

BROOME HIGH SCHOOL

ADVANCEMENT VIA INDIVIDUAL DETERMINATION

AVID'S MISSION

Close the opportunity gap by preparing all students for college and career readiness and success in a global society. Broome High School strives to share this mission schoolwide.

WHAT IS AVID?

A program designed to assist historically underrepresented groups in reaching their fullest potential to ensure success in high school, college, or the career field. Educators are taught skills that have proven success in the classroom (WICOR). These lifelong strategies help students design their own futures: critical thinking, collaboration, reading, writing, and relationship building are crucial in developing a more confident sense of self.

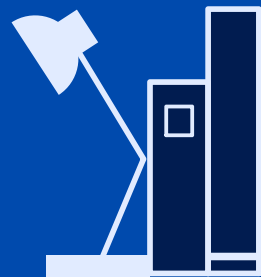

AVID ACTIVITIES

AVID students can expect to participate in the following college and career activities:

- College field trips and education, along with scholarship assistance
- Career exploration (Major Clarity) and educational opportunities
- Study skills enhancement, focused notetaking, and binder checks
- Community-based learning environment

HISTORY OF AVID

The AVID program founded by Mary Catherine Swanson at Clairemont High School, with the first class taking the elective in 1980. According to AVID.org, AVID is now implemented in more than 6,400 schools in 47 states across the U.S., plus schools in DoDEA, Canada, and Australia. AVID impacts 2 million students in grades K-12 and 50 postsecondary institutions.

POSTSECONDARY PROGRAMS

Postsecondary institutions are now implementing programs similar to AVID to ensure student success at the collegiate level. These programs seek to provide continued support for students. Spartanburg Community College, University of South Carolina-Upstate, and North Greenville University are a few of these schools who sponsor these programs.

Broome High School's

AVID Student Profile

Current Statistics

Broome High School currently has 80 students enrolled in the AVID program that spans from the 9th-12th grade. There are currently 29 males and 51 females enrolled in the program.

Focus for Acceptance

- Grades and performance that is at or above their grade level
- Strives to be college or career- bound after graduation
- GPA ranging from 2.0-3.5
- First generation college student
- Historically underserved in four-year colleges
- Capable of a more challenging pathway (Honors, Dual Enrollment, or Advanced Placement)
- Very bright and capable students with a need for organization and structure

AVID is not...

- A remedial program
- A free ride
- A college outreach program
