The Crucible: Act Two

Concept Circles

Directions: Concept Circles provide a quick review of key people, places, events, and ideas presented in a text. Read each of the four words or phrases in each circle, think about the relationships between those terms, and then write a single sentence to explain their relationship within Act Two of *The Crucible*. The sample illustrates the process with a Concept Circle from Act One of the play.

Example:

When Betty, Reverend Parris's daughter, fell sick, Abigail accused Tituba of bewitching the girls.
