

TFCA Summer Reading Project

The MOST important book!

As a librarian, I am by nature a lover of books and reading, and I encourage students to make use of their local library over the summer. Paul Sawyer Public Library has a wonderful summer reading program with all sorts of fun activities planned. All of these events are free, and there are prizes to be won, so please take advantage of these opportunities and encourage your children to read for pleasure. If you are not in Frankfort, check your local library for their program details.

Because the PSPL has such an amazing program, TFCA's program is going to focus on a different summer goal.

Over the years, I have learned that a daily quiet time with God is essential for my day. I have used many different resources including both online and book-format devotionals, journaling, and read-through-the-Bible plans. For me, the most fulfilling method has been simply to read scripture along with some commentary about it. These few minutes spent in the Word grow my faith and order my day, calming me and reminding me God is with me no matter what my day holds.

With this in mind, our summer reading initiative is going to center around reading the MOST important book, the Bible.

This packet includes six lessons based on Veronica Roth's book and movie, *Divergent*. Consider working through them as a family! Included are some extra resources if you'd like to emphasize the lesson's point throughout the week. When your student completes the Pop Quiz sheet for a lesson, snap a photo of it and text it to me at 859-396-6687! Students should make sure their name is on the quiz. Those who complete all six quizzes will be rewarded with a tasty treat at the start of school!

I hope you enjoy our twist on TFCA Summer Reading this year! Let's encourage our students to dig deep into the MOST important book!

"I have hidden your word in my heart that I might not sin against you." —Psalm 119:11

Sincerely,

Penny Woods
