VISION

Sylvania Schools will be the **LEADING** school district in Ohio

WE ARE SYLVANIA

Sylvania Schools is a comprehensive K-12 public school district where students learn and grow in class and through the many opportunities beyond our classroom walls. The district incorporates a rigorous course of study, exceeding state and national standards. Implementation of Ohio's New Learning Standards and a digital learning initiative provide the personal attention that empowers a diverse student population, beginning with preschool and all-day kindergarten programs and culminating with college-level AP and authentic career technical programs. Throughout Sylvania Schools, students with unique needs, including physical and learning challenges as well as advanced cognitive gifts, enjoy a support system tailored to their needs. Our District celebrates that every student brings a unique perspective, set of skills and background into the learning environment.

Sylvania athletic and extracurricular activities offer opportunities for a wide range of abilities and interests ranging from eSports to athletic teams to Mock Trial, Science Olympiad and so much more. Our elementary buildings provide a variety of opportunities including running clubs and safety patrols. Sylvania Project Unify is an inclusive program that unites Special Olympic athletes (individuals with developmental disabilities) and peers (individuals without developmental disabilities) through the power of sports.

Future-Ready

Sylvania Schools provides students with the skills required to be future-ready. With local professional organizations and industry partnerships, we work with leaders in the workforce to continuously evaluate the skills that our students need to succeed as they graduate and go to college, military or the workforce.

EXCELLENCE THROUGH OPPORTUNITY

CommUnity

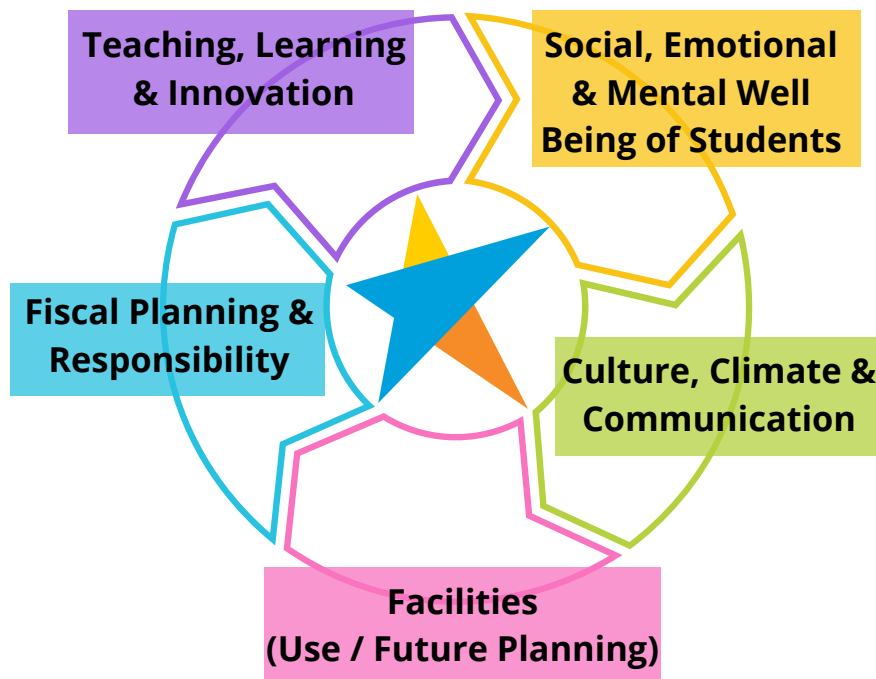

Our schools are at the heart of our community. Our students and staff give back to the area in a number of ways. Classes, buildings and student organizations participate in donation drives and other philanthropic initiatives every year. Annually, our high schools raise thousands of dollars separately and collaboratively for local organizations through student-led events.

Strategic Plan

Sylvania Schools recently completed the initial phase of creating a 5-year Strategic Plan. District staff, students, parents and community members participated in creating a living document that guides the District into the future.
