

TFCA Summer Reading Project

The MOST important book!

As a librarian, I am by nature a lover of books and reading, and I encourage students to make use of their local library over the summer. Recently, Paul Sawyer Public Library's outreach librarian visited us to tell the kids all the fun things involved in this year's summer reading program. All of these events are free, and there are prizes to be won, so please take advantage of these opportunities and encourage your children to read for pleasure.

Because the PSPL has such an amazing program, TFCA's program is going to focus on a different summer goal.

Over the years, I have learned that a daily quiet time with God is essential for my day. I have used many different resources including both online and book-format devotionals, journaling, and read-through-the-Bible plans. For me, the most fulfilling method has been simply to read scripture along with some commentary about it. These few minutes spent in the Word grow my faith and order my day, calming me and reminding me God is with me no matter what my day holds.

With this in mind, our summer reading initiative is going to center around reading the MOST important book, the Bible.

This packet includes eight Bible devotions and accompanying memory verses on a variety of topics that match our school's mission. Consider working through them as a family! Included are some extra resources (object lessons, puzzles) if you'd like to emphasize the lesson's point throughout the week. When your student memorizes the verse, video him or her reciting it and text it to me at 859-396-6687! Students who memorize at least six verses will be rewarded with a prize at the start of school!

I hope you enjoy our twist on TFCA Summer Reading this year! Let's encourage our students to dig deep into the MOST important book!

"I have hidden your word in my heart that I might not sin against you." —Psalm 119:11

Sincerely,

Penny Woods
