview. It really set in stone all the memories that I have made since I've been to Southview, and even though we lost it was so fun seeing everyone come out and support us.

Q:What are you looking forward to most in your Senior year?

A:I am looking forward to prom the most this year.

Q:What are your plans after high school?

A:When I graduate, I plan to go to college and major in criminal justice and hopefully also play volleyball. When I graduate, I plan to join the Ohio State Patrol.

Q:What advice would you give to underclassmen?

A:Don't let what others say about you affect your personality. Even though it is hard to ignore negative people, being confident in who you are will always be better than changing yourself for the opinion of other people.

Q:Who is one teacher that has inspired or supported you throughout high school?

A:One teacher that has always been there for me is Ms. Stefango. She always provides a safe space for people to escape from their day and has supported me from when I was first adjusting to a new school and state.

Q:What do you enjoy doing in your free time?

A:In my free time, I enjoy hanging out with my friends and family, staying active, and doing fun arts and crafts like baking, drawing, or scrapbooking.

CAREER TECH STUDENT OF THE WEEK

Micah Jacobs

I am so excited to recognize Micah Jacobs as our Career Tech Student of the Week! Micah is one of those students who makes a classroom better simply by being in it. She has become a true leader among her peers, and I love watching the way she interacts with and supports the people around her. She is kind, encouraging, and genuinely cares about her classmates. Micah has a way of making others feel comfortable and included, and she leads by example without needing to be asked. Watching her grow in confidence and step into a leadership role has been such a joy. Micah, I am so proud of you and the person you are becoming. You have so much to offer, and I can't wait to see where your leadership and caring heart take you! Congratulations, Micah! You are absolutely deserving of this recognition!
