 - Districts must provide MAARS with files of students taking January Regents exams **by December 13th**. The files must be loaded to the FTP site in '2024-2025 REGENTS (Jan)/Student Demographic' folder. The file requirements are attached titled 'Regents-District-Student File Specs 2024-2025'. Please email Patty Zeiner when the files are available. **Note: Physics will be in restricted form, so no file needed as we will not be preprinting answer sheets for this exam.**

 - Out-of-district programs will provide MAARS with student files for pre-printing. MAARS will preprint answer sheets and deliver them to the out-of-district programs on your behalf.
- ** Reminder:** If you have changed computers you will need to have Teleform installed. Please contact Patty Zeiner to set up a date/time for the installation.

Exam Processing:

- MAARS provides proctor/scorer directions, for administering and scoring exams, with the answer sheets. Please ensure that proctors/scorers receive the directions and understand the requirements.
- Districts will use Teleform to scan and verify answer sheets. The January Teleform .TFT files will be loaded to FTP in '2024-2025/REGENTS/Jan/Teleform Forms' folder. Download the forms, import into Teleform Designer and set up jobs in Teleform Scan Station. Directions for these steps have been loaded to FTP in '2024-2025/REGENTS/Jan/Documents' folder titled 'Teleform Directions for Regents Scanning and Verifying'.
- The answer sheets may only be scored once.
- ASAP will be used to process scanned data. Districts will login to the ASAP database, upload scanned files, and run reports.
